President's Aides Push Trade Plans

Eye Re-Enactment, Broader Program; Others To Assist

WASHINGTON (AP)—A drive for re-enactment and broadening of the reciprocal trade program—one of the toughest tasks facing President Kennedy's legislative lieutenants—has been launched with the help of officials from three administrations.

Recommendations for "a giant step" away from remaining restrictions on international trade and a trade partnership with the Common Market, the potent new economic entity in Europe, came from Christian A. Herter, a secretary of state in the Eisenhower administration, and from William L. Clayton, undersecretary of state for economic affairs in the Truman administration.

And the Kennedy administration spoke in much the same terms through George W. Ball, undersecretary of state for economic affairs.

Ball, in a speech Wednesday night for a trade convention in New York, called for "open competitive trading" and assailed what he termed the defeatism of those who unduly feared competition with the Common Market.

The Reciprocal Trade Act comes up for renewal next year with sentiment for protecting U.S. industries against foreign competition apparently stronger than at most times during the past several decades.

Ball, whose speech was understood to have been approved by President Kennedy, also said the President should have authority to make "much broader and more ambitious bargains on behalf of United States industry" and that there must be a basis for an open trading world extending beyond the Common Market.

He also said the federal government should be empowered to help industries which cannot stand up to foreign competition. They should have special assistance in transferring both labor and capital into other fields, he said.

Among the broadening changes recommended by Herter and Clayton was specific authority for the President "to negotiate tariff reduction across the board in place of his present authority to negotiate item by item."

They called also for a trade partnership with the Common Market and leadership by the United States in creating a free worldwide economic community.

The Herter-Clayton report was submitted by invitation of a Senate-House Economic Subcommittee.

To Boost His Aims, Record

President's Talk Tonight To Be Plug For Democrats

WASHINGTON (AP) — President Kennedy flies into the New York-New Jersey area today to plug for Democratic candidates and to hold private talks on grave international issues.

In his first campaign speech since he took office Kennedy reportedly intends tonight to avoid personalities and to boost his administration's aims and record.

Kennedy was scheduled to take off for New York City at 1:30 p.m. on his dual purpose trip.

U.N. Ambassador Adlai E. Stevenson will ride the Air Force DC6B prop plane with Kennedy after attending a White House meeting of the National Security Council. In New York, Kennedy will confer with Arthur H. Dean—and quite possibly others—at his hotel suite.

No topics were announced, but Dean has been chief U.S. negotiator at the Geneva test ban talks which collapsed when the Soviet union started exploding nuclear devices in the atmosphere Sept. 1. He also is a member of the U.S. Delegation to the U.N. General Assembly.

Politicking on the New York program is brief, but dominates Kennedy's stop at Trenton, N.J. tonight. He will speak there on behalf of former Judge Richard J. Hughes, the Democratic candidate for governor against James P. Mitchell, who was secretary of labor under former President Dwight D. Eisenhower.

Kennedy was represented as having decided to make the personal appearance for Hughes because party polls showed the Democratic nominee was gaining ground.

It was said to be the President's attitude that wherever an important Democratic candidate had a chance to win, he ought to risk some of his political prestige by lending his personal help.

In New York, Mayor Robert F. Wagner, campaigning for re-election, arranged to greet Kennedy at LaGuardia Airport and ride with the President in a motorcade to the hotel. Wagner, according to most New York reports, is favored to beat State Atty. Gen. Louis J. Lefkowitz and win another term at City Hall.

The drive in from the airport is Kennedy's only scheduled appearance with Wagner. He has no speeches on tap for the city.

Death Toll Expected To Rise Higher

Central American Coast Ravaged By Tidal Waves, Gales

BELIZE, British Honduras (AP) —Rescue workers counted more than 100 dead and thousands homeless today in shattered Central American coastal towns ravaged by Hurricane Hattie. The death toll was expected to rise higher.

Harassed officials so far were unable to estimate the number injured by the hurricane which roared across this British colonial capital early Tuesday with tidal waves and winds up to 200 miles an hour.

Hattie destroyed or damaged an estimated 75 per cent of the buildings in Belize, a sea-level port of 31,000 which had little or no seawall protection.

The death list included 40 at Belize; 25 at Stancreek, the British colony's second biggest town; 20 on Turneffe Cay, and 14 on Caulker Cay, islands off the British Honduras Coast.

The Guatemalan government reported five killed in the jungle province of Peten which borders British Honduras. Another death was reported on Honduras' northern coast.

The hurricane broke apart against the mountains of British Honduras and water began to recede from Belize Tuesday afternoon. With the recession came the first flurries of relief supplies and first accounts of the violent storm which finally slammed ashore after following a meandering course across the Caribbean.

Gov. Sir Colin Thornley declared a state of emergency and placed the colony under martial law.

Police broke up mobs looting stores and arrested 20 persons. In the vanguard of the looters were some of the 200 prisoners released from the city jail as the hurricane approached.

The towering seas that broke over the city destroyed the prison.

Twenty-foot waves rolled into the ground floor of Government House, the governor's residence and official headquarters, and washed away all records.

"The extent of the disaster overwhelmed our estimates but there would have been a vastly greater number of casualties if advance arrangements had not been made," Thornley said.

"The British Honduras broadcasting system began relaying the Miami Weather Bureau hurricane reports from the moment the storm was in the area."

Food kitchens were set up and the distribution of medical supplies began. A tank truck toured Belize, distributing chlorinated water, the only safe supply in the city.

Thornley said it was impossible so far to determine the extent of the hurricane's physical damage. "Right now we are busy doing all we can for the people," he explained.

Council Picks New Mayor For Industry

Incumbent Resigns Pending Action On Embezzlement Case

John W. Parsons of Industry, a Democrat sponsored write-in candidate for mayor of Industry, was scheduled today to take the oath for that office, following the resignation of Mayor Harry H. Davis.

Industry Borough Council Wednesday evening accepted the resignation of Davis and appointed Parsons to fill the unexpired term.

The borough Democratic party recently asked residents to write in Parsons' name on next Tuesday's election ballot in place of Davis, who recently declined to seek re-election.

Though Parsons has held no public office, he has been active in community affairs. He is assistant director of the borough's new Civil Defense organization. He served two years as president of the former Ohio View Community Club and was a Boy Scout Explorer advisor for three years.

He has been employed at Kopers Co. near Monaca for 12 years and is a shift foreman. He came to Industry six years ago from Monaca.

His wife is borough secretary. They have a 7-month-old son and reside at 1217 Ohioview Dr., Ohio View.

Davis, recent director of the Beaver County Welfare Department, faces Grand Jury action on charges of embezzlement and conspiracy.

In other business, Council heard Dr. Lewis D. Williams, medical director of Region III, of the Department of Health at Meadville, explain the duties of a board of health and a health officer.

He said the borough may take

2 Sent To County Jail In Intoxication Cases

Two East Liverpool men were remanded to the County Jail in default of fines of $100 and costs imposed today by Acting Municipal Judge Paul Tobin when they pleaded guilty to intoxication charges filed under state law.

They were identified as Elmer Hackathorne and Edward Starkey. Police identified both as chronic offenders. Hackathorne was arrested at 12:20 p. m. Wednesday on Market St. and Starkey was cited at 5:19 p. m. yesterday on the Horn Switch tracks, police said.

The penalty of $107.50 means the men will spend about 36 days in the County Jail, "laying out" the fines at the rate of $3 a day.

2 Americans, German Win Nobel Prizes

STOCKHOLM (AP) — The last two 1961 Nobel prizes were awarded today to two American scientists and a West German. All are now working in California.

The prize in chemistry went to Dr. Melvin Calvin of the University of California for his work in ohotosynthesis.

The physics prize went jointly to Dr. Robert Hofstadter of Stanford University and Dr. Rudolf Moessbauer of Munich University for basic atomic research. Moessbauer is now working at the California Institute of Technology.

Each prize is worth 250,000 Swedish crowns — $48,300. Hofstadter and Moessbauer will split that amount.

In its citation, the 140-member Swedish Royal Academy of Science said Hofstadter was honored for "his pioneering studies of electron scattering in atomic nuclei and for his thereby achieved discoveries concerning the structure of the nucleons."

This constituted one of the greatest steps toward harnessing the effect of a nuclear reaction and making peaceful use of atomic power possible.

Moessbauer was cited "for his research concerning the resonance absorption of gamma radiation and his discovery in this connection of the effect which bears his name."

The German scientist's work is of fundamental importance in all atomic research and is a factor in reckoning the chances for future space flights between planets when radiation of other kinds have to be overcome.

Mayor, Union Will Sign Pact

City Employe Local To Get Recognition

Mayor Bert H. Goodballet and the city employes' union announced jointly today they have concluded an agreement under which the mayor will designate the local as bargaining agent for municipal workers, except members of the fire and police departments, and set up procedure for settlement of grievances.

The negotiations were completed Wednesday afternoon by Mayor Goodballet and Fred Kane, president of Local 677, American Federation of State, County and Municipal Employees.

The agreement now is in the process of being drafted in legal form by Solicitor Joseph W. Cooper, to be presented for the mayor's signature.

East End Man Injured When Struck By Car

Victim Is 'Critical' After Accident On Pennsylvania Ave.

A 48-year-old East End man is in "critical" condition today at City Hospital with multiple injuries suffered Wednesday night at 10:13 when struck by an auto while crossing Pennsylvania Ave. just east of Dewey Ave.

Woodrow Kidder of Valley Ave. suffered a compound fracture of the right leg and multiple lacerations of the face, the hospital said.

Police said he was struck by an eastbound 1955 model convertible operated by James Moore, 27, of Maple Dr., Calcutta. Moore estimated his speed at 20 miles an hour. The impact caused a dent on the left side of the hood of the auto, owned by Doris Vanaman, 1503 Pennsylvania Ave., officers said.

Moore told police he saw Kidder walk from the left side of the street, then halt about midway between the two curbs.

"He stopped and looked to his left," the motorist told Patrolman Jack Strobel, who investigated. 'I started to pull to my right to give him more room. He ran across the street at an angle. I tried to avoid him, but couldn't."

It was the only traffic mishap reported overnight in East Liverpool.

About five hours before the mishap, Kidder had been cited on a reckless driving charge, police reports show.

Kidder was cited at 5:04 p.m. yesterday on Carolina Ave., Maplewood, by Constable Clifford Owens of Liverpool Township.

Kidder posted a $57.50 bond for a hearing this morning in Municipal Court, but the case was passed because of the subsequent accident.

Moslems Bury Dead After Algeria Clashes

ALGIERS (AP)—Moslems began burying their dead today and French authorities relaxed security measures after Wednesday's enthusiastic and often violent nationalist demonstrations.

At least 86 Moslems were killed and 144 injured, official accounts said. Four French soldiers were killed and 16 wounded.

Thousands of Moslems, waving rebel flags and banners, surged into the streets of many cities and towns to answer the exile government's call for a show of support on the seventh anniversary of the Algerian rebellion.

Water Crew Cleared To Do Plumber Jobs

Council At Chester Authorizes Work At Hall When Needed

Authorization for Chester water works employes to repair plumbing in the City Hall when needed was approved by Council Wednesday night after some differences of opinion.

Councilman Harry Davis, building committee chairman, said he believes water works employes should make repairs in the hall instead of calling a plumber.

"They have all the tools to work with," he said. Davis reported he asked an employe to cut a pipe on a radiator in the Council chamber and the worker said he would have to call a plumber.

Councilman Willis Bishop, chairman of the water and sewer committee, said anything needed in the way of repairs should be authorized on an order of Council.

Councilman Cyril Govey pointed out the water department operates separately from the city and pays $150 a month rent for office space in the City Hall. "I don't think the employes should have to do any maintenance work," he declared.

Councilman Donald Hissam said he did not see any difference than the city paying the water department $3,600 a year for water. "These conditions are set up in the bonding contract," he remarked.

On a motion by Davis, second-

Tight Government Secret

U.S. May Test 'N-Bomb' Theory In Nevada Cavern

WASHINGTON (AP)—The underground test caverns in Nevada may be the site for the first tentative experiments on the theory of a neutron bomb—sometimes referred to as a "death ray" bomb—which would kill without leaving wide destruction.

When preliminary field research might start or whether it had begun was a tightly held government secret.

But the theory of an "N-bomb" seemed to suggest that the first step would be to find out whether the nuclear reaction would behave in a test as has been worked out by slide rule, computers and projection of nuclear physics facts.

The theory is that a harnessed nuclear detonation can be made to produce a bust of intense radiation by high-speed, deep-penetration, lethal neutrons—without creating the tremendous shock, intense heat and radioactive contaminations of present nuclear bombs.

Such neutrons, various experts have suggested, could penetrate steel and several feet of concrete. Similar speculation has come from Soviet scientists.

Sen. Thomas J. Dodd, D-Conn., who is one of the Congress members urging resumption of U. S. testing in the atmosphere, said Wednesday the United States must press "every possible effort to convert the neutron bomb from a theoretical concept to a practical reality."

Dodd said work on the project had gone as far as it could go without testing when the moratorium on tests began in late 1958.

8-Way Race For Council At Salineville

SALINEVILLE — A mayoralty contest, eight-way race for Council and a proposed fire protection levy highlight Tuesday's general election in which voters will be naming non-partisan officials for the first time in many years.

A write-in election for five Franklin-Southern Local Board of Eductaion posts also holds the attention of voters in the recently merged school districts.

Because the population of the village declined to 1,927, it no longer qualifies with communities of 2,000 or more which elect officials with party labels.

Mayor Kenneth Leishman of West End is seeking re-election to a second term against Stanley Fitch, also of the West End. Leishman, 51, is in the lumber business, and Fitch, 39, is employed at Canton.

Mrs. Mary Sweeney of the West End, operator of a store, and Clyde E. Polen of near Schoolhouse Hill, a former employe of an Alliance foundry, are seeking election to Council.

All the incumbent councilmen are also up for re-election. They are Homer Barcus, John Beadnell, Gillis Earl, Joseph Knight, Donald Lewis and Orvel Tolson.

S. R. Davis, clerk, is running for a fifth term against Mrs. Lamont Faulkner of E. Main St.

Miss Myrtle Strabley, veteran village treasurer, is unopposed.

Also unopposed are three incumbent members of the Board of Trustees of Public Affairs — C. R. Carter, Howard Goddard and R. Eugene Yohst.

Voters will also act on a proposed 2-mill levy to provide fire hydrants for the village, replacing many present hydrants which are over 69 years old. The measure is for three years.

Board Reports Rush For Special Ballots

A rush started this morning at the County Election Board's office to beat the deadline at 4 this afternoon for issuance of civilian absentee and disabled voters' ballots for the general election Tuesday.

Issuance of the "early" ballots stood at 223 at mid-morning, according to Frank R. O'Hanlon, clerk of the board. In addition, 26 ballots have been issued under the Ohio "soldier voting" law.

To be counted at the polls Tuesday, the civilian ballots must be back in the board's hands by noon Friday. Two deputy clerks are continuing to supervise voting of persons in hospitals and nursing homes and who applied for disabled voters' ballots. The clerks, one from each major party, are to make calls today on applicants for ballots in hospitals and nursing homes in Leetonia, Salem and East Liverpool.

2 County Tax Issues Among 36 On Ballot

3-Year Proposals Ask $160,000 And $140,000 Annually

Two new proposed tax levies for Columbiana County operating expenses and the County Home head a total of 36 questions and issues to be voted on in Tuesday's general election, apart from four proposed state constitutional amendments.

County voters will consider a proposed eight-tenths of a mill levy to provide $160,000 more annually for general operating expenses, and a proposed seven-tenths mill levy to provide $140,000 a year for maintenance, repairs, operations and new construction at the County Home.

Each of the levies, which would be in effect for three years, will require majority approval.

Decline of general fund surpluses in past years has been cited by the majority county commissioners for the need for additional operating funds.

Various state agencies have complained about health and fire hazards at the 91-year-old building of the county home where a number of improvements are needed, officials said.

A proposed $989,000 bond issue for a new home was turned down by voters in November 1959, and a 1951 proposed bond issue for a home annex, new jail and juvenile home was rejected. A new jail was built later, however.

Other county proposals include five bond issues:

Beaver Local School District — $253,000 for construction and equipping classroom additions.

Lisbon School District — $350,000 for land and construction of additional classrooms at the McKinley School.

Leetonia — $53,000 for construction of a one-story concrete block fire station and purchase of a new fire truck and equipment.

Minerva School District — $1,595,000 for school improvements.

New Hearing Sought In Ex-Officers' Case

A motion for a re-hearing before the Ohio Supreme Court has been filed by Atty. Hugo Alexander, counsel for Jerry Raimond and Ira Cunningham, former police officers, whose conviction for a 1952 burglary was upheld last month by the high court.

Cunningham, serving a 1-5-year term for attempted bribery of a juror and for whom a parole hearing was slated Wednesday, and Raimond of Newell were convicted in 1958 of a burglary at the Burbick Hardware Co. store.

Withholding Receipts Of Tax Hit $57,878

Total receipts under the city income tax stand at $110,005.78 with virtual completion of collection of the funds withheld by employers from employe earnings for the quarter ending Sept. 30, Tax Commissioner D. G. Wilkinson said today.

Withholding receipts since the tax went into effect in January stand at $57,878.71, over half the total, Wilkinson pointed out. The totals are the last available, as of the close of business Tuesday, he said.

The tax office at City Hall still is processing the withholding reports, for which the deadline was Tuesday. About 15 or 20 of the reports still are awaiting processing, but the returns are "99 per cent complete," Wilkinson said.

President's Aides Push Trade Plans

Eye Re-Enactment, Broader Program; Others To Assist

WASHINGTON (AP)—A drive for re-enactment and broadening of the reciprocal trade program—one of the toughest tasks facing President Kennedy's legislative lieutenants—has been launched with the help of officials from three administrations.

Recommendations for "a giant step" away from remaining restrictions on international trade and a trade partnership with the Common Market, the potent new economic entity in Europe, came from Christian A. Herter, a secretary of state in the Eisenhower administration, and from William L. Clayton, undersecretary of state for economic affairs in the Truman administration.

And the Kennedy administration spoke in much the same terms through George W. Ball, undersecretary of state for economic affairs.

Ball, in a speech Wednesday night for a trade convention in New York, called for "open competitive trading" and assailed what he termed the defeatism of those who unduly feared competition with the Common Market.

The Reciprocal Trade Act comes up for renewal next year with sentiment for protecting U.S. industries against foreign competition apparently stronger than at most times during the past several decades.

Ball, whose speech was understood to have been approved by President Kennedy, also said the President should have authority to make "much broader and more ambitious bargains on behalf of United States industry" and that there must be a basis for an open trading world extending beyond the Common Market.

He also said the federal government should be empowered to help industries which cannot stand up to foreign competition. They should have special assistance in transferring both labor and capital into other fields, he said.

Among the broadening changes recommended by Herter and Clayton was specific authority for the President "to negotiate tariff reduction across the board in place of his present authority to negotiate item by item."

They called also for a trade partnership with the Common Market and leadership by the United States in creating a free worldwide economic community.

The Herter-Clayton report was submitted by invitation of a Senate-House Economic Subcommittee.

To Boost His Aims, Record

President's Talk Tonight To Be Plug For Democrats

WASHINGTON (AP) — President Kennedy flies into the New York-New Jersey area today to plug for Democratic candidates and to hold private talks on grave international issues.

In his first campaign speech since he took office Kennedy reportedly intends tonight to avoid personalities and to boost his administration's aims and record.

Kennedy was scheduled to take off for New York City at 1:30 p.m. on his dual purpose trip.

U.N. Ambassador Adlai E. Stevenson will ride the Air Force DC6B prop plane with Kennedy after attending a White House meeting of the National Security Council. In New York, Kennedy will confer with Arthur H. Dean—and quite possibly others—at his hotel suite.

No topics were announced, but Dean has been chief U.S. negotiator at the Geneva test ban talks which collapsed when the Soviet union started exploding nuclear devices in the atmosphere Sept. 1. He also is a member of the U.S. Delegation to the U.N. General Assembly.

Politicking on the New York program is brief, but dominates Kennedy's stop at Trenton, N.J. tonight. He will speak there on behalf of former Judge Richard J. Hughes, the Democratic candidate for governor against James P. Mitchell, who was secretary of labor under former President Dwight D. Eisenhower.

Kennedy was represented as having decided to make the personal appearance for Hughes because party polls showed the Democratic nominee was gaining ground.

It was said to be the President's attitude that wherever an important Democratic candidate had a chance to win, he ought to risk some of his political prestige by lending his personal help.

In New York, Mayor Robert F. Wagner, campaigning for re-election, arranged to greet Kennedy at LaGuardia Airport and ride with the President in a motorcade to the hotel. Wagner, according to most New York reports, is favored to beat State Atty. Gen. Louis J. Lefkowitz and win another term at City Hall.

The drive in from the airport is Kennedy's only scheduled appearance with Wagner. He has no speeches on tap for the city.

Death Toll Expected To Rise Higher

Central American Coast Ravaged By Tidal Waves, Gales

BELIZE, British Honduras (AP) —Rescue workers counted more than 100 dead and thousands homeless today in shattered Central American coastal towns ravaged by Hurricane Hattie. The death toll was expected to rise higher.

Harassed officials so far were unable to estimate the number injured by the hurricane which roared across this British colonial capital early Tuesday with tidal waves and winds up to 200 miles an hour.

Hattie destroyed or damaged an estimated 75 per cent of the buildings in Belize, a sea-level port of 31,000 which had little or no seawall protection.

The death list included 40 at Belize; 25 at Stancreek, the British colony's second biggest town; 20 on Turneffe Cay, and 14 on Caulker Cay, islands off the British Honduras Coast.

The Guatemalan government reported five killed in the jungle province of Peten which borders British Honduras. Another death was reported on Honduras' northern coast.

The hurricane broke apart against the mountains of British Honduras and water began to recede from Belize Tuesday afternoon. With the recession came the first flurries of relief supplies and first accounts of the violent storm which finally slammed ashore after following a meandering course across the Caribbean.

Gov. Sir Colin Thornley declared a state of emergency and placed the colony under martial law.

Police broke up mobs looting stores and arrested 20 persons. In the vanguard of the looters were some of the 200 prisoners released from the city jail as the hurricane approached.

The towering seas that broke over the city destroyed the prison.

Twenty-foot waves rolled into the ground floor of Government House, the governor's residence and official headquarters, and washed away all records.

"The extent of the disaster overwhelmed our estimates but there would have been a vastly greater number of casualties if advance arrangements had not been made," Thornley said.

"The British Honduras broadcasting system began relaying the Miami Weather Bureau hurricane reports from the moment the storm was in the area."

Food kitchens were set up and the distribution of medical supplies began. A tank truck toured Belize, distributing chlorinated water, the only safe supply in the city.

Thornley said it was impossible so far to determine the extent of the hurricane's physical damage. "Right now we are busy doing all we can for the people," he explained.

Council Picks New Mayor For Industry

Incumbent Resigns Pending Action On Embezzlement Case

John W. Parsons of Industry, a Democrat sponsored write-in candidate for mayor of Industry, was scheduled today to take the oath for that office, following the resignation of Mayor Harry H. Davis.

Industry Borough Council Wednesday evening accepted the resignation of Davis and appointed Parsons to fill the unexpired term.

The borough Democratic party recently asked residents to write in Parsons' name on next Tuesday's election ballot in place of Davis, who recently declined to seek re-election.

Though Parsons has held no public office, he has been active in community affairs. He is assistant director of the borough's new Civil Defense organization. He served two years as president of the former Ohio View Community Club and was a Boy Scout Explorer advisor for three years.

He has been employed at Kopers Co. near Monaca for 12 years and is a shift foreman. He came to Industry six years ago from Monaca.

His wife is borough secretary. They have a 7-month-old son and reside at 1217 Ohioview Dr., Ohio View.

Davis, recent director of the Beaver County Welfare Department, faces Grand Jury action on charges of embezzlement and conspiracy.

In other business, Council heard Dr. Lewis D. Williams, medical director of Region III, of the Department of Health at Meadville. explain the duties of a board of health and a health officer.

2 Sent To County Jail In Intoxication Cases

Two East Liverpool men were remanded to the County Jail in default of fines of $100 and costs imposed today by Acting Municipal Judge Paul Tobin when they pleaded guilty to intoxication charges filed under state law.

They were identified as Elmer Hackathorne and Edward Starkey. Police identified both as chronic offenders. Hackathorne was arrested at 12:20 p. m. Wednesday on Market St. and Starkey was cited at 5:19 p. m. yesterday on the Horn Switch tracks, police said.

The penalty of $107.50 means the men will spend about 36 days in the County Jail, "laying out" the fines at the rate of $3 a day.

2 Americans, German Win Nobel Prizes

STOCKHOLM (AP) — The last two 1961 Nobel prizes were awarded today to two American scientists and a West German. All are now working in California.

The prize in chemistry went to Dr. Melvin Calvin of the University of California for his work in ohotosynthesis.

The physics prize went jointly to Dr. Robert Hofstadter of Stanford University and Dr. Rudolf Moessbauer of Munich University for basic atomic research. Moessbauer is now working at the California Institute of Technology.

Each prize is worth 250,000 Swedish crowns — $48,300. Hofstadter and Moessbauer will split that amount.

Mayor, Union Will Sign Pact

City Employe Local To Get Recognition

Mayor Bert H. Goodballet and the city employes' union announced jointly today they have concluded an agreement under which the mayor will designate the local as bargaining agent for municipal workers, except members of the fire and police departments, and set up procedure for settlement of grievances.

The negotiations were completed Wednesday afternoon by Mayor Goodballet and Fred Kane, president of Local 677, American Federation of State, County and Municipal Employees.

The agreement now is in the process of being drafted in legal form by Solicitor Joseph W. Cooper, to be presented for the mayor's signature.

East End Man Injured When Struck By Car

Victim Is 'Critical' After Accident On Pennsylvania Ave.

A 48-year-old East End man is in "critical" condition today at City Hospital with multiple injuries suffered Wednesday night at 10:13 when struck by an auto while crossing Pennsylvania Ave. just east of Dewey Ave.

Woodrow Kidder of Valley Ave. suffered a compound fracture of the right leg and multiple lacerations of the face, the hospital said.

Police said he was struck by an eastbound 1955 model convertible operated by James Moore, 27, of Maple Dr., Calcutta. Moore estimated his speed at 20 miles an hour. The impact caused a dent on the left side of the hood of the auto, owned by Doris Vanaman, 1503 Pennsylvania Ave., officers said.

Moore told police he saw Kidder walk from the left side of the street, then halt about midway between the two curbs.

"He stopped and looked to his left," the motorist told Patrolman Jack Strobel, who investigated. 'I started to pull to my right to give him more room. He ran across the street at an angle. I tried to avoid him, but couldn't."

It was the only traffic mishap reported overnight in East Liverpool.

About five hours before the mishap, Kidder had been cited on a reckless driving charge, police reports show.

Kidder was cited at 5:04 p.m. yesterday on Carolina Ave., Maplewood, by Constable Clifford Owens of Liverpool Township.

Kidder posted a $57.50 bond for a hearing this morning in Municipal Court, but the case was passed because of the subsequent accident.

Moslems Bury Dead After Algeria Clashes

ALGIERS (AP)—Moslems began burying their dead today and French authorities relaxed security measures after Wednesday's enthusiastic and often violent nationalist demonstrations.

At least 86 Moslems were killed and 144 injured, official accounts said. Four French soldiers were killed and 16 wounded.

Thousands of Moslems, waving rebel flags and banners, surged into the streets of many cities and towns to answer the exile government's call for a show of support on the seventh anniversary of the Algerian rebellion.

U.S. May Test 'N-Bomb' Theory In Nevada Cavern

WASHINGTON (AP)—The underground test caverns in Nevada may be the site for the first tentative experiments on the theory of a neutron bomb—sometimes referred to as a "death ray" bomb—which would kill without leaving wide destruction.

When preliminary field research might start or whether it had begun was a tightly held government secret.

But the theory of an "N-bomb" seemed to suggest that the first step would be to find out whether the nuclear reaction would behave in a test as has been worked out by slide rule, computers and projection of nuclear physics facts.

The theory is that a harnessed nuclear detonation can be made to produce a bust of intense radiation by high-speed, deep-penetration, lethal neutrons—without creating the tremendous shock, intense heat and radioactive contaminations of present nuclear bombs.

Such neutrons, various experts have suggested, could penetrate steel and several feet of concrete. Similar speculation has come from Soviet scientists.

Sen. Thomas J. Dodd, D-Conn., who is one of the Congress members urging resumption of U. S. testing in the atmosphere, said Wednesday the United States must press "every possible effort to convert the neutron bomb from a theoretical concept to a practical reality."

Dodd said work on the project had gone as far as it could go without testing when the moratorium on tests began in late 1958.

Water Crew Cleared To Do Plumber Jobs

Council At Chester Authorizes Work At Hall When Needed

Authorization for Chester water works employes to repair plumbing in the City Hall when needed was approved by Council Wednesday night after some differences of opinion.

Councilman Harry Davis, building committee chairman, said he believes water works employes should make repairs in the hall instead of calling a plumber.

"They have all the tools to work with," he said. Davis reported he asked an employe to cut a pipe on a radiator in the Council chamber and the worker said he would have to call a plumber.

Councilman Willis Bishop, chairman of the water and sewer committee, said anything needed in the way of repairs should be authorized on an order of Council.

Councilman Cyril Govey pointed out the water department operates separately from the city and pays $150 a month rent for office space in the City Hall. "I don't think the employes should have to do any maintenance work," he declared.

Councilman Donald Hissam said he did not see any difference than the city paying the water department $3,600 a year for water. "These conditions are set up in the bonding contract," he remarked.

On a motion by Davis, second-

8-Way Race For Council At Salineville

SALINEVILLE — A mayoralty contest, eight-way race for Council and a proposed fire protection levy highlight Tuesday's general election in which voters will be naming non-partisan officials for the first time in many years.

A write-in election for five Franklin-Southern Local Board of Eductaion posts also holds the attention of voters in the recently merged school districts.

Because the population of the village declined to 1,927, it no longer qualifies with communities of 2,000 or more which elect officials with party iabels.

Mayor Kenneth Leishman of West End is seeking re-election to a second term against Stanley Fitch, also of the West End. Leishman, 51, is in the lumber business, and Fitch, 39, is employed at Canton.

Mrs. Mary Sweeney of the West End, operator of a store, and Clyde E. Polen of near Schoolhouse Hill, a former employe of an Alliance foundry, are seeking election to Council.

All the incumbent councilmen are also up for re-election. They are Homer Barcus, John Beadnell, Gillis Earl, Joseph Knight, Donald Lewis and Orvel Tolson.

S. R. Davis, clerk, is running for a fifth term against Mrs. Lamont Faulkner of E. Main St.

Miss Myrtle Strabley, veteran village treasurer, is unopposed.

Also unopposed are three incumbent members of the Board of Trustees of Public Affairs — C. R. Carter, Howard Goddard and R. Eugene Yohst.

Voters will also act on a proposed 2-mill levy to provide fire hydrants for the village, replacing many present hydrants which are over 69 years old. The measure is for three years.

Board Reports Rush For Special Ballots

A rush started this morning at the County Election Board's office to beat the deadline at 4 this afternoon for issuance of civilian absentee and disabled voters' ballots for the general election Tuesday.

Issuance of the "early" ballots stood at 223 at mid-morning, according to Frank R. O'Hanlon, clerk of the board. In addition, 26 ballots have been issued under the Ohio "soldier voting" law.

To be counted at the polls Tuesday, the civilian ballots must be back in the board's hands by noon Friday. Two deputy clerks are continuing to supervise voting of persons in hospitals and nursing homes and who applied for disabled voters' ballots. The clerks, one from each major party, are to make calls today on applicants for ballots in hospitals and nursing homes in Leetonia, Salem and East Liverpool.

2 County Tax Issues Among 36 On Ballot

3-Year Proposals Ask $160,000 And $140,000 Annually

Two new proposed tax levies for Columbiana County operating expenses and the County Home head a total of 36 questions and issues to be voted on in Tuesday's general election, apart from four proposed state constitutional amendments.

County voters will consider a proposed eight-tenths of a mill levy to provide $160,000 more annually for general operating expenses, and a proposed seven-tenths mill levy to provide $140,000 a year for maintenance, repairs, operations and new construction at the County Home.

Each of the levies, which would be in effect for three years, will require majority approval.

Decline of general fund surpluses in past years has been cited by the majority county commissioners for the need for additional operating funds.

Various state agencies have complained about health and fire hazards at the 91-year-old building of the county home where a number of improvements are needed, officials said.

A proposed $989,000 bond issue for a new home was turned down by voters in November 1959, and a 1951 proposed bond issue for a home annex, new jail and juvenile home was rejected. A new jail was built later, however.

Other county proposals include five bond issues:

Beaver Local School District — $253,000 for construction and equipping classroom additions.

Lisbon School District — $350,000 for land and construction of additional classrooms at the McKinley School.

Leetonia — $53,000 for construction of a one-story concrete block fire station and purchase of a new fire truck and equipment.

Minerva School District — $1,595,000 for school improvements.

New Hearing Sought In Ex-Officers' Case

A motion for a re-hearing before the Ohio Supreme Court has been filed by Atty. Hugo Alexander, counsel for Jerry Raimond and Ira Cunningham, former police officers, whose conviction for a 1952 burglary was upheld last month by the high court.

Cunningham, serving a 1-5-year term for attempted bribery of a juror and for whom a parole hearing was slated Wednesday, and Raimond of Newell were convicted in 1958 of a burglary at the Burbick Hardware Co. store.

Withholding Receipts Of Tax Hit $57,878

Total receipts under the city income tax stand at $110,005.78 with virtual completion of collection of the funds withheld by employers from employe earnings for the quarter ending Sept. 30, Tax Commissioner D. G. Wilkinson said today.

Withholding receipts since the tax went into effect in January stand at $57,878.71, over half the total, Wilkinson pointed out. The totals are the last available, as of the close of business Tuesday, he said.

The tax office at City Hall still is processing the withholding reports, for which the deadline was Tuesday. About 15 or 20 of the reports still are awaiting processing, but the returns are "99 per cent complete," Wilkinson said.

Deaths and Funerals

Former Area Priest Dies

LISBON — A Pontifical Requiem Mass will be held Monday at Akron for Msgr. Clement H. Boeke, 74, former pastor of three Columbiana County parishes, who died Wednesday in St. Thomas Hospital at Akron. He had been suffering from uremic poisoning since Aug. 4.

He was pastor of St. Paul Catholic Church at Akron since 1924 and previously served St. Phillip Neri at Dungannon, St. Agatha at West Point and St. George here.

Archbishop Edward F. Hoban of the Cleveland Diocese will officiate at the Mass for Msgr. Boeke.

The celebrant will be Auxiliary Bishop Floyd L. Begin.

Three of Msgr. Boeke's nephews will assist. They are Fr. Aloysius Boeke, assistant chaplain; Anselm Boeke, deacon, and Fr. Harold Bernard, sub-deacon.

Msgr. Boeke, a native of Mercer County, was ordained in 1912 and was elevated to the rank of domestic prelate by Pope Pius XII 10 years ago. Before going to Akron he served at St. Mary in Massillon and at St. Peter in Cleveland.

He leaves two brothers, Fred Boeke of Cleveland and John Boeke of Coldwater, Mich.

Wilmot Cooper

Wilmot S. Cooper, 77, a retired potter who resided with a daughter, Mrs. Waunda Wilson, of Glenmoor was pronounced dead on arrival at City Hospital Wednesday about 9:45 p. m. He became ill earlier while visiting another daughter, Mrs. Thelma Shamp, of Calcutta.

He was born in Sherman, W. Va., and worked as a caster at the Hall China Co., retiring in 1943. He then moved to Loretta, Wis., where he resided for 10 years. He returned three years ago. He was a member of the IBOP. His wife, Mrs. Rosa Cooper, died June 5, 1959.

He leaves another daughter, Mrs. Emma French of LaMesa, Calif.; four sons, Kenneth Cooper of Pittsburgh, Everett Cooper of Loretta, Norman Cooper of Hayward, Wis., and Ted Cooper of Waukesha, Wis., and 20 grandchildren and 12 great-grandchildren.

Services will be held Saturday at 2 p. m. at the Martin Funeral Home by the Rev. James F. Donald, pastor of the Glenmoor United Presbyterian Church. Burial will be in Columbiana County Memorial Park.

Friends may call at the funeral home Friday afternoon and evening.

Mrs. Thomas Faulk

LISBON—Mrs. Blanche Lucille Faulk, 68, of the Elkton - West Point Rd., wife of Thomas G. Faulk, died Wednesday at 8 p. m. at Salem City Hospital, where she had been a patient eight days.

She was born in Columbiana April 23, 1893, to Mr. and Mrs. Jake Ertzinger and was married in 1910. She was a member of the Lisbon congregation of Jehovah's Witnesses.

Besides her husband, she leaves four daughters, Mrs. Effie Fondren and Mrs. Pauline Vellegas, both of Dallas, Tex., Mrs. Mary Selby of Columbiana R. D., and Mrs. Patricia Morris of Lisbon R. D. 3; a son, Paul Faulk of Lisbon R. D. 5; a sister, Mrs. Gertrude Chaffin of Akron, and 18 grandchildren and eight great-grandchildren.

Services will be held Saturday at 1:30 p. m. at the Warrick Funeral Home at Columbiana by Frank Dowd, presiding minister. Burial will be in the East Carmel Cemetery in Rogers.

Friends may call at the funeral home Friday evening.

George E. Smith

George E. Smith, 72, of Canton, a former East Liverpool resident, died suddenly Tuesday morning of a heart attack.

A World War I veteran, he was born in Steubenville to Joseph Smith and Hannah Smith. He left here about 45 years ago. A retired construction worker, he belonged to American Legion Post 204 of Canton.

He is survived by his widow, Mrs. Mary Smith at home; two sisters, Mrs. Bertha Wills of Detroit and Mrs. Corrine Cousins of Canton, and a brother, Orin C. Smith of East Liverpool.

Services will be held Saturday at 1 p. m. in the Union Baptist Church in Canton with burial in Forest Hills Cemetery there.

The Matthews Funeral home in Canton is in charge of arrangements.

Lawrence Mercer

Graveside services for Lawrence Everil Mercer of Los Angeles, a former resident of East Liverpool, will be held Saturday at 1 p. m. at Flats Cemetery in Pughtown.

The Rev. Glenn Brunstetter, pastor of the Pennsylvania Ave. Methodist Church, will officiate.

Mr. Mercer, a retired salesman, died Oct. 19 following an accident in Los Angeles. He was born here to Levi Mercer and Martha McDowell Mercer and left about 25 years ago.

He is survived by a brother, Fay L. Mercer of Scottdale, and a sister, Mrs. Isabelle Downard of East Liverpool.

The Martin Funeral Home is arranging the service.

Hookstown Area Service Planned

The Hookstown United Presbyterian Church will be host for a World Community Day observance with local churches participating Friday afternoon at 1:30.

The Georgetown Methodist Church will provide music by Mrs. Louis Wagner and the choir will sing special selections. The Bethel Methodist Church will give the responsive readings.

The Mill Creek United Presbyterian Church is in charge of the offering, which included children's clothing, school supplies and gifts of money for the Church World Service to be used in Latin American countries.

Mrs. George McElhaney of the Hookstown church will give a statement on the significance of the World Community Day. The Hookstown church will present a skit, adapted from a study pamphlet on education of women of the church of the Americas.

Mrs. Milo Smith of the Hookstown Free Methodist Church will give the closing prayer.

Groom At Track Fined, Sentenced

A Waterford Park groom was fined a total of $110 and costs and sentenced to 30 days in the Hancock County Jail Wednesday by Squire John D. Herron of New Cumberland as the aftermath of a one-car crash Tuesday night near the Newell Bridge.

Rhonnie James Daniels, 20, of Boise, Idaho, was fined $100 and costs and given the jail term on a drunk driving charge, and $10 and costs for using improper plates.

Daniels was arrested by deputies after his car smashed into a utility pole on the Newell Bend, causing some power lines to fall.

Nick Milanovich of Clearwater, Fla., and Henry H. Tongue of Braddock, Pa., were fined $10 and costs each by Squire Herron on charges of improper passing.

Both were arrested Wednesday afternoon on Route 66 by Clay District Constable Sam Swain.

Historical Society Will Meet At Lisbon

LISBON — The Lisbon Historical Society will meet Tuesday at 8 p.m. in the art room at David Anderson High School.

There will be election of officers, postponed from last meeting, and committee reports.

A program Frank Tuseck in charge will include movies by his brother, Paul Tuseck, of an antique car rally in England in 1954.

Memberships for 1962 are now payable. The public is invited.

Groom At Track Fined, Sentenced

A Waterford Park groom was fined a total of $110 and costs and sentenced to 30 days in the Hancock County Jail Wednesday by Squire John D. Herron of New Cumberland as the aftermath of a one-car crash Tuesday night near the Newell Bridge.

Rhonnie James Daniels, 20, of Boise, Idaho, was fined $100 and costs and given the jail term on a drunk driving charge, and $10 and costs for using improper plates.

Daniels was arrested by deputies after his car smashed into a utility pole on the Newell Bend, causing some power lines to fall.

Nick Milanovich of Clearwater, Fla., and Henry H. Tongue of Braddock, Pa., were fined $10 and costs each by Squire Herron on charges of improper passing.

Both were arrested Wednesday afternoon on Route 66 by Clay District Constable Sam Swain.

Historical Society Will Meet At Lisbon

LISBON — The Lisbon Historical Society will meet Tuesday at 8 p.m. in the art room at David Anderson High School.

There will be election of officers, postponed from last meeting, and committee reports.

A program Frank Tuseck in charge will include movies by his brother, Paul Tuseck, of an antique car rally in England in 1954.

Memberships for 1962 are now payable. The public is invited.

Point Is, Stalin Never Tried

From 1924, when he moved in behind the dead Lenin, to 1953, when he came to the end of his life, every citizen of the Soviet Union ate, worked and lived on the sufferance of Joseph Stalin, most powerful dictator of his generation.

He had the power of life and death over other politicians in the Communist dictatorship. He could order an associate to be killed like a chicken, or order him to be brain-washed and drugged so he would babble like a parakeet.

No person who watched Stalin forge the modern Russian state, no matter how often they blanched at his ruthless cruelty, could help but admire his indomitable purpose.

It is easy to damn Stalin now because he was a source of terror when he was the absolute dictator of Russia. But he never tried to be anything else. Terror was his weapon. He used it to the hilt to do what he set out to do when he wrested political power from Trotsky, then caused his rival to be tracked down and murdered.

Stalin's aim was never to be anything but the most feared and most hated man of his time; he succeeded.

Whatever the Soviet Union turns out to be in the next half century, it is Stalin's handiwork. Lenin presided at the birth. Khrushchev presided when it achieved industrial power. But Stalin held things together during the critical stages of childhood, puberty and adolescence.

Khrushchev and other critics have called Stalin heartless, sadistic and vain. They have questioned his sanity, with good reason. They have toppled him as a political hero and cast his disciples into oblivion to clinch the point that Stalin must be discredited.

No detail of the inverted reasoning of the Soviet mind is more staggering than this attempt to write history by edict. Of the many incredible things Communists do, changing the record to suit the need of the moment is the weirdest.

Observers in Moscow say this switch has put even the Russians on the ropes. How can they forget the man who held the power of life and death in Russia for 29 bloody, terror-filled years? How can they forget that Khrushchev, himself, was one of Stalin's right-hand men?

How can they forget that under Communist dictatorship anyone who changes to a new party line too enthusiastically today may be punished for apostasy tomorrow? One day soon Khrushchev will die, too, and what will become of the followers of Khrushchev?

Fun Minus Trouble

The report from municipal officials that Halloween passed in an "orderly and sensible" manner was in keeping with the trend of recent years to steer clear of the vandalism which marked so many earlier Halloweens.

The over-all conduct of the youngsters today is a welcome relief from the thoughtless pranks that marred the festivities too many times in the past.

Parents, city officials and the teen-agers themselves are to be commended for bringing a new spirit of fun and fair play to a gay time of the year.

QED Spelled Out In Russian

Megaton by megaton, the significance of the Russian atomic blasts inside the Arctic Circle has soaked in.

The final 50-100 megaton blast concluding the series drove home the fact that the QED of the military proposition that nations could be destroyed at long range by nuclear bombs delivered by rockets has been spelled out in Russian.

What was to have been demonstrated in this instance was the ability of a military power relying on intercontinental ballistic missiles to explode atomic warheads of varying sizes and designs over enemy territory.

More especially the thing to be demonstrated was whether atomic warheads could be affected by other atomic explosions setting up electronic screens in the earth's magnetic fields. And this is what the Russians have been doing, on the basis of what is known about their activities.

The most significant thing they have done is to hurl the weight of what may have been a 100-megaton atomic bomb an indeterminate distance, bring it into the earth's atmosphere, down to an altitude where it detonated it.

The United States has fired missile-borne nuclear devices at extremely high altitudes in 1958-1959 tests. The most significant and spectacular demonstration was in midsummer of 1959, when it detonated its first megaton-range devices high over Johnson Island in the Pacific.

But the United States possesses nothing in the high megaton range of the Russian blasts—neither rocket of sufficient size nor nuclear warhead deliverable by rocket.

The potentialities of its rocket-borne nuclear devices have been tested so scantily it lacks conclusive proof of their power to do what is claimed for them.

It would have to say, in the absence of such proof, that Sen. Henry M. Jackson, D-Wash., said this week—that it is too soon to quit relying on manned bombers because U.S. missiles have not been proved.

Russian missileers have shown vastly more to their counterparts in the United States than anyone is likely to want to admit. Americans are not scared. But they're impressed.

A Much Bigger Sound

The United States, we can all agree, should be pulled up short on foreign-aid spending. There's a limit to what taxpayers can afford.

Furthermore, foreign-aid spending leaves much to be desired. Those who receive the aid aren't as grateful as they should be. Some aren't grateful at all. India recently printed a list of countries that had been giving it a helping hand and blandly omitted the United States, which has sent it 2 billion.

This is irritating. It tries American patience.

It makes patriots wonder why their chief executives and so many highly placed busine leaders always thump the tub for foreign aid as if it were untouchable. To some patriot it looks like upward of $3 billion a year that could be spent on something more useful, plus another $2 in military aid.

BUT THERE'S another side to foreign aid—both economic and military. It is rarely mentioned, except in high-level conferences, but it exists.

Of a $5.2 billion foreign aid total in 1960, asserts U.S. News & World Report, 77 per cent was spent for U.S. goods and services. Almost 30 per cent of U.S. exports last year were shipped under government programs.

All military aid is paid for in direct outlays to U.S. firms. Besides the direct outlays for economic aid in this country, as much as half a billion dollars spent abroad probably returned to the United States for the purchase of U.S. goods and services.

WHAT THIS amounts to is that foreign aid and military aid are technical terms to describe nearly a third of the export trade of the United States. Six states—Ohio, New York, California, Illinois, Michigan and Pennsylvania—produce about 60 per cent of the material exported.

If anything drastic happened to the foreign aid and military aid program, the United States would be left gasping for markets for vast quantities of goods now exported under what amounts to a federal subsidy. If it were called by that name, everybody would have the wrong impression. So it's called economic and military aid—has a much nicer sound.

Sounds like something being done for others, when it's also something we do for ourselves.

The Once Over

By H. I. Phillips

Soviet Russia is the first nation in history to show need of safety belts on occupants of U.S.S.R. mausoleums. Stalin, for years Red chief, placed beside Lenin in Red Square tomb, with millions passing devotedly past the pair, got the "Let me see your stub; I think you're in the wrong seat" treatment heretofore an edict from theater ushers.

Above future tomb occupants there should be a marker reading "Subject To Change Without Notice," "Opened By Mistake" or even "Was This Trip Necessary?"

Is this Khrush's permanent policy on the two-passenger mausoleum or is he just testing? Establishment of a shuttle sevice between tombs of the great and moods of their successors is a shocker. This is a Soviet veto of "Rest in peace." How downgrading can you get?

Twenty-year plan must include use of mausoleums as parking places only. Any occupant may get a ticket. Millions of Russians have been parading past Lenin and Stalin, side by side, paying reverence to both. It will make them dizzy to pass now and find one of them a "late scratch."

Perhaps there should have been a marker saying:

Here lies a leader great;
His honor please revere
Quite quickly, for you cannot tell
How long he will be here.

LOUIS LEFKOWITZ, Wagner opponent in New York mayoralty campaign, posed on a ladder shaking hands with a painter the other day.

The word, Louis, was leadership not laddership.

Gotham milk strike supported those who have always contended it was smart to keep a cow around the house.

SEC probe of stock market is expected to take a year. So don't play it for a quick turnover.

Maybe a lot of stock market players will discover through probe that the market is not a giveaway program.

Sinclair Oil is planning a pushbutton ship, to be controlled from bridge or engine room by touch of finger.

As Masefield might have to put it:

I must go down to the sea again,
To the lonely sea and the sky,
And all I ask is a soft bunk
And a button to steer her by.

With the gulls' cry and the wind's song—
And no exposed station—
When it's all done, with a night's sleep,
Through sheer automation.

Milton H. Cohen, a Harvard man, will direct probe of stock exchanges. But as a crimson enthusiast can he be fair to blue chips?

The Mad Scientist's Victim

The 'Ultras' Are On The Move

By Victor Riesel

PHOENIX, ARIZ.

There ought to be a Pulitzer Prize in my discovering a group which has charged Barry Goldwater with being one of the directors of an organization furthering the aims of internationalism and communism.

Victor Riesel

However, I confess that the group which has been needling Sen. Goldwater is no secret operation. It is unknown only outside this lovely city in the golden desert. In Phoenix it is known as the "Stay American Committee." And it has a mayoralty candidate.

All this has amused Barry Goldwater. He is well capable of handling himself. He is being bullied by this "Stay American Committee" (SAC) because he is one of 22 regional vice presidents of the National Municipal League — a citizens' organization which has its two main headquarters in New York and Chicago.

It is devoted to improving local government, be it city, county or state, and it was founded by such men as Charles Evans Hughes.

THE LEAGUE, which has on its board such an anti-Communist crusader as Charles Edison, former governor of New Jersey, began drawing fire here not long after its national conference on government in this city last November.

After the SAC group learned that Mr. Goldwater was a vice president, it lashed out at him. He went, I'm told, to the FBI. The senator believed this would be the best way to refute the "ultras."

The FBI, of course, had nothing which would even slightly insinuate that the National Municipal League was interested in anything but better cities, fewer slums, more gardens and less garbage-laden streets across the land.

But Goldwater underestimated the "ultras." This past week they were still talking of international plots to turn municipal electric power plants and water supply systems over to the you-know-who.

Phones are being rung in the homes of the people of Phoenix and doorbells are being rung by the "SAC" ladies. So there is surprise that a visitor from up north should be surprised and take "SAC" seriously.

NONETHELESS, I am and I do. Just as the Stay American Committee is not known in other parts of the land, similar "ultra" groups I have discovered operating elsewhere are not known in Phoenix.

During my treks through some 20 states in the past few months I have run into scores of such groups. They form no network. They are not part of any "society." They have no national headquarters. They do not know of each other. They are not affiliated with any party. They are not conservative, as we use the word.

They are what the French call "ultras"—extremists. They spring up around an anti-Communist slogan and scare the suspender buttons right off such veteran anti-Communists as myself. And I have been fighting the Soviets since I was 3 years old and my dad sat me down on an ash can and personally broke up a Leninist rally in New York's lower East side.

That's why I've become increasingly concerned during my travels. I am here in Phoenix three weeks before President Kennedy arrives. I was here while he talked not too far off, as distances go.

SIMILARLY I have been in cities he soon will be visiting to get his first-person feel of public opinion and activity.

I hope he learns first hand the story of the "ultras" now springing up across the land. He should know they are feeding on the uneasiness our people feel over events abroad.

You sense this uneasiness in the talk about shelters and possible cave dwelling and subterranean communities of the future.

In some areas you encounter downright fear. In some areas there are cheers for speakers who say we should have torn down that Berlin barbed-wire fence early that first Sunday morning.

What President Kennedy should know is that our people want at least one victory, one diplomatic success, one truly tough stand, one sign that we, the United States, do not always lose every crisis.

If there is no such single success anywhere soon, the "ultras" could well win. They will grow. They will spurt their know-nothingness into politics. They will push aside the Democrats and the Republicans.

They will make intelligent, sophisticated, dynamic, freedom-loving anti-Communism look silly — whether it comes from George Meany or Barry Goldwater.

Cotton Corners

By Truman Twill

Dear Nephew: I'm not half as puzzled as you are by the thing you talked about in your letter.

It has been plain to me for a long time that the traits that help men get to the top of the heap are rarely the ones needed when they get there.

We see this demonstrated in a thousand ways.

We see men who are able to get themselves elected but are barren of the qualities they need in the offices they get elected to.

We see students who grind into academic circles yet are incompetent to teach because they are only students and never can become teachers.

We see military officials reach the top by keeping their necks tucked in and outliving the competition yet who have nothing on the ball but their longevity when they get into the ball game. Our Army was full of them when World War II began.

Men see women who purr like kittens when they are young and attractive but hiss like cats when they need to be attractive.

Likewise, women see men who are everything a woman could want until the men are cornered and roped, whereupon they turn out to be mother's boys, cases of arrested mental development, slobs and wild dogs.

If this puzzles you, think of it in two separate stages.

First there is the stage of getting where you want to be. For this you need certain qualifications that vary according to circumstances. I'll never forget a letter Abner Hall showed me from his oldest boy, after the kid had landed a job and learned the ropes.

He told his father that he had earned the job by his outstanding record as a chemistry student in school. All the graduates this company had put on its payroll at the same time had earned the right to be there.

But thereafter, young Hall said, everything depended on working the angles. It was a matter of making a good impression on the boss's wife, or developing a good game of golf — but not too good.

He said the inside track was occupied by lads who were good dancers, who could do tricks at parties, play a sound game of bridge, sail boats, perform on snow skis and water skies and give their department heads that warm, much-sought-after feeling. He said this made him sick at his stomach because all these people were research chemists.

It's the same everywhere. I think you might say our civilization is hopping on one leg because we've never found out how to match responsibilities and people. We do it sometimes; I suppose we must do it often, judged by the results we get. But the matching is mostly accidental.

Generally speaking, there is no cross-over between the traits that men use on their way to the top and the traits they need when they get there. This is always uncomfortably evident at election time. But wherever you look, you will find the same thing.

I have a solution. Start all candidates for responsibility at the top and let them work themselves down if they lack growth potential.

You've heard the saying that big men grow and little men swell. Well, I invented the saying. Me, your Uncle George, the top banana of Cotton Corners, Pop. 27, including Sam Pembroke, who hasn't been around for three weeks. Lucy Pembroke says he's tying one on; that she knows where he is and is keeping the lamp lit until he crawls home to die or get well, whichever comes first. Your aunt says for you to take care and quit worrying about things that can't be helped.

Fallout Confusion

By David Lawrence

The Truth Must Be Presented

There's a good deal of hypocrisy as well as confusion over fallout and its dangers. For policy reasons of their own neither Washington nor Moscow is telling the whole story. Basically there is no cause for fallout today or next year or in the foreseeable future — unless a nuclear war comes.

David Lawrence

What the public confuses is the fallout from testing and the fallout from a nuclear war. These are two different things. Everyone concedes that radioactive fallout in massive doses is fatal.

There would be loss of life and bad after effects anywhere within a radius of a few miles when a nuclear bomb is dropped. Hiroshima and Nagasaki present all the proof needed to show that nuclear bombs during wartime are alarmingly dangerous.

This isn't true about tests. Nobody has yet proved conclusively that—except in the immediate area around it—testing brings any of the dangers which are being publicized widely today by certain scientists. Nor have the scientists who take the opposite viewpoint been given as wide a hearing.

What's back of these contradictions? For one thing there seems to be agreement that nothing that has happened thus far through atmospheric tests—including explosion of the latest 50-megaton bomb—means death to anybody.

The U.S. Public Health Service has just told the American people not to worry about any fallout emanating thus far from all the bombs ever tested anywhere. The official statement says:

"Fallout levels resulting up until now within the United Sates from the new series of Soviet nuclear tests do not warrant undue public concern, nor initiation of public health action designed to limit intake of radioactive materials by individuals or large population groups in any part of the country."

Then why all the fuss about testing? To understand what's been going on it is important to examine the propaganda of the Soviets and their tricky objectives in recent years.

When tests were first begun, the Communists knew America was ahead in scientific knowledge.

So the Moscow government instructed its agents and its stooges everywhere to influence as many of the world's scientists as possible to cry out against nuclear fallout.

SOME OF THE LATTER group of scientists—including many who were anti-Communist—gave the impression that testing might be as bad as the actual dropping of a bomb in wartime. The public was confused by the scientific terms and even official Washington was somewhat misled.

The Moscow government carried on a worldwide campaign against fallout in the hope of persuading the United States to stop testing. The American government fell for the trick.

Taking for granted that the Communists would keep their end of the bargain, the United States declared a so-called "voluntary" moratorium on testing three years ago.

A few skeptics thought Russia would cheat. Now it is openly charged that they did. Dr. Edward Teller, known as the "father of the H-bomb," says they couldn't have launched their latest tests without considerable preparation and underground testing in secret.

The net result is that while America has kept its word, the Soviets have made progress by treachery. It isn't a fatal advantage, however, because the experts think the United States is still well ahead of Russia today, though this lead may not be maintained if America doesn't soon resume testing in the atmosphere.

HOW CAN this be done now without alienating a world opinion that feels tests bring dangerous fallout?

President Kennedy is up against a tough decision on that point.

If he doesn't resume the tests, America's security—to be achieved through the use of deterrent power as a way to prevent war—may be diminished.

If he does go ahead, he will be confronted with the Communist argument — and the contention of even non-Communists scientists in other countries—that since America is ahead or at least equal in nuclear strength, no useful purpose will be served by continuing to test.

It will be argued that the loss of prestige for America should be taken into account. The realistic truth is that if America doesn't keep on testing to improve its weapons, the Soviets will have won a notable victory.

There is only one danger that everyone agrees on—the actual dropping of a nuclear bomb near cities would hurt the present as well as succeeding generations. It could mean a colossal destruction of human life.

How is the dropping of nuclear bombs anywhere to be prevented? By paper agreements that can be disregarded at will? The answer is that only an informed public opinion in the Soviet Union can stay the hand of the dictator.

THE RUSSIAN people have been kept in the dark about all the tests made recently by their own government. The 50-megaton bomb makes headlines all over the world—except behind the Iron Curtain.

American bombers now can carry the equivalent of one bomb of 50 megatons by putting two bombs of 25 megatons each into our more than 600 bombers. America has more destructive power than Russia has. But the people of Russia don't know this.

The important invention that the world needs today is some means of carrying the truth through the air so that there will be a fallout of facts which will not hurt but will save the Russian people and all mankind.

Where are the inventors? And what is being done to spread the truth across international boundaries by organized attempts at word-of-mouth communication?

These are questions more vital than what will happen 100 years from now as a consequence of some slight amount of radioactivity spread through the air today.

Did West Win, Lose?

By James Marlow

WASHINGTON

At this moment the West can't tell whether it gained or lost by what happened at the Russian Communist party's 22nd congress in Moscow.

But Khrushchev, now that the congress is over, can devote himself more wholeheartedly to restoring mankind to its usual jumpy condition.

The world was relatively quiet these past two weeks—except for Russia's 50-megaton explosion, riots in Paris, a nerve-war in Berlin, trouble in the Congo—while Khrushchev busied himself at home with the congress.

Now he's free again to concentrate on causing Allied dissension, jittering the world over the possibility of nuclear war, giving propaganda interviews and disclosing how to cook an enemy with a missile.

To nobody's surprise, least of all his, the congress was a great success for him.

He got himself re-elected party head, rid himself of a few people he no longer wanted in high places, won hearty approval for his 20-year economic plan, led a demolition squad that blew up the remnants of Stalin worship and attacked the absent Albanian Communists.

Unexpectedly—or maybe it was not unexpected at all — Premier Chou En-lai of Red China, which supports Albania and considers itself very Stalinist, walked out.

Khrushchev, of course, got full support from the Russian congress delegates, as he knew he would, for his denunciation of Albania. He may have done this deliberately.

It served to show the Red Chinese, who have become a pain in the neck to him because of their disagreement with his policies and in time may become Russia's greatest rival and enemy, that whatever he did, he did with full Russian support.

Still, those two weeks of Khrushchev's preoccupation with the congress gave the Western allies a little more time to try to reconcile their differences about making concessions to Khrushchev on Berlin, or not making them.

So far as is known they reconciled nothing. And they are not likely to have so much quietude again for a long time since now Khrushchev again can give them his full attention and throw some more logs on their fire.

In reality—and only time will show it—the West, like Khrushchev, may have gained a lot from the congress. Possibly it gained nothing, lost much. For the time being it can't tell which.

Megaton by megaton, the significance of the Russian atomic blasts inside the Arctic Circle has soaked in.

The final 50-100 megaton blast concluding the series drove home the fact that the QED of the military proposition that nations could be destroyed at long range by nuclear bombs delivered by rockets has been spelled out in Russian.

What was to have been demonstrated in this instance was the ability of a military power relying on intercontinental ballistic missiles to explode atomic warheads of varying sizes and designs over enemy territory.

More especially the thing to be demonstrated was whether atomic warheads could be affected by other atomic explosions setting up electronic screens in the earth's magnetic fields. And this is what the Russians have been doing, on the basis of what is known about their activities.

The most significant thing they have done is to hurl the weight of what may have been a 100-megaton atomic bomb an indeterminate distance, bring it into the earth's atmosphere, down to an altitude where it detonated it.

The United States has fired missile-borne nuclear devices at extremely high altitudes in 1958-1959 tests. The most significant and spectacular demonstration was in midsummer of 1959, when it detonated its first megaton-range devices high over Johnson Island in the Pacific.

But the United States possesses nothing in the high megaton range of the Russian blasts—neither rocket of sufficient size nor nuclear warhead deliverable by rocket.

The potentialities of its rocket-borne nuclear devices have been tested so scantily it lacks conclusive proof of their power to do what is claimed for them.

It would have to say, in the absence of such proof, that Sen. Henry M. Jackson, D-Wash., said this week—that it is too soon to quit relying on manned bombers because U.S. missiles have not been proved.

Russian missileers have shown vastly more to their counterparts in the United States than anyone is likely to want to admit. Americans are not scared. But they're impressed.

A Much Bigger Sound

The United States, we can all agree, should be pulled up short on foreign-aid spending. There's a limit to what taxpayers can afford.

Furthermore, foreign-aid spending leaves much to be desired. Those who receive the aid aren't as grateful as they should be. Some aren't grateful at all. India recently printed a list of countries that had been giving it a helping hand and blandly omitted the United States, which has sent it 2 billion.

This is irritating. It tries American patience.

It makes patriots wonder why their chief executives and so many highly placed busine leaders always thump the tub for foreign aid as if it were untouchable. To some patriot it looks like upward of $3 billion a year that could be spent on something more useful, plus another $2 in military aid.

BUT THERE'S another side to foreign aid—both economic and military. It is rarely mentioned, except in high-level conferences, but it exists.

Of a $5.2 billion foreign aid total in 1960, asserts U.S. News & World Report, 77 per cent was spent for U.S. goods and services. Almost 30 per cent of U.S. exports last year were shipped under government programs.

All military aid is paid for in direct outlays to U.S. firms. Besides the direct outlays for economic aid in this country, as much as half a billion dollars spent abroad probably returned to the United States for the purchase of U.S. goods and services.

WHAT THIS amounts to is that foreign aid and military aid are technical terms to describe nearly a third of the export trade of the United States. Six states—Ohio, New York, California, Illinois, Michigan and Pennsylvania—produce about 60 per cent of the material exported.

If anything drastic happened to the foreign aid and military aid program, the United States would be left gasping for markets for vast quantities of goods now exported under what amounts to a federal subsidy. If it were called by that name, everybody would have the wrong impression. So it's called economic and military aid—has a much nicer sound.

Sounds like something being done for others, when it's also something we do for ourselves.

The Once Over

By H. I. Phillips

Soviet Russia is the first nation in history to show need of safety belts on occupants of U.S.S.R. mausoleums. Stalin, for years Red chief, placed beside Lenin in Red Square tomb, with millions passing devotedly past the pair, got the "Let me see your stub; I think you're in the wrong seat" treatment heretofore an edict from theater ushers.

Above future tomb occupants there should be a marker reading "Subject To Change Without Notice," "Opened By Mistake" or even "Was This Trip Necessary?"

Is this Khrush's permanent policy on the two-passenger mausoleum or is he just testing? Establishment of a shuttle sevice between tombs of the great and moods of their successors is a shocker. This is a Soviet veto of "Rest in peace." How downgrading can you get?

Twenty-year plan must include use of mausoleums as parking places only. Any occupant may get a ticket. Millions of Russians have been parading past Lenin and Stalin, side by side, paying reverence to both. It will make them dizzy to pass now and find one of them a "late scratch."

Perhaps there should have been a marker saying:

Here lies a leader great;
His honor please revere
Quite quickly, for you cannot tell
How long he will be here.

LOUIS LEFKOWITZ, Wagner opponent in New York mayoralty campaign, posed on a ladder shaking hands with a painter the other day.

The word, Louis, was leadership not laddership.

Gotham milk strike supported those who have always contended it was smart to keep a cow around the house.

SEC probe of stock market is expected to take a year. So don't play it for a quick turnover.

Maybe a lot of stock market players will discover through probe that the market is not a giveaway program.

Sinclair Oil is planning a pushbutton ship, to be controlled from bridge or engine room by touch of finger.

As Masefield might have to put it:

I must go down to the sea again,
To the lonely sea and the sky,
And all I ask is a soft bunk
And a button to steer her by.

With the gulls' cry and the wind's song—
And no exposed station—
When it's all done, with a night's sleep,
Through sheer automation.

Milton H. Cohen, a Harvard man, will direct probe of stock exchanges. But as a crimson enthusiast can he be fair to blue chips?

The Mad Scientist's Victim

The 'Ultras' Are On The Move

By Victor Riesel

PHOENIX, ARIZ.

There ought to be a Pulitzer Prize in my discovering a group which has charged Barry Goldwater with being one of the directors of an organization furthering the aims of internationalism and communism.

Victor Riesel

However, I confess that the group which has been needling Sen. Goldwater is no secret operation. It is unknown only outside this lovely city in the golden desert. In Phoenix it is known as the "Stay American Committee." And it has a mayoralty candidate.

All this has amused Barry Goldwater. He is well capable of handling himself. He is being bullied by this "Stay American Committee" (SAC) because he is one of 22 regional vice presidents of the National Municipal League — a citizens' organization which has its two main headquarters in New York and Chicago.

It is devoted to improving local government, be it city, county or state, and it was founded by such men as Charles Evans Hughes.

THE LEAGUE, which has on its board such an anti-Communist crusader as Charles Edison, former governor of New Jersey, began drawing fire here not long after its national conference on government in this city last November.

After the SAC group learned that Mr. Goldwater was a vice president, it lashed out at him. He went, I'm told, to the FBI. The senator believed this would be the best way to refute the "ultras."

The FBI, of course, had nothing which would even slightly insinuate that the National Municipal League was interested in anything but better cities, fewer slums, more gardens and less garbage-laden streets across the land.

But Goldwater underestimated the "ultras." This past week they were still talking of international plots to turn municipal electric power plants and water supply systems over to the you-know-who.

Phones are being rung in the homes of the people of Phoenix and doorbells are being rung by the "SAC" ladies. So there is surprise that a visitor from up north should be surprised and take "SAC" seriously.

NONETHELESS, I am and I do. Just as the Stay American Committee is not known in other parts of the land, similar "ultra" groups I have discovered operating elsewhere are not known in Phoenix.

During my treks through some 20 states in the past few months I have run into scores of such groups. They form no network. They are not part of any "society." They have no national headquarters. They do not know of each other. They are not affiliated with any party. They are not conservative, as we use the word.

They are what the French call "ultras"—extremists. They spring up around an anti-Communist slogan and scare the suspender buttons right off such veteran anti-Communists as myself. And I have been fighting the Soviets since I was 3 years old and my dad sat me down on an ash can and personally broke up a Leninist rally in New York's lower East side.

That's why I've become increasingly concerned during my travels. I am here in Phoenix three weeks before President Kennedy arrives. I was here while he talked not too far off, as distances go.

SIMILARLY I have been in cities he soon will be visiting to get his first-person feel of public opinion and activity.

I hope he learns first hand the story of the "ultras" now springing up across the land. He should know they are feeding on the uneasiness our people feel over events abroad.

You sense this uneasiness in the talk about shelters and possible cave dwelling and subterranean communities of the future.

In some areas you encounter downright fear. In some areas there are cheers for speakers who say we should have torn down that Berlin barbed-wire fence early that first Sunday morning.

What President Kennedy should know is that our people want at least one victory, one diplomatic success, one truly tough stand, one sign that we, the United States, do not always lose every crisis.

If there is no such single success anywhere soon, the "ultras" could well win. They will grow. They will spurt their know-nothingness into politics. They will push aside the Democrats and the Republicans.

They will make intelligent, sophisticated, dynamic, freedom-loving anti-Communism look silly — whether it comes from George Meany or Barry Goldwater.

Cotton Corners

By Truman Twill

Dear Nephew: I'm not half as puzzled as you are by the thing you talked about in your letter.

It has been plain to me for a long time that the traits that help men get to the top of the heap are rarely the ones needed when they get there.

We see this demonstrated in a thousand ways.

We see men who are able to get themselves elected but are barren of the qualities they need in the offices they get elected to.

We see students who grind into academic circles yet are incompetent to teach because they are only students and never can become teachers.

We see military officials reach the top by keeping their necks tucked in and outliving the competition yet who have nothing on the ball but their longevity when they get into the ball game. Our Army was full of them when World War II began.

Men see women who purr like kittens when they are young and attractive but hiss like cats when they need to be attractive.

Likewise, women see men who are everything a woman could want until the men are cornered and roped, whereupon they turn out to be mother's boys, cases of arrested mental development, slobs and wild dogs.

If this puzzles you, think of it in two separate stages.

First there is the stage of getting where you want to be. For this you need certain qualifications that vary according to circumstances. I'll never forget a letter Abner Hall showed me from his oldest boy, after the kid had landed a job and learned the ropes.

He told his father that he had earned the job by his outstanding record as a chemistry student in school. All the graduates this company had put on its payroll at the same time had earned the right to be there.

But thereafter, young Hall said, everything depended on working the angles. It was a matter of making a good impression on the boss's wife, or developing a good game of golf — but not too good.

He said the inside track was occupied by lads who were good dancers, who could do tricks at parties, play a sound game of bridge, sail boats, perform on snow skis and water skies and give their department heads that warm, much-sought-after feeling. He said this made him sick at his stomach because all these people were research chemists.

It's the same everywhere. I think you might say our civilization is hopping on one leg because we've never found out how to match responsibilities and people. We do it sometimes; I suppose we must do it often, judged by the results we get. But the matching is mostly accidental.

Generally speaking, there is no cross-over between the traits that men use on their way to the top and the traits they need when they get there. This is always uncomfortably evident at election time. But wherever you look, you will find the same thing.

I have a solution. Start all candidates for responsibility at the top and let them work themselves down if they lack growth potential.

You've heard the saying that big men grow and little men swell. Well, I invented the saying. Me, your Uncle George, the top banana of Cotton Corners, Pop. 27, including Sam Pembroke, who hasn't been around for three weeks. Lucy Pembroke says he's tying one on; that she knows where he is and is keeping the lamp lit until he crawls home to die or get well, whichever comes first. Your aunt says for you to take care and quit worrying about things that can't be helped.

Fallout Confusion

By David Lawrence

The Truth Must Be Presented

There's a good deal of hypocrisy as well as confusion over fallout and its dangers. For policy reasons of their own neither Washington nor Moscow is telling the whole story. Basically there is no cause for fallout today or next year or in the foreseeable future — unless a nuclear war comes.

David Lawrence

What the public confuses is the fallout from testing and the fallout from a nuclear war. These are two different things. Everyone concedes that radioactive fallout in massive doses is fatal.

There would be loss of life and bad after effects anywhere within a radius of a few miles when a nuclear bomb is dropped. Hiroshima and Nagasaki present all the proof needed to show that nuclear bombs during wartime are alarmingly dangerous.

This isn't true about tests. Nobody has yet proved conclusively that—except in the immediate area around it—testing brings any of the dangers which are being publicized widely today by certain scientists. Nor have the scientists who take the opposite viewpoint been given as wide a hearing.

What's back of these contradictions? For one thing there seems to be agreement that nothing that has happened thus far through atmospheric tests—including explosion of the latest 50-megaton bomb—means death to anybody.

The U.S. Public Health Service has just told the American people not to worry about any fallout emanating thus far from all the bombs ever tested anywhere. The official statement says:

"Fallout levels resulting up until now within the United Sates from the new series of Soviet nuclear tests do not warrant undue public concern, nor initiation of public health action designed to limit intake of radioactive materials by individuals or large population groups in any part of the country."

Then why all the fuss about testing? To understand what's been going on it is important to examine the propaganda of the Soviets and their tricky objectives in recent years.

When tests were first begun, the Communists knew America was ahead in scientific knowledge.

So the Moscow government instructed its agents and its stooges everywhere to influence as many of the world's scientists as possible to cry out against nuclear fallout.

SOME OF THE LATTER group of scientists—including many who were anti-Communist—gave the impression that testing might be as bad as the actual dropping of a bomb in wartime. The public was confused by the scientific terms and even official Washington was somewhat misled.

The Moscow government carried on a worldwide campaign against fallout in the hope of persuading the United States to stop testing. The American government fell for the trick.

Taking for granted that the Communists would keep their end of the bargain, the United States declared a so-called "voluntary" moratorium on testing three years ago.

A few skeptics thought Russia would cheat. Now it is openly charged that they did. Dr. Edward Teller, known as the "father of the H-bomb," says they couldn't have launched their latest tests without considerable preparation and underground testing in secret.

The net result is that while America has kept its word, the Soviets have made progress by treachery. It isn't a fatal advantage, however, because the experts think the United States is still well ahead of Russia today, though this lead may not be maintained if America doesn't soon resume testing in the atmosphere.

HOW CAN this be done now without alienating a world opinion that feels tests bring dangerous fallout?

President Kennedy is up against a tough decision on that point.

If he doesn't resume the tests, America's security—to be achieved through the use of deterrent power as a way to prevent war—may be diminished.

If he does go ahead, he will be confronted with the Communist argument — and the contention of even non-Communists scientists in other countries—that since America is ahead or at least equal in nuclear strength, no useful purpose will be served by continuing to test.

It will be argued that the loss of prestige for America should be taken into account. The realistic truth is that if America doesn't keep on testing to improve its weapons, the Soviets will have won a notable victory.

There is only one danger that everyone agrees on—the actual dropping of a nuclear bomb near cities would hurt the present as well as succeeding generations. It could mean a colossal destruction of human life.

How is the dropping of nuclear bombs anywhere to be prevented? By paper agreements that can be disregarded at will? The answer is that only an informed public opinion in the Soviet Union can stay the hand of the dictator.

THE RUSSIAN people have been kept in the dark about all the tests made recently by their own government. The 50-megaton bomb makes headlines all over the world—except behind the Iron Curtain.

American bombers now can carry the equivalent of one bomb of 50 megatons by putting two bombs of 25 megatons each into our more than 600 bombers. America has more destructive power than Russia has. But the people of Russia don't know this.

The important invention that the world needs today is some means of carrying the truth through the air so that there will be a fallout of facts which will not hurt but will save the Russian people and all mankind.

Where are the inventors? And what is being done to spread the truth across international boundaries by organized attempts at word-of-mouth communication?

These are questions more vital than what will happen 100 years from now as a consequence of some slight amount of radioactivity spread through the air today.

Did West Win, Lose?

By James Marlow

WASHINGTON

At this moment the West can't tell whether it gained or lost by what happened at the Russian Communist party's 22nd congress in Moscow.

But Khrushchev, now that the congress is over, can devote himself more wholeheartedly to restoring mankind to its usual jumpy condition.

The world was relatively quiet these past two weeks—except for Russia's 50-megaton explosion, riots in Paris, a nerve-war in Berlin, trouble in the Congo—while Khrushchev busied himself at home with the congress.

Now he's free again to concentrate on causing Allied dissension, jittering the world over the possibility of nuclear war, giving propaganda interviews and disclosing how to cook an enemy with a missile.

To nobody's surprise, least of all his, the congress was a great success for him.

He got himself re-elected party head, rid himself of a few people he no longer wanted in high places, won hearty approval for his 20-year economic plan, led a demolition squad that blew up the remnants of Stalin worship and attacked the absent Albanian Communists.

Unexpectedly—or maybe it was not unexpected at all — Premier Chou En-lai of Red China, which supports Albania and considers itself very Stalinist, walked out.

Khrushchev, of course, got full support from the Russian congress delegates, as he knew he would, for his denunciation of Albania. He may have done this deliberately.

It served to show the Red Chinese, who have become a pain in the neck to him because of their disagreement with his policies and in time may become Russia's greatest rival and enemy, that whatever he did, he did with full Russian support.

Still, those two weeks of Khrushchev's preoccupation with the congress gave the Western allies a little more time to try to reconcile their differences about making concessions to Khrushchev on Berlin, or not making them.

So far as is known they reconciled nothing. And they are not likely to have so much quietude again for a long time since now Khrushchev again can give them his full attention and throw some more logs on their fire.

In reality—and only time will show it—the West, like Khrushchev, may have gained a lot from the congress. Possibly it gained nothing, lost much. For the time being it can't tell which.

Insomnia Aids Writer

By HAL BOYLE

NEW YORK (AP)—Playwright Harry Kurnitz believes it's easier to get ahead in life if you're a poor sleeper.

"I owe my success to insomnia," said the lanky author.

"I only sleep four or five hours and I'm usually up before 7. As most of my friends don't show up until noon, there is nobody around to distract me. I have nothing else to do but write.

"By the time the people I know are up and about, I've got six hours of work done. For this reason work has never interfered with my social life."

Kurnitz is convinced this habit of rising early to face his typewriter is the chief reason he was unable to remain a failure.

"I've known many extremely gifted men who became defeated in life simply because they lost the knack of production, of sticking to a disciplined working life."

Although Harry is known on two continents as a wit and boon companion, no one could accuse him of lack of production. At 53 he has turned out some 40 film scripts, several plays and 200 short stories, novelettes and mystery thrillers.

"In one 18-month period," he remarked, "I wrote a book, a play, three movies, and 19 magazine articles—and still managed to get out on the golf course by 1 p.m. each day.

"On the other hand, I once spent eight months on a play, then tore it up and had to start all over again.

"I was never able to match Noel Coward. He wrote two of his finest plays—'Blithe Spirit' and 'Private Lives'—in a total of 10 days."

Kurnitz, born in Manhattan and reared in Philadelphia, bade goodby to the academic world at 16 after graduating from high school. He learned the writing trade as copy boy and, later, reporter on half a dozen newspapers.

He knew his share of lean days.

"For years a lot of my fiction writing was wildly unsuccessful," he recalled. "Finally, I got the hang of it.

"But during the great American boom in the 1920s I was sleeping part of the time in the subway. I really didn't know there'd been a boom—until I read about the crash."

After reaching the top as a film writer, Kurnitz became bored with Hollywood and moved to Europe 10 years ago. He now lives in Paris.

"I like to be near casinos," he explained cheerfully. "My favorite hobby, besides golf, is gambling—and I'm lousy at both."

Kurnitz, a man with wide-ranging interests in modern art and literature, likes wine and good company and good conversation.

"I've tried to live on the theory that if I got run over the next moment I wouldn't have missed any experience in life available to me," he said.

"I believe in laughter, and I'm a born Pollyanna.

"I wake up each morning hoping that I'm on the brink of doing something great, meeting a glorious creature who'll adore me for myself alone, and finding a fortune in the seat of the next taxi I enter."

But he really doesn't need to find a fortune. He's already found it—in his typewriter.

Prizes Awarded To Elkton Scouts

Dennis Dailey and Mickey Harrold won costume prizes at a Halloween party held by Elkton Boy Scout Troop 108 Monday night at the Parish Hall of the Methodist Church. Games were played and lunch served.

The troop will spend the weekend on a camping trip at Camp McKinley near Lisbon with George Eells, scoutmaster, in charge.

A Halloween party was held for pupils at the Elkton School Monday afternoon by the homeroom mothers.

About $100 was netted from a fair sponsored at the Elkton School Tuesday by the teachers, Andrew Lepock, principal, reported.

Attending a Cub Scout meeting and dinner at East Liverpool Sunday were Mr. and Mrs. Ernie Gonter, Mr. and Mrs. Wilmont Vulcan, Mrs. Kenneth Eells and Mrs. George Eells.

Army Recruits 5 During October

Five area men, including three from Wellsville, enlisted in the Army during October, according to Sgt. Edward P. Vallor, local recruiter. All are taking basic training at Ft. Jackson, S. C., prior to schooling or training in their respective fields.

Larry R. Dowling, son of Mr. and Mrs. Robert S. Dowling, 1722 Commerce St., Wellsville, signed for ordnance supply under the Army's "Graduate Specialist" program.

Andrew M. Lamp, 1019 Crawford Rd., Wellsville, chose communication center operation while Charles H. Chenoweth Jr., 226 18th St., Wellsville, selected general supply training.

Melvin W. Sprout, son of Mr. and Mrs. George Sprout of the Y. & O. Rd., chose automotive maintenance training. Also enlisting was Blaine E. Fields of New Cumberland R. D. 1.

2 Area Girls Pledged In National Sorority

Miss Loretta Culiz and Miss Mary Nease have been pledged to Delta Zeta National Social Sorority at Fairmont (W. Va.) State College.

Miss Culiz is the daughter of Mr. and Mrs. George Culiz, 315 W. 5th St., Miss Nease's parents are Mr. and Mrs. C. R. Nease, 207 Washington St., Newell.

Both are freshmen. Miss Culiz, a 1961 graduate of East Liverpool High School, is majoring in psychology with a minor in English.

Miss Nease was graduated from Wells High School this year and is majoring in elementary education.

Reminders To Be Issued In SS Checks

A special reminder notice will be enclosed with the October Social Security checks to be delivered late this week or early next week in Mahoning and Columbiana counties, William J. McCauley, manager of the Youngstown office announced today.

The purpose of this notice is to remind Social Security beneficiaries of their obligation to report any event that effects their payments.

McCauley said most comply voluntarily and promptly with the reporting requirements but there are some, especially those who have been receiving payments for several years, who need a reminder. This is one way the Social Security Administration guards against the improper payment of monthly benefits.

Beneficiaries who fail to report any of the following events that occur may be subject to federal penalty provisions:

1.—Work while under age 72 for more than $100 a month as an employe or rendering substantial services in any month as a self-employed person and expecting to earn over $1,200 in the year.

2.—Marriage or adoption of a child entitled to benefits.

3.—Remarriage of a widow, widower or parent of a deceased worker.

4.—Divorce or annulment if receiving benefits as a wife or husband.

5.—Death, checks issued on behalf of a person who dies should be returned.

6.—Custody change, report if a child or other person for whom you receive benefits leaves your care.

7.—Return to work, improvement in condition of a person receiving benefits.

NEW YORK (AP)—Playwright Harry Kurnitz believes it's easier to get ahead in life if you're a poor sleeper.

"I owe my success to insomnia," said the lanky author.

"I only sleep four or five hours and I'm usually up before 7. As most of my friends don't show up until noon, there is nobody around to distract me. I have nothing else to do but write.

"By the time the people I know are up and about, I've got six hours of work done. For this reason work has never interfered with my social life."

Kurnitz is convinced this habit of rising early to face his typewriter is the chief reason he was unable to remain a failure.

"I've known many extremely gifted men who became defeated in life simply because they lost the knack of production, of sticking to a disciplined working life."

Although Harry is known on two continents as a wit and boon companion, no one could accuse him of lack of production. At 53 he has turned out some 40 film scripts, several plays and 200 short stories, novelettes and mystery thrillers.

"In one 18-month period," he remarked, "I wrote a book, a play, three movies, and 19 magazine articles—and still managed to get out on the golf course by 1 p.m. each day.

"On the other hand, I once spent eight months on a play, then tore it up and had to start all over again.

"I was never able to match Noel Coward. He wrote two of his finest plays—'Blithe Spirit' and 'Private Lives'—in a total of 10 days."

Kurnitz, born in Manhattan and reared in Philadelphia, bade goodby to the academic world at 16 after graduating from high school. He learned the writing trade as copy boy and, later, reporter on half a dozen newspapers.

He knew his share of lean days.

"For years a lot of my fiction writing was wildly unsuccessful," he recalled. "Finally, I got the hang of it.

"But during the great American boom in the 1920s I was sleeping part of the time in the subway. I really didn't know there'd been a boom—until I read about the crash."

After reaching the top as a film writer, Kurnitz became bored with Hollywood and moved to Europe 10 years ago. He now lives in Paris.

"I like to be near casinos," he explained cheerfully. "My favorite hobby, besides golf, is gambling—and I'm lousy at both."

Kurnitz, a man with wide-ranging interests in modern art and literature, likes wine and good company and good conversation.

"I've tried to live on the theory that if I got run over the next moment I wouldn't have missed any experience in life available to me," he said.

"I believe in laughter, and I'm a born Pollyanna.

"I wake up each morning hoping that I'm on the brink of doing something great, meeting a glorious creature who'll adore me for myself alone, and finding a fortune in the seat of the next taxi I enter."

But he really doesn't need to find a fortune. He's already found it—in his typewriter.

Prizes Awarded To Elkton Scouts

Dennis Dailey and Mickey Harrold won costume prizes at a Halloween party held by Elkton Boy Scout Troop 108 Monday night at the Parish Hall of the Methodist Church. Games were played and lunch served.

The troop will spend the weekend on a camping trip at Camp McKinley near Lisbon with George Eells, scoutmaster, in charge.

A Halloween party was held for pupils at the Elkton School Monday afternoon by the homeroom mothers.

About $100 was netted from a fair sponsored at the Elkton School Tuesday by the teachers, Andrew Lepock, principal, reported.

Attending a Cub Scout meeting and dinner at East Liverpool Sunday were Mr. and Mrs. Ernie Gonter, Mr. and Mrs. Wilmont Vulcan, Mrs. Kenneth Eells and Mrs. George Eells.

JACKSONVILLE, Fla. (AP)—A list of associations in Florida, issued by the State Chamber of Commerce, notes that the president of the Florida Cemetery Association is Clifford Coffin of Daytona Beach.

Army Recruits 5 During October

Five area men, including three from Wellsville, enlisted in the Army during October, according to Sgt. Edward P. Vallor, local recruiter. All are taking basic training at Ft. Jackson, S. C., prior to schooling or training in their respective fields.

Larry R. Dowling, son of Mr. and Mrs. Robert S. Dowling, 1722 Commerce St., Wellsville, signed for ordnance supply under the Army's "Graduate Specialist" program.

Andrew M. Lamp, 1019 Crawford Rd., Wellsville, chose communication center operation while Charles H. Chenoweth Jr., 226 18th St., Wellsville, selected general supply training.

Melvin W. Sprout, son of Mr. and Mrs. George Sprout of the Y. & O. Rd., chose automotive maintenance training. Also enlisting was Blaine E. Fields of New Cumberland R. D. 1.

2 Area Girls Pledged In National Sorority

Miss Loretta Culiz and Miss Mary Nease have been pledged to Delta Zeta National Social Sorority at Fairmont (W. Va.) State College.

Miss Culiz is the daughter of Mr. and Mrs. George Culiz, 315 W. 5th St., Miss Nease's parents are Mr. and Mrs. C. R. Nease, 207 Washington St., Newell.

Both are freshmen. Miss Culiz, a 1961 graduate of East Liverpool High School, is majoring in psychology with a minor in English.

Miss Nease was graduated from Wells High School this year and is majoring in elementary education.

Reminders To Be Issued In SS Checks

A special reminder notice will be enclosed with the October Social Security checks to be delivered late this week or early next week in Mahoning and Columbiana counties, William J. McCauley, manager of the Youngstown office announced today.

The purpose of this notice is to remind Social Security beneficiaries of their obligation to report any event that effects their payments.

McCauley said most comply voluntarily and promptly with the reporting requirements but there are some, especially those who have been receiving payments for several years, who need a reminder. This is one way the Social Security Administration guards against the improper payment of monthly benefits.

Beneficiaries who fail to report any of the following events that occur may be subject to federal penalty provisions:

1.—Work while under age 72 for more than $100 a month as an employe or rendering substantial services in any month as a self-employed person and expecting to earn over $1,200 in the year.

2.—Marriage or adoption of a child entitled to benefits.

3.—Remarriage of a widow, widower or parent of a deceased worker.

4.—Divorce or annulment if receiving benefits as a wife or husband.

5.—Death, checks issued on behalf of a person who dies should be returned.

6.—Custody change, report if a child or other person for whom you receive benefits leaves your care.

7.—Return to work, improvement in condition of a person receiving benefits.

Survey Designed To Improve Ohio 10th District Economy

WASHINGTON (AP)—A federal survey aimed at "improving the economic climate and employment potential" of every community in Ohio's 10th Congressional District will be conducted next week, Rep. Walter H. Moeller, D-Ohio, announced today.

Moeller said the four-day survey, by the Small Business Administration, is to determine the present and future economic potential of each community in the eight-county district.

The survey, Moeller said, will include "analyzing the major problems of existing businesses, exploring the possibility of developing additional industry, and aiding businessmen on specific small business technical and financial problems."

All but one of the counties in the district have been designated redevelopment areas by the Commerce Department. The designation makes them eligible for various kinds of federal economic assistance.

Moeller said the survey, Nov. 6-9, is one of a series of programs he is sponsoring "in an effort to stimulate the economy of Southeastern Ohio and provide more jobs for the many unemployed citizens of the area."

He said SBA specialists from Washington and Cleveland will make the survey. They will tour Fairfield and Hocking counties Nov. 6; Athens and Vinton Nov. 7; Meigs and Gallia Nov. 8; Jackson and Lawrence Nov. 9.

Fairfield County is the only one not currently classified as an area of substantial and persistent unemployment.

Rayburn's Down To 130 Pounds From Normal 176

BONHAM, Tex. (AP) — House Speaker Sam Rayburn, back in Bonham to spend his last days among friends and neighbors, is down to 130 pounds from his normal weight of 176.

The Texas Democrat, 79, is suffering from incurable cancer.

Dr. Joe Risser, Rayburn's physician, said Rayburn was given a blood transfusion Wednesday because his blood count had dropped gradually.

"Cancer patients have a tenacity for life. They live three times as long as people think," Dr. Risser told newsmen. He added that Rayburn "is from hearty, pioneer stock—he doesn't quit."

"Death could be weeks to months away. He could die tomorrow, but that is not likely," Dr. Risser said.

The speaker was brought to Dr. Risser's 15-bed hospital Tuesday from Baylor University Medical Center in Dallas.

Some cooks like to add a few drops of lemon flavoring to their pumpkin pie filling.

Private Plane Catches Afire, But None Hurt

CLEVELAND (AP) — A private two-motor plane caught fire while landing at Cleveland Hopkins Airport late Wednesday, but the three occupants escaped without injury.

Robert Glause, 29, of Mentor was at the controls. His passengers were his brother, Elmer W. Glause Jr., 32, of Chesterland, and their mother, Mrs. Elmer W. Glause Sr., 56, of Lyndhurst.

The three were returning from Toronto, Canada, where they had flown the elder Glause to make connections with a Labrador-bound airliner after he had missed a commercial plane in Cleveland.

"We were rolling out after landing when we got word from the tower that our left engine was burning," said Robert Glause.

He said the three were out of the craft and running within 40 seconds, explaining that "we wanted to get away from the plane because of the possibility of an explosion."

The flames spread over most of the plane, but there was no explosion. Glause said the $50,000, seven-passenger Beechcraft was a total loss.

The plane was owned by the Champion Steel Co. of Willowick. The brothers are vice presidents of the firm and their father is president.

Conviction Reversed; Bear May Be Killer

ATLANTA (AP) — The Georgia Court of Appeals has reversed a manslaughter conviction on the theory that a bear, and not the defendant, may have been the killer.

The court Wednesday set aside a 10- to 15-year sentence given Raymond Purser of Macon. Purser was accused of killing Leonard Blalock during a fight in some woodlands.

The court said evidence was conflicting and took note of a state investigator's testimony that Blalock's body appeared to have been handled by a large animal, possibly a bear.

Passerby Irked At Timing Of Protest Against A-Tests

CLEVELAND (AP)—A passerby was incensed at the timing of a demonstration by about 50 women at Public Square Wednesday protesting nuclear tests.

Others were irked by the presence of Mrs. Cyrus Eaton, wife of the multimillionaire industrialist, among the demonstrators.

"Russia has carried on the most extensive series of atomic tests in history and now we aren't supposed to do any testing at all, according to these women," said a man who declined to give his name to reporters.

William Gustafson of Chesterland made no effort to conceal his disgust as he walked away from where Mrs. Eaton sat in her wheel chair.

"I asked her if she knew what country walked out on the Geneva conference that was trying to ban atomic testing," Gustafson said. "She couldn't answer me."

Mrs. Eaton, crippled by polio, and her husband are friends of Soviet Premier Nikita Khrushchev.

Another passerby asked Mrs. Eaton why she thought Russia resumed nuclear testing.

"Because we keep saying we're going to use the bomb on Berlin if we don't get our way," she replied. "It's a vicious circle."

Mrs. Eaton passed out pamphlets and on the back of her wheel chair was a sign she had lettered—"Save the children."

Other women carried signs such as "live in peace or rest in pieces" and "let our children live."

On display were large signs on which were printed a six - point program the women urged all governments to follow for the promotion of world peace: agreement to ban all atomic weapons testing, immediate negotiations to put nuclear weapons under control of an international agency, worldwide disarmament, spending money for peace instead of war, a halt to name calling by all nations and development of the ability of the United Nations to keep the peace and promote world law.

Friday Deadline For Workshop In Girl Scout Craft

Reservations must be in by Friday for the feltcraft workshop planned Monday from 1 to 3 p. m. in the annex of the Potters Savings & Loan Co.

The event is sponsored by the East Liverpool Area Girl Scout Council and interested persons may call FU. 5-0645.

The workshop will be conducted by Milton Wulfson of Oceanside, N. Y., a veteran of 25 years in the felt industry and expert in its use in craftswork.

The session will include a lecture on the history and manufacture of felt and an exhibit of articles that can be made with felt.

During the workshop, each participant will complete a number of projects using glueing and sewing. Included will be bookmarks, coin purses, match boxes, calendars and other gifts.

The program should be of interest to all seeking an inexpensive craft for any age group, for bazaar work or as a hobby, sponsors said. Any adult Girl Scout leader, Boy Scout or Cub Scout leader, church youth or kindergarten directors, are invited to participate. A fee of $1 will be charged to help defray the cost of the materials.

Merry-Go-Round Bought On Credit

WORCESTER, Mass. (AP)—An Oklahoma City, Okla., amusement park owner bought a merry-go-round Wednesday night when White City, a Worcester park, was sold at auction.

Morris G. Woods got the merry-go-round with its hand carved horses for $7,900.

When it came time to pay, he whipped out a credit card and charged it.

Provolone cheese may have a flavor that is mellow or sharp.

Coroner Attacks Publicity Given Sheppard Case

BLOOMINGTON, Ind. (AP) — Cuyahoga County coroner Dr. Samuel Gerber told criminologists from 12 states here Wednesday that the Sam Sheppard murder case "was and still is publicized out of all proportion to the circumstances."

Addressing a conference on the supervisory aspects of scientific crime detection at Indiana University, Dr. Gerber outlined the extensive police investigation of the 1954 slaying of Sheppard's wife and the clinical phases of the case which led to a life prison term for the Bay Village osteopath.

There was no debate over the guilt or innocence of the doctor.

Newsmen present through the six-hour talk were asked to leave during a question-and-answer period. Robert Borkenstein, head of the university's police administration department, said the 32 criminologists asked for the closed session because "they are here to learn and not to be quoted."

In East Liverpool—now—whenever you direct dial a long distance call, please dial the numeral "1" first, before dialing the out-of-town number.

Here's how it works. To dial a long distance call within northeastern Ohio—Cleveland, for example—first dial "1" and then dial the telephone number.

To dial a call to a place outside northeastern Ohio—Columbus, for example—first dial "1", then 614 (Area Code for Columbus) and then the telephone number.

This method of placing direct distance calls will soon be introduced through the nation. The purpose is to have a simple, uniform way of getting connected to the Direct Distance Dialing network, so that eventually anyone, anywhere, will be able to dial long distance calls the same way.

So, please remember to dial the numeral "1" first on all direct dialed long distance calls. It's a step toward the future.

This latter issue, filed in Mahoning County, will be voted upon in East, North, South and West districts of Butler Township and Northeast, Southeast and Southwest precincts of Knox Township.

Hunting Alligators? Takes Special Permit

TALLAHASSEE, Fla. — Alligator hunting is no longer permitted in Florida, except by special permit from the state game commission. The permits are issued only for scientific, education or propagation purposes.

Hunters formerly were allowed to take alligators more than six feet long in certain areas of the state. But the alligator population was thinning out too rapidly. The no 'gator hunting order became effective Sept. 2.

ed by Hissam, Council approved employes making necessary repairs in the building when they are able.

Walter Jordan, Chester manager of the Monongahela Power Co., explained the utility's new type of street light which can be rented by individuals or community groups at a cost based on candlepower.

Jordan said the "dusk - to - dawn" lights are being installed in the Larenceville area and there will be 52 such lights in northern Hancock County when that project is completed.

He said the lights are not designed to replace any existing street light system, but can be rented by individuals or groups within the city where wanted. A 250-candlepower light rents at $3 a month.

Council authorized the utility to install a 250-candlepower light at Alley O and 3rd St. between Virginia and California Aves. at a slightly reduced cost available for municipalities.

The street department will provide standards and place two traffic signs warning of "children playing" at the entrance to Alley O. The signs were provided by Angelo Ciccarelli of Virginia Ave.

The street department is also scheduled to paint crosswalks on Indiana Ave. at the Central School.

Collection of leaves is under way by the street department, it was announced, and leaves will be picked up if placed in containers at the curbs.

Councilman Charles Kology commended the success of a community Halloween fete Tuesday night which he said provided wholesome entertainment for youngsters.

Robert Smith of Pyramus St. asked Council to again notify the Hancock County Health Department about an odor coming from a septic tank at a home in his neighborhood.

Smith had made a similar request concerning action on the odor this past summer, and a letter was sent to the county department. Smith said no one from the department had contacted him and he had no information about anyone checking.

Council suggested Smith write to the county commissioners and Smith agreed.

Bills totaling $1,954 were ordered paid

Bears Controlled By Trapper's Device

PORTLAND, Ore. (AP) — Black bears are destructive nuisances in tree farms by causing bark to peel from young trees, but a humane way of controlling them has been developed by trapper Jack Aldrich.

He has devised a light-weight foot snare that holds the animal unharmed until the trapper comes along and transfers it to another section of forest where young trees are not being nurtured.

IOWA CITY, Iowa (AP) — More than half of the senior medical students at the State University of Iowa receive the major part of their financial support from working wives.

Who Trained Him? Deputy Might Ask

MANSFIELD, Ohio (AP) — Deputy Sheriff Lester Hampton might be excused for being less than enthusiastic about an offer of a Doberman pinscher to be used in police work.

A woman came to the office with the dog, which she said had been trained for police work, and explained that Sheriff John E. Steel had expressed interest.

Hampton reached down to pet the dog. It bit him. Six stitches were needed to close the wound in the deputy's right wrist.

Tourists Took Train

DURANGO, Colo. (AP) — The nation's only narrow-gauge passenger railroad, running from Durango to Silverton through the Animas River Canyon, had its most successful summer operation in history this past summer. More than 38,000 persons made the trip, compared with a little more than 37,000 in 1960.

care of its own health problems or let the state handle them. Council agreed that Dr. Williams should send a sample resolution to the community planning committee of which Councilman William Ralph is chairman. A recommendation is expected later.

Atty. Charles Barrickman, solicitor, reported he attended a meeting with the legislative committee regarding a traffic control ordinance which is being completed.

Ralph reported he is working with the Borough Planning Commission, going over zoning ordinances to consider any necessary changes.

Cal Dunlap, Council president, reported on a meeting with the Beaver County Planning Commission, and said the commission urges all communities to review their zoning ordinances to determine whether they should be amended for the purpose of building fallout shelters under local, federal and state specifications.

Dunlap is a member of the county planning commission.

Council voted a donation to the auxiliary police of the volunteer fire department for helping patrol the borough while Police Chief Guy St. Esprit was ill and during Halloween.

Dunlap expressed appreciation to the auxiliary police on behalf of Council for their co-operation.

A discussion was held regarding purchase of a new fire truck. The proposal was turned over to the fire and police committee for recommendation. Councilman Allen Craft is chairman.

Councilman Steve Suchanec, road chairman, reported he will start grading roads this weekend for winter.

A special meeting for general business will be held by Council later this month. It will be announced.

MISS CHERYL ANDRASON
She'll Set Date For Wedding.

Cheryl Andrason Is Betrothed To James Chapman

Mr. and Mrs. John Andrason, 1645 Cleveland Ave., announce the engagement of their daughter, Miss Cheryl Dawn Andrason, to James Lee Chapman, son of Mr. and Mrs. Olaf Chapman, 713 Alton St.

No date has been set for the wedding.

The bride - elect is a 1959 graduate of East Liverpool High School and attended Ohio Valley Business College. She is employed as cashier at Golden Star Dairyland.

Her fiance attended the high school and works for the Taylor, Smith & Taylor Co. at Chester.

Miss Judith Gail Laughlin, J. P. Boch Exchange Vows

Miss Judith Gail Laughlin wore a gown of ivory brocade satin when she became the bride of John Peter Boch the evening of Oct. 21 at 6:30 o'clock in the Emmanuel Presbyterian Church.

The bride is the daughter of Mr. and Mrs. Gale Warrick Laughlin of Midway Ln., and her husband is the son of Mrs. Oscar A. Boch, 2620 St. Clair Ave.

The Rev. Russell Mase, pastor, officiated for the double - ring ceremony before an altar background of chrysanthemums, pompons and mums, along with cybodium ferns, palms and seven - branch candelabra. Satin bows marked the family pews.

Mrs. Ernest Lowe gave a quarter-hour of organ music. Mrs. Ruth Wakefield sang "Because," "The Lord's Prayer" and "O Lord, Most Holy."

The bride was escorted to the altar and given in marriage by her father. Her gown was fashioned with a fitted bodice, sweetheart neckline and three-quarter-length sleeves. The full skirt fell into a chapel sweep.

Her bouffant veil of imported silk illusion was attached to a matching double Dior bow. She carried a bouquet of white roses, Talisman roses and ivy tied with satin streamers. Her cultured pearls was the gift of the bridegroom.

Miss Frances Lee Kline of Cleveland was maid of honor. Bridesmaids were Miss Brenda Voltz of Grove City, Ohio, Mrs. Merry Ann Darrah of Pittsburgh, Miss Lynne Stover and Miss Betty Crable.

They wore identical cocktail - length satin gowns, designed with fitted bodices, scoop necklines, short sleeves and bell - shaped skirts accented with back drapes. The maid of honor wore Kelly green and the bridesmaids, gold. Their headpieces were matching Dior bows with circular veils. They carried cascade bouquets of bronze pompons highlighted with orange delight roses and ferns.

Richard M. Beatty was best man. Ushers were Glenn Cunningham of Kent, Richard Darrah of Pittsburgh, Tait Hilbert, Robert Laughlin and William Miller.

The mother of the bride chose a brocade taupe sheath and jacket, fashioned with a portrait neckline and three - quarter - length sleeves. Her accessories were Kelly green. Mrs. Sara Hall, aunt of the bridegroom, wore a Navy lace dress with matching accessories. Mrs. Flora Emery, maternal grandmother of the bride, wore brown lace with taupe accessories.

MRS. J. P. BOCH
Bride Of Nuptials Oct. 21.

A reception for 200 followed in the Elks Club ballroom. A five-tier cake, encircled by white carnations and fernery, centered the buffet table. The Richard Malone Orchestra provided background music.

Aides were Mrs. James Welch, Mrs. Paul Almon, Mrs. James Nobel and Mrs. Kathryn Wyand. William Polk, Glenn Wilson, Jack Richards and Richard Laughlin assisted.

Out-of-town guests were from Buffalo, Toledo, Grove City, Columbus, Pittsburgh and Cleveland.

For a honeymoon through the Eastern States, the bride wore a Navy wool dress with matching accessories and her bridal orchid.

The bride attended Ohio State University and is a graduate of Columbus Business University.

Her husband attended Peddie School in Hightstown, N. J., and Pennington (N.J.) School. He is assistant manager of the Milliron Co.

The newlyweds are residing on Valley Dr.

MISS CHERYL ANDRASON
She'll Set Date For Wedding.

Cheryl Andrason Is Betrothed To James Chapman

Mr. and Mrs. John Andrason, 1645 Cleveland Ave., announce the engagement of their daughter, Miss Cheryl Dawn Andrason, to James Lee Chapman, son of Mr. and Mrs. Olaf Chapman, 713 Alton St.

No date has been set for the wedding.

The bride-elect is a 1959 graduate of East Liverpool High School and attended Ohio Valley Business College. She is employed as cashier at Golden Star Dairyland.

Her fiance attended the high school and works for the Taylor, Smith & Taylor Co. at Chester.

Miss Judith Gail Laughlin, J. P. Boch Exchange Vows

Miss Judith Gail Laughlin wore a gown of ivory brocade satin when she became the bride of John Peter Boch the evening of Oct. 21 at 6:30 o'clock in the Emmanuel Presbyterian Church.

The bride is the daughter of Mr. and Mrs. Gale Warrick Laughlin of Midway Ln., and her husband is the son of Mrs. Oscar A. Boch, 2620 St. Clair Ave.

The Rev. Russell Mase, pastor, officiated for the double-ring ceremony before an altar background of chrysanthemums, pompons and mums, along with cybodium ferns, palms and seven-branch candelabra. Satin bows marked the family pews.

Mrs. Ernest Lowe gave a quarter-hour of organ music. Mrs. Ruth Wakefield sang "Because," "The Lord's Prayer" and "O Lord, Most Holy."

The bride was escorted to the altar and given in marriage by her father. Her gown was fashioned with a fitted bodice, sweetheart neckline and three-quarter-length sleeves. The full skirt fell into a chapel sweep.

Her bouffant veil of imported silk illusion was attached to a matching double Dior bow. She carried a bouquet of white roses, Talisman roses and ivy tied with satin streamers. Her cultured pearls was the gift of the bridegroom.

Miss Frances Lee Kline of Cleveland was maid of honor. Bridesmaids were Miss Brenda Voltz of Grove City, Ohio, Mrs. Merry Ann Darrah of Pittsburgh, Miss Lynne Stover and Miss Betty Crable.

They wore identical cocktail-length satin gowns, designed with fitted bodices, scoop necklines, short sleeves and bell-shaped skirts accented with back drapes. The maid of honor wore Kelly green and the bridesmaids, gold. Their headpieces were matching Dior bows with circular veils. They carried cascade bouquets of bronze pompons highlighted with orange delight roses and ferns.

Richard M. Beatty was best man. Ushers were Glenn Cunningham of Kent, Richard Darrah of Pittsburgh, Tait Hilbert, Robert Laughlin and William Miller.

The mother of the bride chose a brocade taupe sheath and jacket, fashioned with a portrait neckline and three-quarter-length sleeves. Her accessories were Kelly green. Mrs. Sara Hall, aunt of the bridegroom, wore a Navy lace dress with matching accessories. Mrs. Flora Emery, maternal grandmother of the bride, wore brown lace with taupe accessories.

MRS. J. P. BOCH
Bride Of Nuptials Oct. 21.

A reception for 200 followed in the Elks Club ballroom. A five-tier cake, encircled by white carnations and fernery, centered the buffet table. The Richard Malone Orchestra provided background music.

Aides were Mrs. James Welch, Mrs. Paul Almon, Mrs. James Nobel and Mrs. Kathryn Wyand. William Polk, Glenn Wilson, Jack Richards and Richard Laughlin assisted.

Out-of-town guests were from Buffalo, Toledo, Grove City, Columbus, Pittsburgh and Cleveland.

For a honeymoon through the Eastern States, the bride wore a Navy wool dress with matching accessories and her bridal orchid.

The bride attended Ohio State University and is a graduate of Columbus Business University.

Her husband attended Peddie School in Hightstown, N. J., and Pennington (N.J.) School. He is assistant manager of the Milliron Co.

The newlyweds are residing on Valley Dr.

In an open church ceremony the evening of Oct. 21 at 7:30 o'clock in the Wellsville First Christian Church, Miss Ruby Henthorne, 537 Commerce St., and Robert James Shura of Youngstown were united in marriage.

The Rev. Robert E. Andrews, pastor, performed the double-ring ceremony before an altar decorated with palms and lighted tapers. Satin bows marked the family pews.

The bride is the daughter of Mr. and Mrs. Rolland Henthorne and her husband is the son of Mr. and Mrs. I. A. Shura of Youngstown.

A half-hour recital of nuptial music was presented by Ralph Falconer, church organist, and Miss Shirley Andrews, a friend of the bride, sang "Because," "With This Ring" and "The Wedding Prayer."

The bride was escorted to the altar and given in marriage by her father.

She wore a street-length gown of white velvet fashioned with a fitted bodice, V-neckline, long tapered sleeves with covered button closing and a full overskirt of Chantilly lace.

Her bouffant veil of silk illusion was attached to a crown of tiny seed pearls and crystals. She carried a cascade bouquet of Fuji chrysanthemums accented with peacock feathers. All the familiar traditions were observed.

Mrs. Ruth Cooper, a friend of the bride and matron-of-honor, was attired in a street - length sheath dress of gold velvet with long tapered sleeves and portrait neckline. Her headpiece was fashioned of rhinestones with a theater veil of gold nylon tulle. Her cascade bouquet of moss green Fuji chrysanthemums was accented with peacock feathers.

Crystal Wright, niece of the bride, as flower girl carried a gold basket of small Fuji chrysanthemums and peacock feathers. She wore a dress of gold velvet and her headpiece was a matching Dior bow.

Anthony Shura served as his brother's best man. Ushers were Jack McDevitt and Donald Lowe, friends of the couple.

MRS. R. J. SHURA
Wellsville Girl Becomes Bride.

The bride's mother wore a predominately blue Paisley print dress and the bridegroom's mother chose a Paisley print with brown and gold predominating. Both wore matching accessories and matching corsages of Fuji chrysanthemums.

A reception was held in the social room and out-of-town guests were entertained at the bride's home afterwards.

The bride, a graduate of Wellsville High School, attended Ohio State University at Athens and the University of Pittsburgh. She is employed as principal's secretary at Wellsville High School.

Her husband was graduated from Youngstown North High School and was stationed 30 months in Hawaii while in the armed service. He is a senior at Youngstown University, majoring in electrical engineering.

2.6 Million Vote Seen In Ohio Tuesday

COLUMBUS, Ohio (AP)—Secretary of State Ted W. Brown estimated today that only 2,618,100 Ohioans will vote in next Tuesday's election.

"In spite of the fact that our registration rolls in Ohio reached a new high in 1960 and that the 1961 registration was satisfactory, I cannot foresee an extraordinarly heavy vote on Nov. 7," Brown said.

The total vote predicted by the state's chief election official was 130,416 higher than the number voting in 1959, the last previous odd-year election, when 2,487,684 marked ballots.

Ohio's total vote in the 1960 presidential election year was 4,208,811.

"There are many places where local races and local issues are very heated which will swell the total this year," Brown said.

"But there is no concerted effort for or against the four proposed constitutional amendments which would increase the balloting as has so often been the case in some years when more controversial statewide issues were on the ballot."

The four constitutional changes proposed would:

Require that a state Senate vacancy be filled by a member of the same political party as the former senator.

Give the legislature emergency authority to provide for continuity of state and local governments in event of enemy attack.

Increase the present 18-45 age limits for enrolling Ohioans in the militia to 17-67.

Give the state Senate power to advise and consent to major appointments by the governor.

Most of the voting will be for local officials and on local issues, although nine members of the state school board will be named in as many congressional districts.

Brown called on Ohioans to vote for these reasons:

"1. The election affects local government when important township, municipal and board of education posts are filled. These men and women administer important local government services so very close to us and to the welfare of our families.

"2. In these days when we have a concerted campaign for a revitalization of our interest and understanding of a demonstration of our faith in our American form of government, the ballot box offers a clear demonstration of one of the basic freedoms we should more fully appreciate."

Crucible Donation

$11,500 To Fund Drive

The Midland Works of the Crucible Steel Co. has announced its gift of $11,500 to the Midland area United Fund campaign.

Walter L. Gregg, vice president of operations, who manages the Midland Works, is shown at left, making the presentation to Robert C. Kelker, general campaign chairman for the area fund drive.

The company's gift is $1,500 greater than that of last year. It will help the area to reach a goal of $45,471, which is now 85 per cent completed.

The company earlier presented a gift of $1,250 to the East Liverpool Community Fund.

57 Dead In Air Crash

RECIFE, Brazil (AP) — Brazilian airline authorities Wednesday night revised the number of deaths in the crash of an airliner here Wednesday and said 57 of the 88 persons aboard perished.

A company spokesman earlier reported 48 dead and said only 84 persons were aboard.

The four-engine DC7, en route from Lisbon to Rio de Janeiro, smashed into a hill and burned.

U.N. Facing Crucial Stage

UNITED NATIONS, N.Y. (AP) —Negotiators for Soviet-American agreement on an interim secretary-general for the United Nations appeared at the critical success-or-failure stage today.

The outcome depended on whether the Soviet Union would approve still secret plans of U Thant of Burma, the big powers' choice for the post, for the number of principal advisers he would name and the geographic areas from which he would choose them.

After weeks of Soviet-American wrangling over this last remaining issue, U. S. Ambassador Adlai E. Stevenson and British Minister of State Joseph B. Godber said Wednesday they would let U Thant decide the matter for himself.

Soviet Deputy Foreign Minister Valerian A. Zorin after a conference with U Thant told newsmen, "We are near to agreement."

Evaluation Held By Principals

LISBON — Evaluation of elementary schools in the county system, compared with state standards, was discussed at the meeting of the principals' group Wednesday evening in the county school offices in the Courthouse. Thirteen were present.

Also discussed were supervision, providing special help for slow, advanced and talented children; rewriting of the spelling contest booklet for the fifth and sixth grades and forming "junior historical programs" on the Buckeye state for children in the fourth through 12th grades.

Hubert Lawrence, county school psychologist, spoke on forms he considers necessary and which must be filled out by the teachers before he can give a student an examination.

Lorin Ruff, county elementary consultant, presided.

Mayor

(Continued from Page One)

Kane pointed out that it excludes the police and fire departments because the two have their own organizations that negotiate with the city — the International Association of Fire-Fighters and the Fraternal Order of Police Lodge.

He said the establishment of grievance procedure for rank-and-file employes is regarded by the local as a most significant step.

Under the agreement, each department will have a steward to whom an employe will go first with his grievance. The grievance will be taken up first with the employe's immediate superior. If it's unsettled, it next will be taken to the department head.

If further negotiations are necessary, the grievance will go next to the safety-service director. The final step, if the problem still is not resolved, will see the union's district representative discuss it with the mayor.

Congo Troops Invade Katanga, Report Says

LEOPOLDVILLE, the Congo (AP) — Gen. Joseph Mobutu declared today troops of the central Congo government have moved along a wide front more than 35 miles into north Katanga Province in a general offensive to end the long-standing secession proclaimed by Katanga President Moise Tshombe.

Occupying villages and mission stations as they march, Mobutu said, his troops have been joyously received by the north Katanga population.

The beaming army commander in chief told newsmen flags of the central government are being planted all along the march from Kasai Province into northwestern Katanga.

"The missionaries and villagers are rushing out to greet us, giving our troops food and candy," he said.

Patrol Auxiliary Airs Nominations

Nomination for election of officers of the Columbiana County Highway Patrol Auxiliary was held at a meeting Wednesday night at the Lisbon Patrol post.

Further nominations and election will be held at the next meeting Dec. 6 at the post.

Sgt E. M. Mallery of the Lisbon post said periodic written tests will be held for all auxiliary units in Ohio, starting in January, according to a directive from Patrol headquarters at Columbus.

Walter Everett, assistant controller for the Deming Division of the Crane Co. at Salem, screened slides and spoke on his travels around the world.

About 32 attended. Capt. William Shaffer of Salem was in charge.

3 Adults Questioned In Damage To Phones

LISBON — Hanover Township Constables Roy Painter and Leroy Ridgeway questioned three adults this morning after parts of booth telephones were found beside their car early today on Ripley Rd.

Painter said phones were found damaged at Kensington, Hanoverton and East Rochester. The phone company was notified.

Cleveland Motorist Fined In Car Wreck

A Cleveland motorist was fined as the aftermath of a wreck late Wednesday afternoon on Route 66 at the intersection with the Congo Rd.

Ralph Shopshire, 67, was fined $10 and costs by Justice of the Peace Harry Lytton of Newell after his car struck the rear of a 1960 auto operated by Franklin Tomaccio, 28, of 60 Thomas St., East Palestine, Hancock County sheriff's deputies said.

Deputies said Tomaccio had stopped in a line of traffic coming from Waterford Park when his car was rammed by Shopshire's 1956 auto.

County Fatality Only One For District 11

Only one fatal accident occurring on state highways in Division 11 was investigated by Highway Department officials during October.

This figure compares with three fatal accidents investigated in the same month last year. The single fatality occurred in Columbiana County and the site was inspected by the Division traffic engineer and a representative of the Location and Design Department. This procedure is followed whenever a fatal accident occurs on a state highway, the New Philadelphia office pointed out.

DON'T CHANGE NOW!

Mayor Goodballet's service in Council, both as a member and as president of that body, is an outstanding example of a sound, conservative and non-partisan approach to legislation affecting the city. The fact that he was, on several occasions, the only democrat elected to city office indicates that his conservative dedication to the welfare of the city was appreciated by Democrats and Republicans alike.

Being elected mayor, and entrusted with a larger and more important sphere of activity, Mr. Goodballet has again demonstrated the qualities he exhibited as a member of council.

The freeway project has been truly non-partisan. It was initiated and advanced by the three previous administrations and is coming into actual being under the present administration. In the sequence of events, Mayor Goodballet inherited the only real problem involved—that of financing the city's share of the project. Under the terms of the consent legislation passed in 1956 — the city was pledged to pay approximately $600,000.00. With patient perseverance, Mayor Goodballet secured active financial help from the County Commissioners and the Department of Highways to such an extent that the total City cost amounted to less than $168,000.00.

The construction of St. Clair Avenue is another example of Mayor Goodballet's diligence and perseverance. Many administrations in the past have promised to "do something" about St. Clair Avenue without results. Shortly after taking office, Mayor Goodballet started active work. Through his efforts the Bureau of Public Roads has added St. Clair Avenue to its list of streets eligible for federal participation. The Bureau is definitely commited to paying 50% of the cost of the improvement. Detailed planning will be completed in four weeks, and the project ready for contract no later than February 1.

We feel that these two projects in themselves represent progress and accomplishment not equalled by any previous city administration. The record of solid achievement demonstrated by Mr. Goodballet in his present term of office should re-assure all citizens that his re-election would mean a continuation of sound intelligent progress for the city of East Liverpool.

"In spite of the fact that our registration rolls in Ohio reached a new high in 1960 and that the 1961 registration was satisfactory, I cannot foresee an extraordinarly heavy vote on Nov. 7," Brown said.

The total vote predicted by the state's chief election official was 130,416 higher than the number voting in 1959, the last previous odd-year election, when 2,487,684 marked ballots.

Ohio's total vote in the 1960 presidential election year was 4,208,811.

"There are many places where local races and local issues are very heated which will swell the total this year," Brown said.

"But there is no concerted effort for or against the four proposed constitutional amendments which would increase the balloting as has so often been the case in some years when more controversial statewide issues were on the ballot."

The four constitutional changes proposed would:

Require that a state Senate vacancy be filled by a member of the same political party as the former senator.

Give the legislature emergency authority to provide for continuity of state and local governments in event of enemy attack.

Increase the present 18-45 age limits for enrolling Ohioans in the militia to 17-67.

Give the state Senate power to advise and consent to major appointments by the governor.

Most of the voting will be for local officials and on local issues, although nine members of the state school board will be named in as many congressional districts.

Brown called on Ohioans to vote for these reasons:

"1. The election affects local government when important township, municipal and board of education posts are filled. These men and women administer important local government services so very close to us and to the welfare of our families.

"2. In these days when we have a concerted campaign for a revitalization of our interest and understanding of a demonstration of our faith in our American form of government, the ballot box offers a clear demonstration of one of the basic freedoms we should more fully appreciate."

Crucible Donation

$11,500 To Fund Drive

The Midland Works of the Crucible Steel Co. has announced its gift of $11,500 to the Midland area United Fund campaign.

Walter L. Gregg, vice president of operations, who manages the Midland Works, is shown at left, making the presentation to Robert C. Kelker, general campaign chairman for the area fund drive.

The company's gift is $1,500 greater than that of last year. It will help the area to reach a goal of $45,471, which is now 85 per cent completed.

The company earlier presented a gift of $1,250 to the East Liverpool Community Fund.

57 Dead In Air Crash

RECIFE, Brazil (AP) — Brazilian airline authorities Wednesday night revised the number of deaths in the crash of an airliner here Wednesday and said 57 of the 88 persons aboard perished.

A company spokesman earlier reported 48 dead and said only 84 persons were aboard.

The four-engine DC7, en route from Lisbon to Rio de Janeiro, smashed into a hill and burned.

U.N. Facing Crucial Stage

UNITED NATIONS, N.Y. (AP) —Negotiators for Soviet-American agreement on an interim secretary-general for the United Nations appeared at the critical success-or-failure stage today.

The outcome depended on whether the Soviet Union would approve still secret plans of U Thant of Burma, the big powers' choice for the post, for the number of principal advisers he would name and the geographic areas from which he would choose them.

After weeks of Soviet-American wrangling over this last remaining issue, U. S. Ambassador Adlai E. Stevenson and British Minister of State Joseph B. Godber said Wednesday they would let U Thant decide the matter for himself.

Soviet Deputy Foreign Minister Valerian A. Zorin after a conference with U Thant told newsmen, "We are near to agreement."

Evaluation Held By Principals

LISBON — Evaluation of elementary schools in the county system, compared with state standards, was discussed at the meeting of the principals' group Wednesday evening in the county school offices in the Courthouse. Thirteen were present.

Also discussed were supervision, providing special help for slow, advanced and talented children; rewriting of the spelling contest booklet for the fifth and sixth grades and forming "junior historical programs" on the Buckeye state for children in the fourth through 12th grades.

Hubert Lawrence, county school psychologist, spoke on forms he considers necessary and which must be filled out by the teachers before he can give a student an examination.

Lorin Ruff, county elementary consultant, presided.

Mayor

(Continued from Page One)

Kane pointed out that it excludes the police and fire departments because the two have their own organizations that negotiate with the city — the International Association of Fire-Fighters and the Fraternal Order of Police Lodge.

He said the establishment of grievance procedure for rank-and-file employes is regarded by the local as a most significant step.

Under the agreement, each department will have a steward to whom an employe will go first with his grievance. The grievance will be taken up first with the employe's immediate superior. If it's unsettled, it next will be taken to the department head.

If further negotiations are necessary, the grievance will go next to the safety-service director. The final step, if the problem still is not resolved, will see the union's district representative discuss it with the mayor.

Congo Troops Invade Katanga, Report Says

LEOPOLDVILLE, the Congo (AP) — Gen. Joseph Mobutu declared today troops of the central Congo government have moved along a wide front more than 35 miles into north Katanga Province in a general offensive to end the long-standing secession proclaimed by Katanga President Moise Tshombe.

Occupying villages and mission stations as they march, Mobutu said, his troops have been joyously received by the north Katanga population.

The beaming army commander in chief told newsmen flags of the central government are being planted all along the march from Kasai Province into northwestern Katanga.

"The missionaries and villagers are rushing out to greet us, giving our troops food and candy," he said.

Patrol Auxiliary Airs Nominations

Nomination for election of officers of the Columbiana County Highway Patrol Auxiliary was held at a meeting Wednesday night at the Lisbon Patrol post.

Further nominations and election will be held at the next meeting Dec. 6 at the post.

Sgt. E. M. Mallery of the Lisbon post said periodic written tests will be held for all auxiliary units in Ohio, starting in January, according to a directive from Patrol headquarters at Columbus.

Walter Everett, assistant controller for the Deming Division of the Crane Co. at Salem, screened slides and spoke on his travels around the world.

About 32 attended. Capt. William Shaffer of Salem was in charge.

3 Adults Questioned In Damage To Phones

LISBON — Hanover Township Constables Roy Painter and Leroy Ridgeway questioned three adults this morning after parts of booth telephones were found beside their car early today on Raley Rd.

Painter said phones were found damaged at Kensington, Hanoverton and East Rochester. The phone company was notified.

Cleveland Motorist Fined In Car Wreck

A Cleveland motorist was fined as the aftermath of a wreck late Wednesday afternoon on Route 66 at the intersection with the Congo Rd.

Ralph Shopshire, 67, was fined $10 and costs by Justice of the Peace Harry Lytton of Newell after his car struck the rear of a 1960 auto operated by Franklin Tomaccio, 28, of 60 Thomas St., East Palestine, Hancock County sheriff's deputies said.

Deputies said Tomaccio had stopped in a line of traffic coming from Waterford Park when his car was rammed by Shopshire's 1956 auto.

County Fatality Only One For District 11

Only one fatal accident occurring on state highways in Division 11 was investigated by Highway Department officials during October.

This figure compares with three fatal accidents investigated in the same month last year. The single fatality occurred in Columbiana County and the site was inspected by the Division traffic engineer and a representative of the Location and Design Department. This procedure is followed whenever a fatal accident occurs on a state highway, the New Philadelphia office pointed out.

Mayor Goodballet's service in Council, both as a member and as president of that body, is an outstanding example of a sound, conservative and non-partisan approach to legislation affecting the city. The fact that he was, on several occasions, the only democrat elected to city office indicates that his conservative dedication to the welfare of the city was appreciated by Democrats and Republicans alike.

Being elected mayor, and entrusted with a larger and more important sphere of activity, Mr. Goodballet has again demonstrated the qualities he exhibited as a member of council.

The freeway project has been truly non-partisan. It was initiated and advanced by the three previous administrations and is coming into actual being under the present administration. In the sequence of events, Mayor Goodballet inherited the only real problem involved—that of financing the city's share of the project. Under the terms of the consent legislation passed in 1956 — the city was pledged to pay approximately $600,000.00. With patient perseverance, Mayor Goodballet secured active financial help from the County Commissioners and the Department of Highways to such an extent that the total City cost amounted to less than $168,000.00.

The construction of St. Clair Avenue is another example of Mayor Goodballet's diligence and perseverance. Many administrations in the past have promised to "do something" about St. Clair Avenue without results. Shortly after taking office, Mayor Goodballet started active work. Through his efforts the Bureau of Public Roads has added St. Clair Avenue to its list of streets eligible for federal participation. The Bureau is definitely commited to paying 50% of the cost of the improvement. Detailed planning will be completed in four weeks, and the project ready for contract no later than February 1.

We feel that these two projects in themselves represent progress and accomplishment not equalled by any previous city administration. The record of solid achievement demonstrated by Mr. Goodballet in his present term of office should re-assure all citizens that his re-election would mean a continuation of sound intelligent progress for the city of East Liverpool.

Double Bean Salad Compliments Meal

Searching for a cool taste treat that's refreshing, too!

Then you can end your search. This double bean salad is the answer to your longing. Make it in advance from canned vegetables stored on your pantry shelf. Remember, both green beans and lima beans are filled with flavor, plus containing a major portion of your daily food requirements. For color, toss these canned beans together lightly with a bit of pimiento and chopped olives, then add freshly chopped onion for zip. Marinate for several hours and "what a treat!"

1 can (1 lb.) Tiny Green Lima Beans, drained
1 can (15½ oz.) Small Whole Green Beans, drained
½ cup sliced Pitted Ripe Olives
¼ cup finely chopped Pimiento
¼ cup finely chopped onion
2-3 cup vinegar
1-3 cup salad oil
¾ cup brown sugar
¼ teaspoon Worcestershire sauce

Combine Lima Beans, Green Beans, Olives, Pimiento and onion. Make dressing by blending together vinegar, salad oil, brown sugar and Worcestershire sauce. Combine with vegetables and marinate for several hours. Chill and serve. Makes 6 to 8 servings.

Same vs. same; action for $11,789.58 claimed due on promissory note.

School Lunch, Milk Aid Totals $93,508

LISBON — Schools in Columbiana County received state and federal aid in the amount of $93,508 for the lunch end milk programs in the 1960-61 term, according to Supt. James L. McBride.

A breakdown shows that $51,584 was received for lunches and $41,924 for milk.

The five county school districts alone received $41,243 with $22,979 for lunches and $18,264 for milk, McBride said.

District's First Sea Scout Post Proposed For Chester

Plans were started for the formation of a Sea Scout unit at Chester the first ever to be organized in this area, at a meeting of the Cherokee District Boy Scout commissioner staff Wednesday night at the home of Robert Ferguson, 401 Vine St.

A Sea Scout Post or a Ship, its common name, is formed similar to an Explorer Post, but operates differently and its officers are known by Navy nomenclature.

Any former Navy personnel interested in aiding with the unit may contact Robert Gray, district executive, or Charles Davis of California Ave., Chester.

Eugene Seeley, district commissioner, presided. Gray outlined plans for the appearance of a team of folk dancers from a Lexington (Ky.) Explorer Post. They will be in East Liverpool the latter part of the month. The team has won eight national awards and will tour Europe in 1962.

The charter review program for the coming year was outlined by Seeley He said the commissioners should see that the unit is rechartered properly as "when a scout unit is dropped, many boys are disallusioned and let down."

Bill Jones said more adult help is needed in the LaCroft area for Pack 74 and Troop 74. Anyone interested may contact him at his home in Fisher Park.

Don Lewis reported on units at Salineville. Bob Wilson is heading the Scout Troop, but more adult help is needed with a Cub Pack. Fred Yonz reported Troop 31 and Troop 29 of Newell need scoutmasters. Norman Brown reported on Wellsville units and said more den mothers are needed for Cub Pack 22 of the First Christian Church.

Jones said the district roundtable will be held Wednesday at 7:30 at the YMCA. A Christmas decoration theme will be used.

350 Attend Christmas Ideas Event At Salem

LISBON — Approximately 350 attended the first session of the annual Christmas-at-Home Tea at th Salem Christian Church Wednesday, sponsored by the Columbiana County Home Demonstration Council.

"Magic In Christmas" is the theme for the demonstrations and exhibits.

The final session is being held today until 9 p. m., open to the public.

Hancock Lists 8 Hurt In October Accidents

NEW CUMBERLAND — Eight persons were injured in 11 traffic accidents during October, Sheriff Joseph Manypenny's office said today in its monthly report.

An estimated $6,450 damage was caused to the 19 vehicles involved.

Deputies made 34 arrests during the month and served 101 papers. They confined 22 persons to the county jail with seven by New Cumberland police, eight by Weirton police, two by State Police and one by constables.

Thirty - one were released from jail during the month and nine remained in custody, report said.

Held In Slaying

CINCINNATI (AP)—Mrs. Shirley Fox, 36, of suburban Groesbeck was shot and killed late Wednesday night. Stevan Fox, the woman's husband, was held for questioning, county police reported.

'Wrong, Unwise Policies'

Ike Accused By Truman Of Holding America Back

WASHINGTON (AP) — Former President Harry S. Truman accused the Eisenhower administration today of having held America back by "wrong and unwise policies at the top." Now, he said, comforting, courageous leadership is giving the nation a chance to do its best.

"I look to the days and months ahead with confidence," Truman said with reference to the administration of President Kennedy.

And, peering back at his own tenure of the White House, Truman declared that nothing "related to my experience there came up to disturb or to haunt me."

The former chief executive's forum was a luncheon at the National Press Club. It was staged on the 13th anniversary of what the club called the political upset of the century—Truman's underdog victory over Thomas E. Dewey in the 1948 presidential election.

He said of the Republican Eisenhower administration that "it was one of the more unfortunate periods in the history of American election.

Truman, in his prepared speech, ripped into Dwight D. Eisenhower repeatedly, but not by name. The two former presidents never have made personal peace.

He said of the Republican Eisenhower administration that "it was one of the more unfortunate periods in the history of American government."

The men at the helm of government, he said, could not call forth the greatness of America to meet the challenges of today. They were too timid, he said, or they "did not understand how to call forth the full strength of this mighty nation."

The Eisenhower administration, Truman contended, had "false notions about economy." He said these resulted in curtailing the resources needed for national defense and "served neither to balance the budget nor to strengthen the national economy."

Truman said he believes the important thing, no matter what the future may be, is for both individuals and nations to prepare for it to the best of their ability.

"Before this year," Truman said, "our nation was being held back by wrong and unwise policies at the top. Now it is being given a chance to do its best."

Since last year, he said, there has been a very great change for the better in the Washington climate. There has been a fortunate change in direction with our change in leadership, he said.

"We now have a president who not only recognizes that a prosperous nation is the best assurance of fiscal integrity, but also realizes that there are some things even more important than a balanced budget," he said.

U.S. Moves To End Case Against Lias

WHEELING (AP) — The government moved today toward completion of its latest case against William G. (Big Bill) Lias by offering additional testimony about accounting practices in his business.

Federal attorneys are trying in U.S. District Court here to establish that about $125,000 on deposit in Canadian banks actually belongs to Lias.

The money was deposited in names of other members of the Lias family, but the government wants to make it available for application on almost $2 million it says Lias still owes in back income taxes and penalties.

Senior Special Agent Carl R. Watson of the Internal Revenue Service office in Huntington testified yesterday that Lias once told him the enterprises with which Lias was connected were "his property to be used as he saw fit."

Under cross - examination, however, Watson said that an investigation showed Lias was not the sole owner of the Lias enterprises, which formerly included Wheeling Downs race track.

Watson said Lias owned about 60 per cent of the holdings. He added that Lias' statements about ownership of the enterprises came at a conference in 1947 in the Wheeling office of Automatic Cigarette Salem, Inc.

That was one of the Lias companies. Two other witnesses yesterday, IRS Agent James Price Jr. and David Goldberg of Wheeling a former accountant for Lias, testified they also were at the conference.

Goldberg was scheduled to take the witness stand again when the trial was resumed today.

He said yesterday that he first was employed by Lias in 1936; and that he made out income tax returns for him from 1936 through 1956.

Palestine Building Permits Hit $8,650

EAST PALESTINE — Building permits totaling $8,650 in construction were issued in October, the City Planning Commission announced.

Included was a $2,500 addition at the T-A-D, Inc., a machine die firm at 390 E. Taggart St., which will almost double the floor space of the company, according to R. L. Best, an officer.

The nine permits also included construction of meter stations by the East Ohio Gas Co. at Logan Ave. for the new school and at Brookdale Ave. for the Insul Co. The remainder of the permits were for garages and porches.

Lisbon's Community Fund Short Of Goal

LISBON — The Community Fund is $2,466.84 short of its $7,997 goal, according to William F. Wright Jr., chairman.

Collections during October total $5,530.16 in pledges and gifts.

Committees that have not reported are asked to do so immediately so that Mrs. Margaret Williams, secretary, can make a report.

The fund is for Lisbon and Center Township. Any person not contacted may leave a pledge or donation at the Firestone Bank or Farmers Bank, Wright said.

Named Director

KANSAS CITY (AP) — William Mace of Washington Court House, Ohio, has been selected state director on the board of directors of the Livestock Industry Market Association.

Statement On 'Firing'

Van Fleet Offers Apology For Remarks About Adlai

FT. MONROE, Va. (AP)—Gen. James A. Van Fleet has apologized to Adlai E. Stevenson for statements concerning the United Nations ambassador.

The general, who had been quoted as saying he would have fired Stevenson for his role in the ill-fated U.S.-supported Cuban invasion, said Wednesday night in a telegram to Stevenson: "My information from several sources regarding Cuba was evidently erroneous."

Van Fleet had been reported as saying Monday night in Lakeland, Fla., that U.S. air cover of the Cuban invasion was called off at Stevenson's insistence. Stevenson telegraphed Van Fleet on Tuesday, asking him to correct what he called a "totally false" statement.

"In view of your telegram, which I am glad to have," Van Fleet replied, "I stand corrected and am sorry for press statements which were, in fact, not accurate and completely out of context."

The Tampa (Fla.) Tribune had reported Van Fleet also said Berlin and Laos were lost to communism, there was a 50-50 chance South Viet Nam would be lost and neither West Germany nor France will fight for West Berlin and the United States shouldn't fight for them.

In his telegram to Stevenson, Van Fleet said he had received Stevenson's wire from his Auburndale, Fla., office and that office was forwarding accounts of the meeting from both the Tribune and the Lakeland Ledger.

"I want you to know that the meeting was a small group in closed session and remarks were made in answer to questions submitted by personal friends after my main address covering water resources in Florida, and I was assured there would be no press coverage," Van Fleet said.

The Tribune, which declined comment on Van Fleet's telegram, disputed the contention Van Fleet spoke out during a question-and-answer period. The Lakeland Ledger had a representative at the meeting but did not publish anything on his remarks, saying Van Fleet's secretary had said it was a closed session.

Van Fleet's speech to the Natural Resources and Waterways Committee in Lakeland occurred the day he was brought out of retirement to become a part-time consultant to the secretary of the Army on Reserve combat readiness and antiguerrilla training.

Office Equipment Stolen From Pottery

EAST PALESTINE — City police today pressed investigation of a breaking and entering at the offices of the W. S. George Pottery Co., discovered Wednesday afternoon.

An electric typewriter and possibly an adding machine were taken from the offices of Plant 1, which is not operating except for portions leased by the Royal China Co.

C. D. Brittain, a trustee of the George firm, found the entering when he went to the second-floor office yesterday afternoon.

Police said thieves pried open a small window to enter, after apparently going across a roof. The theft occurred sometime between Saturday and yesterday.

Shenango Potters Ratify New Contract

NEW CASTLE — Steelworkers Local 3125 has ratified a new contract with the Shenango China Co., although terms were not disclosed.

About 250 members voted overwhelmingly in favor of agreement.

The old two-year contract expired at midnight last night.

Bringing Up A Family

By GARRY C. MEYERS

Child Should Be Told To Study Music

When our eldest son was in college he said one day, "Dad, you and Mother advise many parents. Don't tell them to let their kids decide whether to take music lessons or not, as you did with me. "I remember that when I was about eight you asked me if I wanted to take music lessons. I assured you I did not. You didn't press the matter further then, but about a year later asked me the same question. "You even had a music teacher, a good friend of the family, try her hand at persuading me to take music lessons. I still decided against them.

Dr. Garry Meyers

—:—

"IN COLLEGE NOW, I can't play a single instrument and there are many times when I wish I could.

"Dad and Mother," he added, "your theory was all wrong. A kid doesn't know what's good for him. I hope you change your ideas in advising other parents."

We did, and his younger brother and sister got music lessons, doing reasonably well at them. They were required to practice.

Now after some years I am still more convinced that what our eldest son said made sense, though most educators would not agree.

A mother writes from Illinois: "With a special music education myself, I would, of course, like my children, eight and ten, to have some musical education. I have tried to wait until they expressed a desire for it, but for some reason they don't seem to want to study music.

—:—

"I HAVE OFFERED to send them to another teacher this year, but this doesn't appeal to them.

"My ten - year - old boy has asked to start an instrument in the band this year.

"Should I tell them that they are going to take piano lessons for a year to see if they might develop an interest in it, or should I let the matter ride for a few more years?"

My reply in part:

You can't rely on those children making the right choice. Provide them with a teacher and see that they practice regularly for at least 20 minutes a day.

When they fool around, require them to sit doing nothing for at least 40 minutes and don't argue about it. Don't allow the offender to practice further that day.

—:—

WHETHER YOU should require piano first or not, I do not know, but a year of it should have promise.

A few children who are in the school band or orchestra get something, but unless they take private music lessons besides, or at least do regular practicing at home, they rarely get far and miss a lot of wholesome character trainnig.

My bulletin "Educating Your Child in Responsibility" may be had by sending a self - addressed stamped envelope to me in care of this newspaper.

Open House Set At Midland Schools In Education Week

Plans for "open house" in Midland public schools during National Education Week beginning Monday have been announced by William A. Walters, principal of Lincoln High School, and Miss Margaret Hogan, elementary supervisor.

Parents and friends may visit during "open house" at the high school Monday from 7 to 9 p. m. Those attending will assemble in the auditorium for a movie and a few words of welcome, Walters said.

Parents may then go to their children's rooms for their room schedules and may talk to their teachers. Later, refreshments will be served.

The theme of this year's observance is "Your Schools — Time for a Progress Report." Raymond Stowitzky, guidance director will assist Walters with the program at the high school.

The Parent - Teacher Associations will be in charge of the observance at the three elementary schools.

The 4th St. School will hold its open house Wednesday from 7 to 9 p. m.

Parents with children at the 1st and 7th St. Schools may visit the buildings next Thursday, also from 7 to 9 p. m., Miss Hogan said.

Midland NAACP Urges Balloting

The Midland branch of the NAACP met Wednesday evening and urged members and residents to vote for the candidates of their choice at Tuesday's election.

John Perkins Jr., membership chairman, spoke on voting and explained how ballots are marked. Members met at the Steelworkers Hall.

A Halloween party was postponed and the committee will meet Monday at 7 p. m. at the home of Mrs. Martha Gray of Penn Ave. to make plans for a social to be held in the next couple weeks.

Will T. Leavell, president, presided and also gave a report on labor and industry. An Executive Board meeting will be held Nov. 30 at the Leavell home on 4th St.

Next meeting is Dec. 6.

University Calls Off Talk By Man Said To Be Red

CLEVELAND (AP) — Western Reserve University officials have canceled a scheduled appearance of a man said to be a member of the Communist National Committee.

The man, Daniel Rubin, 30, was to speak tonight to a group known as Students for Democratic Living in a room the group reserved at the Student Union, according to a university official.

Russell A. Griffin, dean of students, said the reservation was canceled because the student group had no official recognition on campus. He said one of two youths who signed the application is not a Western Reserve student.

Rubin, making the rounds of Ohio campuses, has been called by the FBI one of the two "most promising young Communists" in the nation. A congressional committee listed him as one of the 60 members of the Communist committee and a member of the Progressive Youth Organization Committee.

Rubin's appearances at Ohio State University and at Ohio University earlier this week touched off investigations. He previously visited Oberlin and Antioch colleges.

Judge 'Throws' Book At Student In Bomb Hoax

CHILLICOTHE, Ohio (AP) — Municipal Court Judge William J. Jones has thrown the book at an 18-year-old high school senior who pleaded guilty to charges of making two false bomb reports which caused a disruption of classes at Chillicothe High School.

Russell Miller was fined $1,000 and sentenced to one year in the Cincinnati workhouse — the maximum fine and sentence for such an offense—Wednesday.

Police said Miller admitted telephoning the high school twice last month to report a bomb had been planted. On both occasions all students were marched to the football stadium while authorities searched for the alleged bomb.

Miller was picked up by police after a fellow student reported that Miller had been bragging about his actions.

Asks Trial By Judges

ATHENS, Ohio (AP)—Donald J. Miller, 21, of Rt. 3, Athens, has asked for a threee-judge panel to hear his second - degree murder trial. Miller is charged in the slaying of his uncle, Edward E. Bobo, 40, last February.

Bringing Up A Family

By GARRY C. MEYERS

Child Should Be Told To Study Music

When our eldest son was in college he said one day, "Dad, you and Mother advise many parents. Don't tell them to let their kids decide whether to take music lessons or not, as you did with me. "I remember that when I was about eight you asked me if I wanted to take music lessons. I assured you I did not. You didn't press the matter further then, but about a year later asked me the same question. "You even had a music teacher, a good friend of the family, try her hand at persuading me to take music lessons. I still decided against them.

Dr. Garry Meyers

—:—

"IN COLLEGE NOW, I can't play a single instrument and there are many times when I wish I could.

"Dad and Mother," he added, "your theory was all wrong. A kid doesn't know what's good for him. I hope you change your ideas in advising other parents."

We did, and his younger brother and sister got music lessons, doing reasonably well at them. They were required to practice.

Now after some years I am still more convinced that what our eldest son said made sense, though most educators would not agree.

A mother writes from Illinois: "With a special music education myself, I would, of course, like my children, eight and ten, to have some musical education. I have tried to wait until they expressed a desire for it, but for some reason they don't seem to want to study music.

—:—

"I HAVE OFFERED to send them to another teacher this year, but this doesn't appeal to them.

"My ten - year - old boy has asked to start an instrument in the band this year.

"Should I tell them that they are going to take piano lessons for a year to see if they might develop an interest in it, or should I let the matter ride for a few more years?"

My reply in part:

You can't rely on those children making the right choice. Provide them with a teacher and see that they practice regularly for at least 20 minutes a day.

When they fool around, require them to sit doing nothing for at least 40 minutes and don't argue about it. Don't allow the offender to practice further that day.

—:—

WHETHER YOU should require piano first or not, I do not know, but a year of it should have promise.

A few children who are in the school band or orchestra get something, but unless they take private music lessons besides, or at least do regular practicing at home, they rarely get far and miss a lot of wholesome character trainnig.

My bulletin "Educating Your Child in Responsibility" may be had by sending a self - addressed stamped envelope to me in care of this newspaper.

Open House Set At Midland Schools In Education Week

Plans for "open house" in Midland public schools during National Education Week beginning Monday have been announced by William A. Walters, principal of Lincoln High School, and Miss Margaret Hogan, elementary supervisor.

Parents and friends may visit during "open house" at the high school Monday from 7 to 9 p. m. Those attending will assemble in the auditorium for a movie and a few words of welcome, Walters said.

Parents may then go to their children's rooms for their room schedules and may talk to their teachers. Later, refreshments will be served.

The theme of this year's observance is "Your Schools — Time for a Progress Report." Raymond Stowitzky, guidance director will assist Walters with the program at the high school.

The Parent - Teacher Associations will be in charge of the observance at the three elementary schools.

The 4th St. School will hold its open house Wednesday from 7 to 9 p. m.

Parents with children at the 1st and 7th St. Schools may visit the buildings next Thursday, also from 7 to 9 p. m., Miss Hogan said.

Midland NAACP Urges Balloting

The Midland branch of the NAACP met Wednesday evening and urged members and residents to vote for the candidates of their choice at Tuesday's election.

John Perkins Jr., membership chairman, spoke on voting and explained how ballots are marked. Members met at the Steelworkers Hall.

A Halloween party was postponed and the committee will meet Monday at 7 p. m. at the home of Mrs. Martha Gray of Penn Ave. to make plans for a social to be held in the next couple weeks.

Will T. Leavell, president, presided and also gave a report on labor and industry. An Executive Board meeting will be held Nov. 30 at the Leavell home on 4th St.

Next meeting is Dec. 6.

University Calls Off Talk By Man Said To Be Red

CLEVELAND (AP) — Western Reserve University officials have canceled a scheduled appearance of a man said to be a member of the Communist National Committee.

The man, Daniel Rubin, 30, was to speak tonight to a group known as Students for Democratic Living in a room the group reserved at the Student Union, according to a university official.

Russell A. Griffin, dean of students, said the reservation was canceled because the student group had no official recognition on campus. He said one of two youths who signed the application is not a Western Reserve student.

Rubin, making the rounds of Ohio campuses, has been called by the FBI one of the two "most promising young Communists" in the nation. A congressional committee listed him as one of the 60 members of the Communist committee and a member of the Progressive Youth Organization Committee.

Rubin's appearances at Ohio State University and at Ohio University earlier this week touched off investigations. He previously visited Oberlin and Antioch colleges.

Judge 'Throws' Book At Student In Bomb Hoax

CHILLICOTHE, Ohio (AP) — Municipal Court Judge William J. Jones has thrown the book at an 18-year-old high school senior who pleaded guilty to charges of making two false bomb reports which caused a disruption of classes at Chillicothe High School.

Russell Miller was fined $1,000 and sentenced to one year in the Cincinnati workhouse — the maximum fine and sentence for such an offense—Wednesday.

Police said Miller admitted telephoning the high school twice last month to report a bomb had been planted. On both occasions all students were marched to the football stadium while authorities searched for the alleged bomb.

Miller was picked up by police after a fellow student reported that Miller had been bragging about his actions.

Asks Trial By Judges

ATHENS, Ohio (AP)—Donald J. Miller, 21, of Rt. 3, Athens, has asked for a threee-judge panel to hear his second - degree murder trial. Miller is charged in the slaying of his uncle, Edward E. Bobo, 40, last February.

WHS Enters Contest With 4-4 Record

By CHUCK CRONIN
Review Sports Writer

Having had little time to celebrate last week's homecoming victory, Wellsville High's Tigers continue to drill in earnest for Saturday night's "game of the week" against Beaver Local.

Coach Ken Woods reports squad spirit running high and all performers in top physical shape for the prestige battle at Patterson Field in East Liverpool.

The Tigers (4-4) have managed at least one touchdown against every opponent in a topsy - turvy season, but have had their woes defensively in yielding 116 points.

Against the Beavers, they will meet one of the district's top defensive teams, a fact of which Coach Woods is well aware.

"They have a lot of fire, a real aggressive club with a good defense and plenty of hustle," the Tiger mentor declared.

"Their defense is what we will have to beat — you have to score to win — and no doubt they will give us a rough time," Woods added.

"But if my kids play up to their potential, it should be a good game," he said.

A pre-season pick for district honors, the Tigers have encountered unexpected defensive problems along the way and a chance to emerge with at least a .500 season may rest on Saturday night's big game.

After the Beaver, Wellsville has a home date with strong Warren St. Mary's in the finale.

While the Tigers have appeared ragged in several games, there have been plenty of exciting moments for their followers thus far.

A strong ground game which has produced 99 points has helped smooth out the wrinkles caused by lack of manpower and a weak interior line.

Biggest weapons in the Tiger arsenal have been fullback John Euill and halfback Alvin Thompson, both flashy open field runners.

Euill, 175-pound senior, has gained 461 yards in 98 carries—an average of 4.7 yards per carry. Though considered small as fullbacks go, he's been thrown for losses amounting to only nine yards all season.

Thompson, 157-pound junior, has gained 376 yards in 96 carries for a 3.7 average. He's the team scoring leader with 26 points on four touchdowns and a conversion. A capable runner and pass catcher, Thompson also excells on defense.

Veteran quarterback Roger Ours hasn't crossed opponents' goal lines with the regularity of last year, but has been a capable performer, completing 40 of his passes (21 of 53) and gaining 221 yards in 67 attempts.

Ours has three touchdowns and a conversion to his credit this season. Last year he neared a school scoring record with 86 points on 11 touchdowns and 10 conversions.

Woods has alternated Frank Luckino and Mark Leyda at the halfback posts. Luckino shows 168 yards gained in 27 carries and Leyda 190 yards in 35.

The fleet Leyda streaked 82 yards against Weirton Madonna for the team's longest strike of the year. He's also hauled in nine passes for 71 yards.

The Tiger offense has proven consistent with someone scoring in every game, but their 4-4 record seems to indicate the truth in the theory, "it's what's up front that counts."

The defense has given up 17 touchdowns and an average of 189 yards per game in rushing. Opponents also show an edge in first downs of 96-to-83.

But the Tigers haven't been easy prey for anyone, and the stellar play of tackles Mike Thompson and Alvin Jackson and end Jack Culp has helped shore up the defensive fortifications.

Those three will start on the front wall Saturday, along with Andy Dash at the other end, Jack Cataldo at center and Mike Rubino and Roger Miller at guards. Due for early action are Gene Delposen, Mike Welch and Earl Wisor.

Generating the intense rivalry for the Beaver Local game is the 6-2 upset victory the Beavers pulled in 1959 in Woods' second year at the Wellsville helm.

It hasn't been forgotten by Wellsville fans, even though the Tigers romped to a 38-6 victory in 1960.

READY FOR ACTION in a big game Saturday night are these five backs who represent Wellsville High's offensive punch. Standing, from the left, are halfback Alvin Thompson, quarterback Roger Ours and fullback John Euill. Frank Luckino, left, and Mark Leyda, kneeling, alternate at the halfback posts. The Tigers wheel against rival Beaver Local at Patterson Field.

'Beat Salem Week' Rally Set Tonight

The "Beat Salem Week" campaign hits its peak tonight at 7 with a rally on the stage of the State Theater. Taking part in the rally will be the East Liverpool High School Band, cheerleaders, coaches and members of the Potter football squad. Members of the squad will be introduced by George F. Mueller, who will act as master of ceremonies for the event.

Here's District Grid Schedule This Week

Friday

Salem at East Liverpool
Salineville at Newell
Louisville at East Palestine
Leetonia at Sebring
Lisbon at Columbiana
New Cumberland at Jefferson Union

Saturday

Beaver Local vs. Wellsville at Patterson Field
Midland at Freedom
United at Canfield
Crestview at Greenford

A year ago at this time the Salem Quakers were sailing along undefeated and then ran into a stumbling block made of Blue and White granite.

East Liverpool's 8-6 victory over the Quakers knocked them out of an undefeated season in 1960 and that is even more reason for Salem to be aroused when the two teams clash Friday night at Patterson Field. The contest will get underway at 7:45.

Friday's game will mark the 43rd meeting for the two Columbiana County schools.

The Quakers won't have to worry about a perfect record this year, but Coach Blaine Morton's boys are on the winning side of the ledger with a 5-3 mark.

Salem will invade Patterson Field a one-touchdown favorite, but is fresh from suffering a 6-0 setback at the hands of Boardman last Friday night.

While the Quakers were losing last week, East Liverpool turned in its third win in seven games by topping Bellaire St. John's.

Bill Beery, a junior quarterback, is Salem's main threat. In eight games he has scored six touchdowns. The 175 - pounder doesn't get much of an opportunity to throw since Morton's offense is pretty much like that used by Woody Hayes at Ohio State.

Beery has attempted 30 passes and completed eight for only 75 yards, so it looks like the Potters will have to stop the grinding out tactics of the Quakers.

In last week's loss to Boardman, Beery suffered a broken nose early in the contest but remained in the game. He will be ready for Friday's battle.

Dave Edling represents Salem's main break-away threat. A 150-pounder, he is averaging 6.3 yards per carry.

Playing the fullback spot and the bread and butter man for the Quakers is Fred Kaiser, a 185-pounder. He has scored five touchdowns this season.

Salem, under Morton, has been noted for having a hard - running fullback. Last year it was Ron Janovec, a 200 - pounder, who the Potters found hard to stop.

Rounding out the backfield is Jim Gibb, a 160 - pounder who will be at right halfback.

Salem will have a slight edge in weight on the line.

The ends will be John Panezott and Bob Steele, just shy of the 165-pound mark. Ty Enders and Butch Crawford, a couple of huskies, will man the tackle spots. Enders tips the scales at 196 and Crawford at 202.

Roger DeCrow (163) and Bob Oswald (160) get the call at guards, while George Johnston, a 184-pounder, goes to center.

Salem has victories over Struthers, 16-0; Youngstown North, 28-14; Ravenna 22-6; Marietta 20-8, and Wellsville, 16-8.

The defeats have come at the hands of Farrell, Pa., 22-6; Akron Hoban, 28-8, and Boardman, 6-0.

NC's Fine Quarterback Leading Losing Cause

By JACK CLARY
Associated Press Sports Writer

Whatever happened to Roman Gabriel, the North Carolina State quarterback touted by many as the nation's best college football player this year?

The answer: Nothing and he still may well be the No. 1 college player. He certainly will make it tough for any contenders at his position. The only trouble is that his isn't a winning team so far, getting only two victories in six starts.

Gabriel ranks fifth nationally in forward passing, completing 65 of 123 attempts for 608 yards and six touchdowns. His 60.8 completion percentage is among the top ten.

Offensively, he has scored twice in addition to his six TD tosses, one of which got the Wolfpack a 7-0 victory over Wake Forest. He passed for two others in a 21-14 victory over Virginia, and has scored or accounted for touchdowns in the other four games.

This week Gabriel tries his wares against Mississippi Southern.

Michigan State, the nation's No. 1 team, probably will have halfback Gary Ballman for its crucial Big Ten game against once-beaten Minnesota. Coach Duffy Daugherty, who said "we needed the workout to sharpen our squad," made it through a midweek scrimmage yesterday without any damage.

Notre Dame Coach Joe Kuharich tried to solve his multiple injury problems by putting Gerry Gray at fullback for Mike Lind; Ed Hoerster at center for Tom Hecomovich; Bob Lehman at guard for Nick Buonnoconti, and also inserted Dennis Murphy and Clay Stephens at ends.

Coach Ben Schwartzwalder said his Syracuse team will have to score four touchdowns this week to beat Pitt in the East's top game.

Mahovlich, Leafs Stop Montreal, 3-2

By The Associated Press

Frank Mahovlich and the Toronto Maple Leafs finally put the brakes on the Montreal Canadien steamroller.

Mahovlich, whose 48 goals last season were just two shy of the all-time National Hockey League record, rifled home the winner Wednesday night as Toronto stopped Montreal 3-2, the Canadiens' first loss of the season.

Montreal, which had won seven and tied one going into the game, remained in first place, one point ahead of New York. The Toronto-Montreal match was the only action in the league.

Results Of Examination Waited

Hornung Can Play For Next 2 Weeks

CHICAGO (AP) — National Football League scoring champion Paul Hornung of the Green Bay Packers is free to play football the next two weeks pending results of a special examination to determine if he is physically fit for the Army.

Hornung is expected to leave the U.S. Navy Hospital at Great Lakes, Ill., today. Fifth Army headquarters announced Wednesday that he would not be called to military service until Nov. 14. He has orders from the 14th U.S. Army Corps headquarters at Minneapolis to report to Ft. Riley, Kan., for duty assignment to the 86th Engineer Company, "providing he is found physically qualified."

Hornung, who is suffering a pinched neck nerve which has sidelined him on occasions, will be available for duty with the defending Western Division champion Packers for games with the Baltimore Colts and the Chicago Bears the next two Sundays.

At Green Bay, Coach Vince Lombardi said: "I haven't the slightest idea if Hornung will play against the Colts Sunday. He has not been at practice and I don't know about that pinched nerve. We have accepted the fact that we are going to lose men to the military service. Our morale is excellent. We are in this business for one thing—to win."

Hornung entered the hospital for a special examination after a preliminary test Oct. 24 canceled an original date to report to Ft. Riley for active Army duty last Monday. Results of the test will be made known between now and his scheduled reporting date Nov. 14, it was announced.

Baylor, West Team Up To Down Royals

By The Associated Press

The way the Los Angeles Lakers are going they may very well win the Western Division championship of the National Basketball Association this year.

With Elgin Baylor and Jerry West combining for a total of 71 points the Lakers won their fifth straight Wednesday night, 120-115 over Cincinnati. In the other NBA game of the night the Detroit Pistons won their first game of the season, 111-95 over New York.

Baylor threw in 15 field goals and 11 free throws for his 41 points. He now has 239 points in seven games, second only to Wilt Chamberlain's league-leading total of 256.

Detroit ended its 4-game losing streak by pulling away from New York in the third quarter on successive baskets by Gene Shue, Don Ohl and Bailey Howell. This gave the Pistons a 75-63 lead and the Knicks never threatened thereafter.

Spartan Fullback Tied For 9th In Scoring

NEW YORK (AP) — Michigan State fullback George Saimes of Canton, Ohio, is tied with Dick Drummond of George Washington as the ninth most prolific major college scorer in the country, the NCAA Service Bureau reported today.

Saimes and Drummond have scored 42 points on seven touchdowns.

Now Top Scorer In AFL

Cappelletti Had To Beg Boston Team For Chance

By BOB SALMON
Associated Press Sports Writer

BOSTON (AP) — Note to pro football scouts: Head for the sandlots and park leagues men. There may be gold in that there dust.

Dapper Gino Cappelletti of the Boston Patriots is one solid gold example of that. Cappelletti, who leads the American Football League in scoring, ranks fourth in pass receiving and who could possibly be named the AFL's most valuable player this year, was playing six-man touch football only two years ago.

"I was pretty discouraged about my chances of playing pro football," says Gino, who looks more like a successful young securities salesman than a pro player. "I was in business in Minneapolis, my home town, and with my brother, Guido, and a friend played touch football in the park league that year, just to keep in shape, I guess."

The following spring Cappelletti had to plead for a chance to try out with the infant Patriots. "They asked me what I played and though I was a quarterback I knew the mortality rate of quarterbacks at tryout camps, so I said I was a defensive back and a placekicker."

And that was where the six-foot, 187-pound Cappeletti played last season with Boston. He never got into action as an offensive player until the final game. His name was known to fans mainly as "the guy who kicks the points after the Patriots score."

What brought about the transition from defense to offense?

"A real lucky thing," says Gino. "(Coach) Mike Holovak asked me to fill in for Jimmy Colclough one day when we were running pass patterns—just to keep things going while Jim ran back to the line of scrimmage from a pass. Holovak liked my moves and we started working."

Wilkinson's Son Takes Lead In Punt Returns

NEW YORK (AP)—Duke junior Jay Wilkinson, son of Oklahoma Coach Bud Wilkinson, used a fine performance against North Carolina State to take over the major college lead in punt returns, the NCAA Service Bureau reported today.

Wilkinson returned five punts 160 yards, including an 82-yard touchdown gallop, against North Carolina State last week, boasting his season total of 252 yards on 12 punt returns.

Wilkinson also owns the best average, 21 yards per runback, among those making a comparable number of returns.

Other leaders include sophomore Pete Pedro of West Texas State, who continues as the scoring leader, Idaho senior Dick Mooney in kickoff returns and Hugh Campbell of Washington State, the top pass catcher.

Pedro has 16 touchdowns for 96 points, but is closely pressed by New Mexico State's James Pilot with 90.

Mooney returned five kickoffs 81 yards against Utah State last week and retained his lead in that department with a total of 326 yards on 17 returns.

Campbell has grabbed 35 passes in 6 games, 10 more than Pat Richter of Wisconsin, the runner-up. Campbell also has the most pass receiving yardage, 469.

Wellsville Rally Slated Friday Night

A giant pep rally promoting "Beat Beaver Local" will be held at Wellsvile Friday night.

The rally will be held at the American Legion Post 70 parking lot at 7:30. It is being sponsored by the post, the auxiliary and the Curbstone Coaches Association.

The rally will be preceded by a parade from the high school. The parade, in charge of the Student Council, will form at 7 p. m. and move up Main St. to the parking lot.

Team members, coaches and cheerleaders will ride in cars provided by Wellsville auto dealers.

Ken Woods, head coach, will serve as master of ceremonies at the rally and each team member will be given an opportunity to speak.

William Bratt, William Boyce and Charles Andrews are in charge of the bonfire which will be lighted. They also will install the platform and public address system.

Jerome Gitschier is general chairman. Following the rally the team members will be fed. Emil Cataldo, Herman Liberatore, Mr. and Mrs. Howard Watkins and members of the auxiliary are handling this phase.

James Faloon of Faloon's Market has donated all the supplies.

Members of the Curbstone Coaches will attend the Wellsville-Beaver Local game in a group Saturday night at Patterson Field.

Gordy Coleman, Cincinnati first baseman, grounded out his first four times at bat in the World Series. On the fifth occasion he homered into the Yankee Stadium bullpen against Ralph Terry, the Yankee hurler who gave up the series winning homer to Pirate Bill Mazeroski in 1960.

WHS Enters Contest With 4-4 Record

By CHUCK CRONIN
Review Sports Writer

Having had little time to celebrate last week's homecoming victory, Wellsville High's Tigers continue to drill in earnest for Saturday night's "game of the week" against Beaver Local.

Coach Ken Woods reports squad spirit running high and all performers in top physical shape for the prestige battle at Patterson Field in East Liverpool.

The Tigers (4-4) have managed at least one touchdown against every opponent in a topsy - turvy season, but have had their woes defensively in yielding 116 points.

Against the Beavers, they will meet one of the district's top defensive teams, a fact of which Coach Woods is well aware.

"They have a lot of fire, a real aggressive club with a good defense and plenty of hustle," the Tiger mentor declared.

"Their defense is what we will have to beat — you have to score to win — and no doubt they will give us a rough time," Woods added.

"But if my kids play up to their potential, it should be a good game," he said.

A pre-season pick for district honors, the Tigers have encountered unexpected defensive problems along the way and a chance to emerge with at least a .500 season may rest on Saturday night's big game.

After the Beaver, Wellsville has a home date with strong Warren St. Mary's in the finale.

While the Tigers have appeared ragged in several games, there have been plenty of exciting moments for their followers thus far.

A strong ground game which has produced 99 points has helped smooth out the wrinkles caused by lack of manpower and a weak interior line.

Biggest weapons in the Tiger arsenal have been fullback John Euill and halfback Alvin Thompson, both flashy open field runners.

Euill, 175-pound senior, has gained 461 yards in 98 carries—an average of 4.7 yards per carry. Though considered small as fullbacks go, he's been thrown for losses amounting to only nine yards all season.

Thompson, 157-pound junior, has gained 376 yards in 96 carries for a 3.7 average. He's the team scoring leader with 26 points on four touchdowns and a conversion. A capable runner and pass catcher, Thompson also excells on defense.

Veteran quarterback Roger Ours hasn't crossed opponents' goal lines with the regularity of last year, but has been a capable performer, completing 40 of his passes (21 of 53) and gaining 221 yards in 67 attempts.

Ours has three touchdowns and a conversion to his credit this season. Last year he neared a school scoring record with 86 points on 11 touchdowns and 10 conversions.

Woods has alternated Frank Luckino and Mark Leyda at the halfback posts. Luckino shows 168 yards gained in 27 carries and Leyda 190 yards in 35.

The fleet Leyda streaked 82 yards against Weirton Madonna for the team's longest strike of the year. He's also hauled in nine passes for 71 yards.

The Tiger offense has proven consistent with someone scoring in every game, but their 4-4 record seems to indicate the truth in the theory, "it's what's up front that counts."

The defense has given up 17 touchdowns and an average of 189 yards per game in rushing. Opponents also show an edge in first downs of 96-to-83.

But the Tigers haven't been easy prey for anyone, and the stellar play of tackles Mike Thompson and Alvin Jackson and end Jack Culp has helped shore up the defensive fortifications.

Those three will start on the front wall Saturday, along with Andy Dash at the other end, Jack Cataldo at center and Mike Rubino and Roger Miller at guards. Due for early action are Gene Delposen, Mike Welch and Earl Wisor.

Generating the intense rivalry for the Beaver Local game is the 6-2 upset victory the Beavers pulled in 1959 in Woods' second year at the Wellsville helm.

It hasn't been forgotten by Wellsville fans, even though the Tigers romped to a 38-6 victory in 1960.

READY FOR ACTION in a big game Saturday night are these five backs who represent Wellsville High's offensive punch. Standing, from the left, are halfback Alvin Thompson, quarterback Roger Ours and fullback John Euill. Frank Luckino, left, and Mark Leyda, kneeling, alternate at the halfback posts. The Tigers wheel against rival Beaver Local at Patterson Field.

'Beat Salem Week' Rally Set Tonight

The "Beat Salem Week" campaign hits its peak tonight at 7 with a rally on the stage of the State Theater. Taking part in the rally will be the East Liverpool High School Band, cheerleaders, coaches and members of the Potter football squad. Members of the squad will be introduced by George F. Mueller, who will act as master of ceremonies for the event.

Here's District Grid Schedule This Week

Friday

Salem at East Liverpool
Salineville at Newell
Louisville at East Palestine
Leetonia at Sebring
Lisbon at Columbiana
New Cumberland at Jefferson Union

Saturday

Beaver Local vs. Wellsville at Patterson Field
Midland at Freedom
United at Canfield
Crestview at Greenford

A year ago at this time the Salem Quakers were sailing along undefeated and then ran into a stumbling block made of Blue and White granite.

East Liverpool's 8-6 victory over the Quakers knocked them out of an undefeated season in 1960 and that is even more reason for Salem to be aroused when the two teams clash Friday night at Patterson Field. The contest will get underway at 7:45.

Friday's game will mark the 43rd meeting for the two Columbiana County schools.

The Quakers won't have to worry about a perfect record this year, but Coach Blaine Morton's boys are on the winning side of the ledger with a 5-3 mark.

Salem will invade Patterson Field a one-touchdown favorite, but is fresh from suffering a 6-0 setback at the hands of Boardman last Friday night.

While the Quakers were losing last week, East Liverpool turned in its third win in seven games by topping Bellaire St. John's.

Bill Beery, a junior quarterback, is Salem's main threat. In eight games he has scored six touchdowns. The 175 - pounder doesn't get much of an opportunity to throw since Morton's offense is pretty much like that used by Woody Hayes at Ohio State.

Beery has attempted 30 passes and completed eight for only 75 yards, so it looks like the Potters will have to stop the grinding out tactics of the Quakers.

In last week's loss to Boardman, Beery suffered a broken nose early in the contest but remained in the game. He will be ready for Friday's battle.

Dave Edling represents Salem's main break-away threat. A 150-pounder, he is averaging 6.3 yards per carry.

Playing the fullback spot and the bread and butter man for the Quakers is Fred Kaiser, a 185-pounder. He has scored five touchdowns this season.

Salem, under Morton, has been noted for having a hard - running fullback. Last year it was Ron Janovec, a 200 - pounder, who the Potters found hard to stop.

Rounding out the backfield is Jim Gibb, a 160 - pounder who will be at right halfback.

Salem will have a slight edge in weight on the line.

The ends will be John Panezott and Bob Steele, just shy of the 165-pound mark. Ty Enders and Butch Crawford, a couple of huskies, will man the tackle spots. Enders tips the scales at 196 and Crawford at 202.

Roger DeCrow (163) and Bob Oswald (160) get the call at guards, while George Johnston, a 184-pounder, goes to center.

Salem has victories over Struthers, 16-0; Youngstown North, 28-14; Ravenna 22-6; Marietta 20-8, and Wellsville, 16-8.

The defeats have come at the hands of Farrell, Pa., 22-6; Akron Hoban, 28-8, and Boardman, 6-0.

NC's Fine Quarterback Leading Losing Cause

By JACK CLARY
Associated Press Sports Writer

Whatever happened to Roman Gabriel, the North Carolina State quarterback touted by many as the nation's best college football player this year?

The answer: Nothing and he still may well be the No. 1 college player. He certainly will make it tough for any contenders at his position. The only trouble is that his isn't a winning team so far, getting only two victories in six starts.

Gabriel ranks fifth nationally in forward passing, completing 65 of 123 attempts for 608 yards and six touchdowns. His 60.8 completion percentage is among the top ten.

Offensively, he has scored twice in addition to his six TD tosses, one of which got the Wolfpack a 7-0 victory over Wake Forest. He passed for two others in a 21-14 victory over Virginia, and has scored or accounted for touchdowns in the other four games.

This week Gabriel tries his wares against Mississippi Southern.

Michigan State, the nation's No. 1 team, probably will have halfback Gary Ballman for its crucial Big Ten game against once-beaten Minnesota. Coach Duffy Daugherty, who said "we needed the workout to sharpen our squad," made it through a midweek scrimmage yesterday without any damage.

Notre Dame Coach Joe Kuharich tried to solve his multiple injury problems by putting Gerry Gray at fullback for Mike Lind; Ed Hoerster at center for Tom Hecomovich; Bob Lehman at guard for Nick Buonnoconti, and also inserted Dennis Murphy and Clay Stephens at ends.

Coach Ben Schwartzwalder said his Syracuse team will have to score four touchdowns this week to beat Pitt in the East's top game.

Mahovlich, Leafs Stop Montreal, 3-2

By The Associated Press

Frank Mahovlich and the Toronto Maple Leafs finally put the brakes on the Montreal Canadien steamroller.

Mahovlich, whose 48 goals last season were just two shy of the all-time National Hockey League record, rifled home the winner Wednesday night as Toronto stopped Montreal 3-2, the Canadiens' first loss of the season.

Montreal, which had won seven and tied one going into the game, remained in first place, one point ahead of New York. The Toronto-Montreal match was the only action in the league.

Results Of Examination Waited

Hornung Can Play For Next 2 Weeks

CHICAGO (AP) — National Football League scoring champion Paul Hornung of the Green Bay Packers is free to play football the next two weeks pending results of a special examination to determine if he is physically fit for the Army.

Hornung is expected to leave the U.S. Navy Hospital at Great Lakes, Ill., today. Fifth Army headquarters announced Wednesday that he would not be called to military service until Nov. 14. He has orders from the 14th U.S. Army Corps headquarters at Minneapolis to report to Ft. Riley, Kan., for duty assignment to the 86th Engineer Company, "providing he is found physically qualified."

Hornung, who is suffering a pinched neck nerve which has sidelined him on occasions, will be available for duty with the defending Western Division champion Packers for games with the Baltimore Colts and the Chicago Bears the next two Sundays.

At Green Bay, Coach Vince Lombardi said: "I haven't the slightest idea if Hornung will play against the Colts Sunday. He has not been at practice and I don't know about that pinched nerve. We have accepted the fact that we are going to lose men to the military service. Our morale is excellent. We are in this business for one thing—to win."

Hornung entered the hospital for a special examination after a preliminary test Oct. 24 canceled an original date to report to Ft. Riley for active Army duty last Monday. Results of the test will be made known between now and his scheduled reporting date Nov. 14, it was announced.

Baylor, West Team Up To Down Royals

By The Associated Press

The way the Los Angeles Lakers are going they may very well win the Western Division championship of the National Basketball Association this year.

With Elgin Baylor and Jerry West combining for a total of 71 points the Lakers won their fifth straight Wednesday night, 120-115 over Cincinnati. In the other NBA game of the night the Detroit Pistons won their first game of the season, 111-95 over New York.

Baylor threw in 15 field goals and 11 free throws for his 41 points. He now has 239 points in seven games, second only to Wilt Chamberlain's league-leading total of 256.

Detroit ended its 4-game losing streak by pulling away from New York in the third quarter on successive baskets by Gene Shue, Don Ohl and Bailey Howell. This gave the Pistons a 75-63 lead and the Knicks never threatened thereafter.

Spartan Fullback Tied For 9th In Scoring

NEW YORK (AP) — Michigan State fullback George Saimes of Canton, Ohio, is tied with Dick Drummond of George Washington as the ninth most prolific major college scorer in the country, the NCAA Service Bureau reported today.

Saimes and Drummond have scored 42 points on seven touchdowns.

Now Top Scorer In AFL

Cappelletti Had To Beg Boston Team For Chance

By BOB SALMON
Associated Press Sports Writer

BOSTON (AP) — Note to pro football scouts: Head for the sandlots and park leagues men. There may be gold in that there dust.

Dapper Gino Cappelletti of the Boston Patriots is one solid gold example of that. Cappelletti, who leads the American Football League in scoring, ranks fourth in pass receiving and who could possibly be named the AFL's most valuable player this year, was playing six-man touch football only two years ago.

"I was pretty discouraged about my chances of playing pro football," says Gino, who looks more like a successful young securities salesman than a pro player. "I was in business in Minneapolis, my home town, and with my brother, Guido, and a friend played touch football in the park league that year, just to keep in shape, I guess."

The following spring Cappelletti had to plead for a chance to try out with the infant Patriots. "They asked me what I played and though I was a quarterback I knew the mortality rate of quarterbacks at tryout camps, so I said I was a defensive back and a placekicker."

And that was where the six-foot, 187-pound Cappeletti played last season with Boston. He never got into action as an offensive player until the final game. His name was known to fans mainly as "the guy who kicks the points after the Patriots score."

What brought about the transition from defense to offense?

"A real lucky thing," says Gino. "(Coach) Mike Holovak asked me to fill in for Jimmy Colclough one day when we were running pass patterns—just to keep things going while Jim ran back to the line of scrimmage from a pass. Holovak liked my moves and we started working."

Wilkinson's Son Takes Lead In Punt Returns

NEW YORK (AP)—Duke junior Jay Wilkinson, son of Oklahoma Coach Bud Wilkinson, used a fine performance against North Carolina State to take over the major college lead in punt returns, the NCAA Service Bureau reported today.

Wilkinson returned five punts 160 yards, including an 82-yard touchdown gallop, against North Carolina State last week, boasting his season total of 252 yards on 12 punt returns.

Wilkinson also owns the best average, 21 yards per runback, among those making a comparable number of returns.

Other leaders include sophomore Pete Pedro of West Texas State, who continues as the scoring leader, Idaho senior Dick Mooney in kickoff returns and Hugh Campbell of Washington State, the top pass catcher.

Pedro has 16 touchdowns for 96 points, but is closely pressed by New Mexico State's James Pilot with 90.

Mooney returned five kickoffs 81 yards against Utah State last week and retained his lead in that department with a total of 326 yards on 17 returns.

Campbell has grabbed 35 passes in 6 games, 10 more than Pat Richter of Wisconsin, the runner-up. Campbell also has the most pass receiving yardage, 469.

Pittsburg, Kan. Remains On Top

By The Associated Press

Unbeaten and united Pittsburg (Kan.) State, 40-0 victor over Washburn last week, retained its No. 1 rating in The Associated Press' weekly small college football poll.

The Gorillas, who have outscored their opponents 230 to 6 in winning 7 straight games, drew 6 of the 8 first-place ballots and 71 of a possible 80 points.

Baldwin Wallace won its fifth straight last week and advanced from third to second.

Hofstra, Northwest Louisiana and West Chester (Pa.) dropped out of the top ten and were replaced by Florida A&M (No. 7), Mississippi Southern (No. 8) and Lamar Tech and Linfied, (Ore.), tied for 10th.

The top ten (points figured on a basis of 10-9-8-7-6-5-4-3-2-1 from first through tenth places (first place votes in parentheses):

Ruth's 60th Home Run Ball In Savannah, Ga.

By ROSS M. HAGEN

SAVANNAH, Ga. (AP) — The man who caught Babe Ruth's 60th home run ball wanted to trade it for the Babe's bat or glove but his uncle would not let him.

H. D. Siegel is happy today that his uncle was so stubborn.

Siegel was 14 on that eventful day in September, 1927, when Ruth powered one of Tom Zachary's pitches into the right field stand close to the foul line. There was a mad scramble for the ball, and young Siegel came up with it.

"We knew there was something kind of special about it but didn't take it too seriously," Siegel said. "After all, it was just another home run by Babe Ruth.

"After the game my uncle, Harry Valencia, and I went up to the Yankee dressing room where he got all of the Yankees to autograph the ball except Jumpin' Joe Dugan. I don't know how we missed him.

"While we were there, Babe offered me a glove or a bat for the ball. I really wanted that glove. It was a beautiful white one with four fingers. It was left-handed, too, but I didn't care."

Siegel said his uncle refused to return the ball and finally gave it to the youngster's father instead.

"I never got that ball back until two years after I was married," Siegel said.

"Actually, it's pretty lucky for me that my uncle kept it. The ball probably would have ended up in a sandlot game like several others we caught at the stadium."

Siegel, a Savannah clothing store manager, keeps the ball encased in a plastic cocoon mounted on a miniature baseball diamond in his home.

"I have never tried to sell the ball or capitalize on it," he said. "And I don't intend to," he added. "That ball is mine and it's not for sale. A few years back I wrote the Baseball Hall of Fame in Cooperstown, N.Y., and asked if they would be interested in it. They replied yes. I intend to give it to my son, and he can do with it as he wishes."

Still Golfer To Watch In Almaden Tourney

SAN JOSE, Calif. (AP) — Ken Still of Tacoma, Wash., unheralded when he came to town, was the golfer to watch today as the $10,000 Almaden Open got under way.

Still drilled a four-under-par 68 Wednesday over the tough 7,035-yard course and won the pro-amateur tuneup for the 72-hole test that began today and winds up Sunday.

Still beat Larry Mowry of Bonita by a stroke. Warren MacCarty of Colusa and Ken Venturi of San Francisco tied for third with 70s.

Stephen's Leads Big 10 In Offense

CHICAGO (AP) — Minnesota quarterback Sandy Stephens' injured ankle completely mended two weeks ago and since then he has stormed into the total offense lead of the Big Ten.

Stephens' great running and passing in successive victories over Illinois and Michigan boosted his yardage to 567—198 by rushing and 369 passing—according to official conference statistics today.

The 212-pound senior gained 160 yards in 17 rushes and passed for 144 for a total of 304 in 47 plays against Michigan last week. The total yardage was only four short of matching the Big Ten record set by Tony Curcillo of Ohio State against Iowa in 1951.

Ohio State's Bob Ferguson is the rushing king with 326 yards in 58 carries for a 5.6 average. The best ball-carrying average, however, belongs to Stephens with 6.2. He is second to Ferguson in ground gaining with a net of 198 yards. Michigan State Fullback George Saimes of Canton, Ohio, ranks third with 171 yards in 31 carries for a 5.5 average.

Matt Szykowny of Iowa, mainly because of a .625 completion average, is ranked the No. 1 passer. He has hit on 35 of 56 attempts for 381 yards and four touchdowns. Miller is ranked second.

Ohio State has taken over the team offense lead, averaging 382.3 yards (318.3 rushing and 64 passing) in three games.

Minnesota's defense is tops, yielding an average of 157.3 yards a game—118 on the ground and 39.3 in the air—and 7.7 points.

CBS Returns To Gettysburg

"CBS Reports," a TV documentary series in singular pursuit of the excellent and significant, is returning to Gettysburg for further talks with Dwight Eisenhower, has filmed a new Carl Sandburg hour on Lincoln, and is readying a two-part inquiry into what we do "In Case of War" and "In Case of Peace." CBS newsman Walter Cronkite, who filmed some 10 hours of conversations with Mr. Eisenhower last spring for a projected three-part series of hour-back to the former President's farm "in the next week or two" to get the General's views on "some areas we didn't cover," executive producer Fred Friendly disclosed.

-:-

FRIENDLY SAID that Mr. Eisenhower is "exuberant" over the public response to his first appearance on the series on Oct. 12.

"He got thousands of letters," the producer reported.

The second edition of the talks will be televised in late November, probably on Thanksgiving night, Nov. 23. The third is unscheduled.

The Lincoln program will be a sequel to "Carl Sandburg at Gettysburg," a highlight of the "CBS Reports" last spring. This one will be titled "The Prairie Years."

—:—

IT WAS FILMED earlier this month when CBS chief Washington correspondent Howard K. Smith spent a week with the poet and Lincoln biographer visiting Springfield, Ill., and other scenes of the Civil War President's early life.

Friendly said the program might be scheduled near Lincoln's birthday next February.

Smith also is the reporter-narrator of the "tandem" of war and peace studies, the working title of which is "The Balance of Terror."

Friendly said he had considered titling the first part, to be aired Nov. 9, "The Quiet Panic." It will attempt to assess what would happen to us, how we would react, and what we ought to do "in case of a war which we say is unthinkable, but which we know could happen."

The followup report, "In Case of Peace," as yet unscheduled, will consider such questions as arms control.

-:-

THERE WILL BE no television "show" from the first U.S. manned spaceship while it is in orbit. A spokesman for the National Aeronautics and Space Administration scotched a story that development of a lightweight TV camera had led NASA to consider "a worldwide telecast" from the spaceship.

Paul Haney, chief of the NASA news division, told this writer the idea of including TV cameras in the space package was ruled out sometime ago as "too much of a space factor" and redesigning the Mercury capsule at this point probably would delay it six months.

"At least the first few" orbital flights will go without TV, Haney predicted.

Film shot by three movie cameras in the spaceship undoubtedly will be made available to TV after the capsule returns to earth, the official added.

Mechanic Cited In Pistol Slaying

GREENUP, Ky. (AP) — A 28-year-old auto mechanic, who told police he fired a pistol in the air to scare some Halloween pranksters, has been charged with murder in the death of Douglas Bowling, 18, of Rt. 2, Greenup.

Kentucky State Police said Bowling was fatally shot Tuesday night along Ky. 2 at Shells Creek, six miles south of Greenup. Arrested was Curtis Lee Stephens of Kehoe.

Troopers gave this account:

Bowling was with a group of five or six youths out Halloweening. Stephens, driving along the highway, stopped his car after the youths had thrown some corn on it. Stephens told authorities he fired his .22 caliber pistol nine times in the air to scare the youths.

Bowling told his friends, "I've been shot." Then fell down. His friends at first thought he was kidding. A .22 caliber bullet had penetrated the youth's left side.

4 Candidates Ask Seats On County Board

LISBON — At least one new member of the Columbiana County Board of Education will be elected in Tuesday's balloting, which finds two incumbents and two new candidates running for three seats.

Elsewhere in the county, school board elections find a full write-in vote in the newly merged Southern Local - Franklin Local District and nine other contests besides unopposed candidates in Beaver Local and Fairfield-Waterford districts.

Atty. Donald Elliott of Rogers, president of the county board, and Olan Sanor of West Township, incumbent, seek re-election. Ben Weingart of Fairfield Township did not run for a new term.

New candidates for the county board posts are Burt W. Keck of New Waterford and Allan G. Chamberlain of Fairfield Township.

Keck is associated with his father, Henry Keck, in the Columbiana Storage Co. He is a World War II Navy veteran, commander of Glenmoor American Legion and second vice commander of the County American Legion Council. He has three children.

Chamberlain, a poultry farmer, is president of the County Farm Bureau Association and the Fairfield Parent - Teacher Association. He is married and has four sons.

Atty. Elliott, former president of the County Public Health League and second vice president of the Ohio Tuberculosis and Health Association, is married and has seven children. He ran for state senator last fall.

Sanor, former member of the West Local board, was appointed to the county board to replace Roger Stafford of Minerva. He is commander of the North Georgetown American Legion, is a poultry and dairy farmer and has five youngsters.

Five members are to be elected by write - in ballot for the merged Southern - Franklin district. The county board, which authorized the merger in September, named an interim board consisting of J. B. Fergason and Martin Adams of Salineville, John Ewing of Wayne, Jack Dangelo of Franklin and Jack Stewart of Yellow Creek.

Four candidates had been listed for Franklin and two for Southern Local prior to the merger which forced a write-in election instead of a customary vote with candidates listed upon the ballot.

In Beaver Local District, Arnold Green of Rogers and Paul Dailey of Apples Corners are seeking re-election unopposed.

George H. Garrod and Charles W. Crook are also unopposed for election to two posts in Fairfield Local District.

In United Local District, there are six candidates for three seats —Elmer R. Stamp, Willard A. Cope, Paul H. Gipp, Milton E. Steiner, Dorothy Weyant Ward and Howard Blanchard.

Contests are also slated for board seats in East Liverpool, East Palestine, Salem, Wellsville, Columbiana, Leetonia and Lisbon.

High Court Lets Reversal Stand In Kroger Case

COLUMBUS, Ohio (AP) — The Ohio Supreme Court Wednesday let stand appellate court reversal of a $1,000 award to Hilda McLain from the Kroger Co. after a splinter in the store's parking lot fence at 20 S. Verity Parkway, Middletown, pierced her leg in 1957.

In other actions, the court refused to review decisions upholding a lease held by Athens Livestock Co. on a 10-foot strip of land purchased by Ohio University, which wants control of the property.

Rejected the appeal of George Bidinger from dismissal of Pickaway County courts of his suit against the city of Circleville to enforce a contract allegedly giving him exclusive garbage collection rights.

Placed under review the refusal of Ross County courts to terminate the guardianship of Mrs. Nellie B. Breece, 84, obtained by the Huntington National Bank of Columbus after she suffered a broken arm in a fall in Chillicothe last year. Records showed that Mrs. Breece, who lives with Mr. and Mrs. Marvin Stulley in Waverly, has an annual income of about $18,000 a year from an estate valued at $750,000.

High-Climbing Boy Electrocuted In Tree

PHILADELPHIA (AP)—Christopher Murray, 10, told two friends Wednesday night he could climb higher than they could. Then he climbed a 35-foot pine tree but never came down.

Utility linemen removed his body from the tree. He apparently was electrocuted by a 2,400-volt wire within the reach of the tree.

Firemen At Scene When Fire Breaks Out

DAYTON, Ohio (AP)—When a fire broke out in the J. W. Devers & Son truck body manufacturers plant in nearby Trotwood Wednesday night, firemen didn't have to go very far to fight the blaze.

The Trotwood rescue squad is housed in the two-story brick building where the fire broke out. Next door is the Trotwood Fire Department and across the street is the Madison Twp. Fire Department.

Even with all the fire-fighting equipment so close, damage to the firm was reportedly heavy. No estimate was given.

At the time of the fire, Trotwood Mayor Robert A. McNay and Madison Twp. officials were meeting to discuss better fire fighting cooperation.

No one was injured.

$20,000 In Gold Missing From Plane

LONDON (AP) — British and Swiss police are investigating the disappearance of more than $20,000 worth of gold from a Swiss airliner last Friday.

Police said gold worth nearly $700,000 was loaded aboard the plane at London Airport. The aircraft landed first at Basle, and when it arrived at Zurich, one of the crates was missing.

Mashed potatoes, rice and spaghetti or macaroni make fine accompaniments to swiss steak.

Columbiana Has Contests In All Offices

COLUMBIANA — Oscar Bieshelt, Republican, and operator of the Columbiana Engineering Co., and Lee Harrold, Democrat, executive of the Columbiana Milling & Supply Co., seek the post of mayor in Tuesday's general election which features contests for all offices, along with proposed levies for village and schools.

Bieshelt, program chairman for the Columbiana Area Republican Men's Club, and Harrold whose father, Oliver Harrold, served on Council, are after the mayor post currently held by E. L. Calvin (D) who did not run.

Full slates are listed for the six Council seats.

Republicans include incumbents Robert Ferrall, Harry Fullerton and Dale Klingensmith along with Kenneth E. Bell, Dale G. Kampfer and Harry Oesch Sr.

The Democrat candidates are Merl C. Berryman, Walter J. Crawford, Robert E. Exten, Paul J. Flynn, Edward G. Miller and Willard Zellers.

Adin Kaufmann (D), incumbent treasurer, is opposed by W. Roy Guy (R), proprietor of the Guy Warehousing Co. Village Clerk George Snoke (R) is challenged by Ronald Hively (D).

Voters will also decide on a proposed new 1-mill current expense levy for the village for five years, and a proposed renewal of a 2-mill levy and an increase of 1 mill to provide a 3-mill levy for current expenses for five years.

Voters in the school district will ballot on a proposed renewal of three existing levies of 2, 7 and 2 mills, to provide a 11-mill levy for operating expenses for five years.

School district voters also have a slate of nine from which to select three members of the Board of Education. They include Stanley E. Yeager and J. Paul Wilms, whose terms expire, and Edwin Altomare, Virgil Blosser, Leland Bricker, Merle Esterly, Arthur Pfund Jr., Clifford Shell and Dale Young.

Four are running for three posts on the Board of Trustees of Public Affairs. They include John J. Barrow, George Herrman and Carl S. Keller, (R), and Ray W. Fisher, (D).

Akron Woman Found With Knife In Body

AKRON, Ohio (AP)—Mrs. Ruth Peevy 34, was found dead Wednesday night with a nightgown around her neck and a steak knife in her side, detectives reported.

Detectives said her husband found her body in the bedroom of their home. They said they told them he had come home with some friends at about 5:30 p.m. but could not get in the house. He and his friends left and came back at about 9:30, detectives reported.

Peevy said he finally forced open the door and found his wife's body.

Peevy and his friends were held for questioning.

Fast-Working Thieves

SAVANNAH, Ga. (AP)—John Williams went to the fair, parked his car and spent two hours on the midway. When he returned to his car he discovered fast-working thieves had removed two wheels and tires, the carburetor, battery, generator, radiator, manifold and transmission.

Witness Admits Picture Selected Wasn't Defendant

SALT LAKE CITY (AP) — A prosecution witness, under cross examination, admitted Wednesday she selected a picture of someone other than the murder trial defendant, Richard D. Straley, 29, of Massillon, Ohio, as the man she saw visiting the home of the victim.

Mrs. Rea Goddard said she was shown three pictures of men, including Straley, and that she selected another man as the one she noticed at the home here of Mrs. Ethel D. Hart. Straley is charged with first-degree murder in the June strangulation of Mrs. Hart, 73.

Police claim two strong boxes and other items were taken from Mrs. Hart's home after the death, and that Straley, a friend of the victim's son, was a guest in the house prior to the murder.

Straley was arrested by the FBI June 27 in Borrego Springs, Calif.

CBS Returns To Gettysburg

"CBS Reports," a TV documentary series in singular pursuit of the excellent and significant, is returning to Gettysburg for further talks with Dwight Eisenhower, has filmed a new Carl Sandburg hour on Lincoln, and is readying a two-part inquiry into what we do "In Case of War" and "In Case of Peace." CBS newsman Walter Cronkite, who filmed some 10 hours of conversations with Mr. Eisenhower last spring for a projected three-part series of hourback to the former President's farm "in the next week or two" to get the General's views on "some areas we didn't cover," executive producer Fred Friendly disclosed.

-:-

FRIENDLY SAID that Mr. Eisenhower is "exuberant" over the public response to his first appearance on the series on Oct. 12.

"He got thousands of letters," the producer reported.

The second edition of the talks will be televised in late November, probably on Thanksgiving night, Nov. 23. The third is unscheduled.

The Lincoln program will be a sequel to "Carl Sandburg at Gettysburg," a highlight of the "CBS Reports" last spring. This one will be titled "The Prairie Years."

—:—

IT WAS FILMED earlier this month when CBS chief Washington correspondent Howard K. Smith spent a week with the poet and Lincoln biographer visiting Springfield, Ill., and other scenes of the Civil War President's early life.

Friendly said the program might be scheduled near Lincoln's birthday next February.

Smith also is the reporter-narrator of the "tandem" of war and peace studies, the working title of which is "The Balance of Terror."

Friendly said he had considered titling the first part, to be aired Nov. 9, "The Quiet Panic."It will attempt to assess what would happen to us, how we would react, and what we ought to do "in case of a war which we say is unthinkable, but which we know could happen."

The followup report, "In Case of Peace," as yet unscheduled, will consider such questions as arms control.

-:-

THERE WILL BE no television "show" from the first U.S. manned spaceship while it is in orbit. A spokesman for the National Aeronautics and Space Administration scotched a story that development of a lightweight TV camera had led NASA to consider "a worldwide telecast" from the spaceship.

Paul Haney, chief of the NASA news division, told this writer the idea of including TV cameras in the space package was ruled out sometime ago as "too much of a space factor" and redesigning the Mercury capsule at this point probably would delay it six months.

"At least the first few" orbital flights will go without TV, Haney predicted.

Film shot by three movie cameras in the spaceship undoubtedly will be made available to TV after the capsule returns to earth, the official added.

Mechanic Cited In Pistol Slaying

GREENUP, Ky. (AP) — A 28-year-old auto mechanic, who told police he fired a pistol in the air to scare some Halloween pranksters, has been charged with murder in the death of Douglas Bowling, 18, of Rt. 2, Greenup.

Kentucky State Police said Bowling was fatally shot Tuesday night along Ky. 2 at Shells Creek, six miles south of Greenup. Arrested was Curtis Lee Stephens of Kehoe.

Troopers gave this account:

Bowling was with a group of five or six youths out Halloweening. Stephens, driving along the highway, stopped his car after the youths had thrown some corn on it. Stephens told authorities he fired his .22 caliber pistol nine times in the air to scare the youths.

Bowling told his friends, "I've been shot." Then fell down. His friends at first thought he was kidding. A .22 caliber bullet had penetrated the youth's left side.

4 Candidates Ask Seats On County Board

LISBON — At least one new member of the Columbiana County Board of Education will be elected in Tuesday's balloting, which finds two incumbents and two new candidates running for three seats.

Elsewhere in the county, school board elections find a full write-in vote in the newly merged Southern Local - Franklin Local District and nine other contests besides unopposed candidates in Beaver Local and Fairfield-Waterford districts.

Atty. Donald Elliott of Rogers, president of the county board, and Olan Sanor of West Township, incumbent, seek re-election. Ben Weingart of Fairfield Township did not run for a new term.

New candidates for the county board posts are Burt W. Keck of New Waterford and Allan G. Chamberlain of Fairfield Township.

Keck is associated with his father, Henry Keck, in the Columbiana Storage Co. He is a World War II Navy veteran, commander of Glenmoor American Legion and second vice commander of the County American Legion Council. He has three children.

Chamberlain, a poultry farmer, is president of the County Farm Bureau Association and the Fairfield Parent - Teacher Association. He is married and has four sons.

Atty. Elliott, former president of the County Public Health League and second vice president of the Ohio Tuberculosis and Health Association, is married and has seven children. He ran for state senator last fall.

Sanor, former member of the West Local board, was appointed to the county board to replace Roger Stafford of Minerva. He is commander of the North Georgetown American Legion, is a poultry and dairy farmer and has five youngsters.

Five members are to be elected by write - in ballot for the merged Southern - Franklin district. The county board, which authorized the merger in September, named an interim board consisting of J. B. Fergason and Martin Adams of Salineville, John Ewing of Wayne, Jack Dangelo of Franklin and Jack Stewart of Yellow Creek.

Four candidates had been listed for Franklin and two for Southern Local prior to the merger which forced a write-in election instead of a customary vote with candidates listed upon the ballot.

In Beaver Local District, Arnold Green of Rogers and Paul Dailey of Apples Corners are seeking re-election unopposed.

George H. Garrod and Charles W. Crook are also unopposed for election to two posts in Fairfield Local District.

In United Local District, there are six candidates for three seats —Elmer R. Stamp, Willard A. Cope, Paul H. Gipp, Milton E. Steiner, Dorothy Weyant Ward and Howard Blanchard.

Contests are also slated for board seats in East Liverpool, East Palestine, Salem, Wellsville, Columbiana, Leetonia and Lisbon.

High Court Lets Reversal Stand In Kroger Case

COLUMBUS, Ohio (AP) — The Ohio Supreme Court Wednesday let stand appellate court reversal of a $1,000 award to Hilda McLain from the Kroger Co. after a splinter in the store's parking lot fence at 20 S. Verity Parkway, Middletown, pierced her leg in 1957.

In other actions, the court refused to review decisions upholding a lease held by Athens Livestock Co. on a 10-foot strip of land purchased by Ohio University, which wants control of the property.

Rejected the appeal of George Bidinger from dismissal of Pickaway County courts of his suit against the city of Circleville to enforce a contract allegedly giving him exclusive garbage collection rights.

Placed under review the refusal of Ross County courts to terminate the guardianship of Mrs. Nellie B. Breece, 84, obtained by the Huntington National Bank of Columbus after she suffered a broken arm in a fall in Chillicothe last year. Records showed that Mrs. Breece, who lives with Mr. and Mrs. Marvin Stulley in Waverly, has an annual income of about $18,000 a year from an estate valued at $750,000.

High-Climbing Boy Electrocuted In Tree

PHILADELPHIA (AP)—Christopher Murray, 10, told two friends Wednesday night he could climb higher than they could. Then he climbed a 35-foot pine tree but never came down.

Utility linemen removed his body from the tree. He apparently was electrocuted by a 2,400-volt wire within the reach of the tree.

Firemen At Scene When Fire Breaks Out

DAYTON, Ohio (AP)—When a fire broke out in the J. W. Devers & Son truck body manufacturers plant in nearby Trotwood Wednesday night, firemen didn't have to go very far to fight the blaze.

The Trotwood rescue squad is housed in the two-story brick building where the fire broke out. Next door is the Trotwood Fire Department and across the street is the Madison Twp. Fire Department.

Even with all the fire-fighting equipment so close, damage to the firm was reportedly heavy. No estimate was given.

At the time of the fire, Trotwood Mayor Robert A. McNay and Madison Twp. officials were meeting to discuss better fire fighting cooperation.

No one was injured.

$20,000 In Gold Missing From Plane

LONDON (AP) — British and Swiss police are investigating the disappearance of more than $20,000 worth of gold from a Swiss airliner last Friday.

Police said gold worth nearly $700,000 was loaded aboard the plane at London Airport. The aircraft landed first at Basle, and when it arrived at Zurich, one of the crates was missing.

Mashed potatoes, rice and spaghetti or macaroni make fine accompaniments to swiss steak.

Columbiana Has Contests In All Offices

COLUMBIANA — Oscar Bieshelt, Republican, and operator of the Columbiana Engineering Co., and Lee Harrold, Democrat, executive of the Columbiana Milling & Supply Co., seek the post of mayor in Tuesday's general election which features contests for all offices, along with proposed levies for village and schools.

Bieshelt, program chairman for the Columbiana Area Republican Men's Club, and Harrold whose father, Oliver Harrold, served on Council, are after the mayor post currently held by E. L. Calvin (D) who did not run.

Full slates are listed for the six Council seats.

Republicans include incumbents Robert Ferrall, Harry Fullerton and Dale Klingensmith along with Kenneth E. Bell, Dale G. Kampfer and Harry Oesch Sr.

The Democrat candidates are Merl C. Berryman, Walter J. Crawford, Robert E. Exten, Paul J. Flynn, Edward G. Miller and Willard Zellers.

Adin Kaufmann (D), incumbent treasurer, is opposed by W. Roy Guy (R), proprietor of the Guy Warehousing Co. Village Clerk George Snoke (R) is challenged by Ronald Hively (D).

Voters will also decide on a proposed new 1-mill current expense levy for the village for five years, and a proposed renewal of a 2-mill levy and an increase of 1 mill to provide a 3-mill levy for current expenses for five years.

Voters in the school district will ballot on a proposed renewal of three existing levies of 2, 7 and 2 mills, to provide a 11-mill levy for operating expenses for five years.

School district voters also have a slate of nine from which to select three members of the Board of Education. They include Stanley E. Yeager and J. Paul Wilms, whose terms expire, and Edwin Altomare, Virgil Blosser, Leland Bricker, Merle Esterly, Arthur Pfund Jr., Clifford Shell and Dale Young.

Four are running for three posts on the Board of Trustees of Public Affairs. They include John J. Barrow, George Herrman and Carl S. Keller, (R), and Ray W. Fisher, (D).

Akron Woman Found With Knife In Body

AKRON, Ohio (AP)—Mrs. Ruth Peevy 34, was found dead Wednesday night with a nightgown around her neck and a steak knife in her side, detectives reported.

Detectives said her husband found her body in the bedroom of their home. They said they told them he had come home with some friends at about 5:30 p.m. but could not get in the house. He and his friends left and came back at about 9:30, detectives reported.

Peevy said he finally forced open the door and found his wife's body.

Peevy and his friends were held for questioning.

Fast-Working Thieves

SAVANNAH, Ga. (AP)—John Williams went to the fair, parked his car and spent two hours on the midway. When he returned to his car he discovered fast-working thieves had removed two wheels and tires, the carburetor, battery, generator, radiator, manifold and transmission.

Witness Admits Picture Selected Wasn't Defendant

SALT LAKE CITY (AP) — A prosecution witness, under cross examination, admitted Wednesday she selected a picture of someone other than the murder trial defendant, Richard D. Straley, 29, of Massillon, Ohio, as the man she saw visiting the home of the victim.

Mrs. Rea Goddard said she was shown three pictures of men, including Straley, and that she selected another man as the one she noticed at the home here of Mrs. Ethel D. Hart. Straley is charged with first-degree murder in the June strangulation of Mrs. Hart, 73.

Police claim two strong boxes and other items were taken from Mrs. Hart's home after the death, and that Straley, a friend of the victim's son, was a guest in the house prior to the murder.

Straley was arrested by the FBI June 27 in Borrego Springs, Calif.

Borough Voting Set For Ohioville

Ohio Township, which becomes the new borough of Ohioville on Jan. 1, will name its first officers in Tuesday's election in Pennsylvania.

Other boroughs include Glasgow at Smiths Ferry, Industry, Hookstown, Georgetown and Shippingport and townships, Green and Hanover.

Polls, unchanged in these areas, will be open from 7 a. m. to 8 p. m.

—:—

THERE ARE 1,065 Ohio Township residents eligible to vote, including 617 Democrats, 427 Republicans and 21 of other parties. They will elect for the new borough a mayor, tax collector, school director, seven Councilmen, an assessor, three auditors and a judge and an inspector of election. Candidates are:

Mayor — Joseph Cataldo, Democrat, and Elmer R. Gifford, Republican; tax collector — Ethel Paulovich, Democrat, and Franklin W. Speerhas, Republican; school director — Lawrence F. Novak, Democrat, and Earl J. Scheel, Republican.

Four Councilmen for four-year terms — Louis Poff, Anthony Perrotto, Ken Miller and James E. Whitt, Democrats, and Richard E. (Dick) Rice, F. Paul Dawson, Richard L. Graham and Floyd S. Kidder, Republicans.

—:—

THREE COUNCILMEN for two-year terms — George Daniels Jr., Richard Martell and Lester D. Chaffee, Democrats, and George Wesley Saucer, Paul J. Rice and Mike Selak, Republicans.

Assessor — William (Bill) Ondra, Democrat, and Samuel R. McKinney, Republican; auditor for six years — Willa Gianvito, Democrat, and John (Chick) Joseph, Republican; auditor four years — Rosella DiRenzo, Democrat, and Alta A. Mercer, Republican, and auditor two years — Sarah Dante, Democrat, and Olen C. Gibson, Republican.

Judge of election, First Precinct —James S. Petrella, Democrat, and Cecil Chaffee, Republican, and Second Precinct — Electa (Grace) Schuffert, Democrat, and Dorothy Brdar, Republican, and inspector of election, First Precinct — William R. Murphy, Democrat, and June E. Porter, Republican, and Second Precinct—Marie Pillar, Democrat, and Betty Nida, Republican.

—:—

THE MAYOR, tax collector and judges and inspector of election will serve four years, the school director six years and the assessor two years.

The polls in Ohio Township are the Municipal Building, First Precinct, and Fairview School, Second Precinct.

Industry

Industry, which became a new borough two years ago, will elect a mayor, tax collector, three councilmen, a judge and an inspector of election for four years and an auditor for six years.

—:—

THE BOROUGH'S Democratic Party recently announced that residents should write in John Parsons as the Democratic candidate for mayor in place of Harry H. Davis, who has asked not to be a candidate.

Other candidates include: mayor — W. B. (Mac) MacBride, Republican; tax collector — Donald E. Doyle, Democrat, and Earl J. Hineman, Republican; auditor — Matthew E. Jurkovac, Democrat, and Mark S. Haram, Republican.

Three councilmen — C. R. Dunlap, Louis G. Phillips and Lysle N. Eshenbaugh, Democrats, William A. Ralph Jr., Homer N. Paul and Stephen J. Hazy, Republicans.

—:—

JUDGE OF election, First Precinct — Doris E. Traylor, Democrat, and Helen E. Porter, Republican, and Second Precinct — Eleanor Bradford, Democrat, and Helen K. Bradshaw, Republican.

Inspector of election, First Precinct — Grace W. Doyle, Democrat, and Ellen P. Lemon, Republican, and Second Precinct—Mary Berovich, Democrat, and Erma Strohm, Republican.

There are 1,054 eligible voters. The polls are located at the Lutheran Church basement in the First Precinct and at Industry School in the Second Precinct.

Glasgow

Glasgow voters will have 10 posts that will be decided mainly by write-ins since only one person was nominated, Charles O. Camp, Democrat, for school director, six years.

—:—

VOTERS will also elect a mayor, tax collector, two councilmen and a judge and an inspector of election, all four-year terms, and constable, justice of the peace and an auditor for six-year terms.

The borough had numerous write-in candidates during the May primary.

The borough still has the same number of eligible voters. The poll is located at the school house.

Hookstown

Hookstown, with 122 eligible voters, will try to fill 12 posts. The ballot lists 10 Republicans and one Democrat and write-ins are expected.

No one filed for the Justice of the Peace office.

—:—

CANDIDATES include: Mayor —Donald E. Laughlin; tax collector — Francis W. Doak Jr.; two school director — Margaret Anderson and Dorothea Brooks; four Councilmen — Norman H. Brooks, James B. Anderson, William J. Moore and Homer B. Potts, all Republicans and unopposed.

Auditor — Gertrude L. Mott, Democrat, who also received the highest Republican vote in May; judge of election — Beulah Robertson, and inspector of election — Margaret Nickle, both Republicans and unopposed.

Terms are for four years except those of school director, auditor and justice of the peace, which are six years.

The voting place is located at the Borough Building.

Georgetown

Some 147 Georgetown residents will be eligible to vote for a mayor, tax collector, two school directors, four councilmen, an auditor, constable, justice of the peace and a judge and inspector of election.

—:—

CANDIDATES are: Mayor — Robert B. Trimble, Democrat, and William E. Cromer, Republican; tax collector — Walter M. Allison, Democrat, unopposed, and two school directors — Donald D. Doak, Republican, unopposed.

Four councilmen — Elmer W. Laughlin, Democrat, and Paul Glenn Mackall Jr., William T. Rowley and Thomas N. Lombard, all Republicans, and auditor — Frances D. Finley, both parties.

Judge of election — Myrtle M. Alger, Republican, unopposed, and inspector of election — Lula M. Welborn, Democrat, and Marie Mackall, Republican.

Write-ins are expected for the constable, justice of the peace and the other school director post. There were write-ins for the offices during the May primary.

The poll is located at Todd's Store.

Shippingport

Write-ins are also expected when Shippingport residents vote at the Community Building to fill 13 posts.

Though no one is listed on the ballot for mayor, Gerald Rogers won over write-ins of both parties for nomination in the May primary. No one is listed for two school directors, auditor and judge of election.

—:—

CANDIDATES include: tax collector — Nancy Campbell, for both parties: four councilmen — Carl Calhoon, Robert Christy and Wayne Swearingen, Republicans, unopposed.

Constable — Richard A. Kiss, Republican; unopposed; justice of the peace — Donald Gardner, both tickets, and inspector of election — Irene Gardner, on both tickets.

Hanover

Hanover Township voters will have eight posts to fill besides electing a judge and an inspector of election in each of the two precincts.

—:—

CANDIDATES include: Tax collector — Sara M. Kerr, Democrat, and Blanche O. Littell, Republican; two school directors—David L. McKenzie and John R. Buchanan, Democrats, and W. Thomas Kinder and Earl S. Gosnell Jr., Republicans.

Supervisor — James H. Seik, Democrat, and Edward Wilkinson, Republican; auditor — Lloyd W. Jones Jr., Democrat, and W. Ward Powell Jr., Republican; constable —Dale I. Lance, Democrat, and Duane Chambers, Republican.

4 Constitution Changes Due Vote Tuesday

A ballot nearly the size of this newspaper page will be handed to every Columbiana County voter at the general election Tuesday, listing four proposed amendments to the Ohio Constitution.

Each of the non-controversial propositions needs only a majority vote for adoption.

Here, in the order in which they will appear on the ballot, are brief explanations of the issues:

Issue No. 1 provides that when a vacancy occurs in the State Senate for any reason it shall be filled by appointment by the members of the Senate who are of the same political party as the person last elected to the seat.

Present law provides for filling of vacancies in both Houses by election The proposal applies only to the Senate. House vacancies would continue to be filled by election.

Issue No. 2 empowers the General Assembly to pass laws to provide for prompt and temporary succession in public office, elective or appointive, should incumbents become unavailable as a result of enemy attack, and to pass such other laws as are necessary to insure continuity of government during such emergency periods.

Issue No. 3 increases the age range for the state militia from 18 to 45 to 17 to 67 and empowers the governor to call up the militia in the event of disaster.

Issue No. 4 clarifies the so-called "advise and consent" powers of the Senate regarding appointments by the governor.

Traditionally, all appointments by the governor have been subject to the approval of the Senate and failure of the body to act was considered lack of approval.

A recent State Supreme Court ruling was intepreted to mean that the Senate's approval was required only on appointments specified in the constitution.

The amendment would provide that all appointments by the governor prescribed by either law or the constitution are subject to Senate approval. It provides further that if the Senate fails to act by a roll call, such failure shall constitute approval.

Too Much Bump

MIAMI (AP) — Automobiles were traveling too fast around the University of Miami campus, so the engineering department built a series of asphalt bumps at strategic locations. Recently, they trimmed the bumps. Not only did student drivers complain of bumped heads and bent frames, but sports car owners said they had trouble getting over the bumps.

Soak prunes in water; drain, pit and chop. Add the fruit to a bread stuffing for roast duck.

Mayor — Joseph Cataldo, Democrat, and Elmer R. Gifford, Republican; tax collector — Ethel Paulovich, Democrat, and Franklin W. Speerhas, Republican; school director — Lawrence F. Novak, Democrat, and Earl J. Scheel, Republican.

Four Councilmen for four-year terms — Louis Poff, Anthony Perrotto, Ken Miller and James E. Whitt, Democrats, and Richard E. (Dick) Rice, F. Paul Dawson, Richard L. Graham and Floyd S. Kidder, Republicans.

—:—

THREE COUNCILMEN for two-year terms — George Daniels Jr., Richard Martell and Lester D. Chaffee, Democrats, and George Wesley Saucer, Paul J. Rice and Mike Selak, Republicans.

Assessor — William (Bill) Ondra, Democrat, and Samuel R. McKinney, Republican; auditor for six years — Willa Gianvito, Democrat, and John (Chick) Joseph, Republican; auditor four years — Rosella DiRenzo, Democrat, and Alta A. Mercer, Republican, and auditor two years — Sarah Dante, Democrat, and Olen C. Gibson, Republican.

Judge of election, First Precinct —James S. Petrella, Democrat, and Cecil Chaffee, Republican, and Second Precinct — Electa (Grace) Schuffert, Democrat, and Dorothy Brdar, Republican, and inspector of election, First Precinct — William R. Murphy, Democrat, and June E. Porter, Republican, and Second Precinct—Marie Pillar, Democrat, and Betty Nida, Republican.

—:—

THE MAYOR, tax collector and judges and inspector of election will serve four years, the school director six years and the assessor two years.

The polls in Ohio Township are the Municipal Building, First Precinct, and Fairview School, Second Precinct.

Industry

Industry, which became a new borough two years ago, will elect a mayor, tax collector, three councilmen, a judge and an inspector of election for four years and an auditor for six years.

—:—

THE BOROUGH'S Democratic Party recently announced that residents should write in John Parsons as the Democratic candidate for mayor in place of Harry H. Davis, who has asked not to be a candidate.

Other candidates include: mayor — W. B. (Mac) MacBride, Republican; tax collector — Donald E. Doyle, Democrat, and Earl J. Hineman, Republican; auditor — Matthew E. Jurkovac, Democrat, and Mark S. Haram, Republican.

Three councilmen — C. R. Dunlap, Louis G. Phillips and Lysle N. Eshenbaugh, Democrats, William A. Ralph Jr., Homer N. Paul and Stephen J. Hazy, Republicans.

—:—

JUDGE OF election, First Precinct — Doris E. Traylor, Democrat, and Helen E. Porter, Republican, and Second Precinct — Eleanor Bradford, Democrat, and Helen K. Bradshaw, Republican.

Inspector of election, First Precinct — Grace W. Doyle, Democrat, and Ellen P. Lemon, Republican, and Second Precinct—Mary Berovich, Democrat, and Erma Strohm, Republican.

There are 1,054 eligible voters. The polls are located at the Lutheran Church basement in the First Precinct and at Industry School in the Second Precinct.

Glasgow

Glasgow voters will have 10 posts that will be decided mainly by write-ins since only one person was nominated, Charles O. Camp, Democrat, for school director, six years.

—:—

VOTERS will also elect a mayor, tax collector, two councilmen and a judge and an inspector of election, all four-year terms, and constable, justice of the peace and an auditor for six-year terms.

The borough had numerous write-in candidates during the May primary.

The borough still has the same number of eligible voters. The poll is located at the school house.

Hookstown

Hookstown, with 122 eligible voters, will try to fill 12 posts. The ballot lists 10 Republicans and one Democrat and write-ins are expected.

No one filed for the Justice of the Peace office.

—:—

CANDIDATES include: Mayor —Donald E. Laughlin; tax collector — Francis W. Doak Jr.; two school director — Margaret Anderson and Dorothea Brooks; four Councilmen — Norman H. Brooks, James B. Anderson, William J. Moore and Homer B. Potts, all Republicans and unopposed.

Auditor — Gertrude L. Mott, Democrat, who also received the highest Republican vote in May; judge of election — Beulah Robertson, and inspector of election — Margaret Nickle, both Republicans and unopposed.

Terms are for four years except those of school director, auditor and justice of the peace, which are six years.

The voting place is located at the Borough Building.

Georgetown

Some 147 Georgetown residents will be eligible to vote for a mayor, tax collector, two school directors, four councilmen, an auditor, constable, justice of the peace and a judge and inspector of election.

—:—

CANDIDATES are: Mayor — Robert B. Trimble, Democrat, and William E. Cromer, Republican; tax collector — Walter M. Allison, Democrat, unopposed, and two school directors — Donald D. Doak, Republican, unopposed.

Four councilmen — Elmer W. Laughlin, Democrat, and Paul Glenn Mackall Jr., William T. Rowley and Thomas N. Lombard, all Republicans, and auditor — Frances D. Finley, both parties.

Judge of election — Myrtle M. Alger, Republican, unopposed, and inspector of election — Lula M. Welborn, Democrat, and Marie Mackall, Republican.

Write-ins are expected for the constable, justice of the peace and the other school director post. There were write-ins for the offices during the May primary.

The poll is located at Todd's Store.

Shippingport

Write-ins are also expected when Shippingport residents vote at the Community Building to fill 13 posts.

Though no one is listed on the ballot for mayor, Gerald Rogers won over write-ins of both parties for nomination in the May primary. No one is listed for two school directors, auditor and judge of election.

—:—

CANDIDATES include: tax collector — Nancy Campbell, for both parties: four councilmen — Carl Calhoon, Robert Christy and Wayne Swearingen, Republicans, unopposed.

Constable — Richard A. Kiss, Republican; unopposed; justice of the peace — Donald Gardner, both tickets, and inspector of election — Irene Gardner, on both tickets.

Hanover

Hanover Township voters will have eight posts to fill besides electing a judge and an inspector of election in each of the two precincts.

—:—

CANDIDATES include: Tax collector — Sara M. Kerr, Democrat, and Blanche O. Littell, Republican; two school directors—David L. McKenzie and John R. Buchanan, Democrats, and W. Thomas Kinder and Earl S. Gosnell Jr., Republicans.

Supervisor — James H. Seik, Democrat, and Edward Wilkinson, Republican; auditor — Lloyd W. Jones Jr., Democrat, and W. Ward Powell Jr., Republican; constable —Dale I. Lance, Democrat, and Duane Chambers, Republican.

Judge of election, East District —Clara L. Baker, and West District — Ada C. Hobbs, each on both tickets; inspector of election — East District —Sara M. Kerr, Democrat, and Lida E. Weber, Republican, and West District — Helne Hobbs, Democrat, and Jean Whitehill, Republican. No one was listed on the ballot for justice of the peace and assessor.

—:—

THE EAST District poll is the Tiderman Garage and in the West District, the J. A. McConnell Building.

Greene

Greene Township, with 456 eligible voters, will elect eight candidates.

Listed are: Tax collector — Homer Matchett, Democrat, and William H. Thompson, Republican; two school directors — Marie Graham and Jeremiah B. Reed, Democrats, and Clifford Lyons and Harvey M. Todd, Republicans.

—:—

SUPERVISOR — Joseph W. (Red) Halstead, Democrat, and Earl Crooks, Republican; auditor —Norman Woodling, Democrat, and David Mackall, Republican; assessor—Lewis E. Lyons, Democrat, and Joe Shaffer, Republican.

Judge of election — Donald C. Morgan, Democrat, unopposed, and inspector of election — Betty Lou Chaffin, Democrat, and Virginia Searight, Republican.

The poll is located at the Hookstown Grange Hall.

In History Contest

COLUMBIANA — Shrery Ward, a Columbiana High School student, will be among 104 high school juniors and seniors participating Friday in the final essay examination of the 15th annual Ohio History, Government and Citizenship Contest at Ohio University at Athens. She is one of 93 county winners.

4 Constitution Changes Due Vote Tuesday

A ballot nearly the size of this newspaper page will be handed to every Columbiana County voter at the general election Tuesday, listing four proposed amendments to the Ohio Constitution.

Each of the non-controversial propositions needs only a majority vote for adoption.

Here, in the order in which they will appear on the ballot, are brief explanations of the issues:

Issue No. 1 provides that when a vacancy occurs in the State Senate for any reason it shall be filled by appointment by the members of the Senate who are of the same political party as the person last elected to the seat.

Present law provides for filling of vacancies in both Houses by election. The proposal applies only to the Senate. House vacancies would continue to be filled by election.

Issue No. 2 empowers the General Assembly to pass laws to provide for prompt and temporary succession in public office, elective or appointive, should incumbents become unavailable as a result of enemy attack, and to pass such other laws as are necessary to insure continuity of government during such emergency periods.

Issue No. 3 increases the age range for the state militia from 18 to 45 to 17 to 67 and empowers the governor to call up the militia in the event of disaster.

Issue No. 4 clarifies the so-called "advise and consent" powers of the Senate regarding appointments by the governor.

Traditionally, all appointments by the governor have been subject to the approval of the Senate and failure of the body to act was considered lack of approval.

A recent State Supreme Court ruling was intepreted to mean that the Senate's approval was required only on appointments specified in the constitution.

The amendment would provide that all appointments by the governor prescribed by either law or the constitution are subject to Senate approval. It provides further that if the Senate fails to act by a roll call, such failure shall constitute approval.

Too Much Bump

MIAMI (AP) — Automobiles were traveling too fast around the University of Miami campus, so the engineering department built a series of asphalt bumps at strategic locations. Recently, they trimmed the bumps. Not only did student drivers complain of bumped heads and bent frames, but sports car owners said they had trouble getting over the bumps.

Soak prunes in water; drain, pit and chop. Add the fruit to a bread stuffing for roast duck.

Midland Lists 88 Scholars

About 88 students at Midland High School, including 29 from the ninth grade, have been named on the honor roll for the first six-week period, William A. Walters, principal, announced. They include:

Grade 12 — James Aukscunas, Gay Coble, Richard Davis, John Girting, Betty Matthews, Gloria McCombs, William McLane, Sandy Parasida, Bernadette Schmitt, Norma Smith, Eileen Sobat, Ken Vuletic, Charlene Waida and Margaret Yurick.

City Jobless Get $830,708

A total of $830,708 has been paid to East Liverpool area residents in unemployment compensation benefits during the first nine months, Harry L. Dinsmore, manager of the Ohio State Employment Service office, reported today.

The benefits, including $56,499 paid in September, have been averaging better than $92,000 a month, Dinsmore said. He reported $716,417 has been paid under regular Ohio benefits from January through September and $114,297 in federal extended benefits from April through September.

Claims for benefits processed through the city office in October totaled 2,265, an increase of 146 over September's 2,119, Dinsmore said.

The claims included 1,702 filed under the regular program and 563 under the extended plan. The regular claims included 326 new and 1,376 continuing while 34 new and 529 continuing claims were processed under the federal program, he continued.

The office also received 1,107 applications for work last month as compared to 1,192 in September. Seventy-six placements, including five handicapped, were made last month as against 86 in September when three handicapped were hired, Dinsmore said.

Taxation In U.S. Seen Near 30% Level Of Income

CLEVELAND (AP) — Taxation of all kinds in the United States "approaches the 30 per cent level of income," says Roger Cloud, speaker of the Ohio House of representatives.

The Republican leader told this Wednesday to 400 industrialists and businessmen at the 20th annual meeting of the Ohio Public Expenditure Council.

Cloud said taxation had reached a confiscatory level, impairing the capacity of the taxpayer to fulfill his responsibilities, and that is why the 104th General Assembly decided against recommendations to increase Ohio's general fund tax load.

Smiths Ferry Council O.K.'s Tax Collection

Glasgow Borough Council at Smiths Ferry Wednesday evening authorized Mrs. Mildred Diven, treasurer, to collect 1961 property taxes amounting to about $1,000.

She said notices will be sent at once to taxpayers. Charles Childs, president, also reported that Councilman Clifford Blackmore will contact the Midland Works of the Crucible Steel Co. about filling in a section of the river bank in the borough.

Council met in the Borough Building. Next meeting is Dec. 6.

FTC Probes Ads On Endorsements

WASHINGTON (AP) — The Federal Trade Commission is conducting a preliminary investigation into advertising that claims a large number of pecsons have endorsed a given product.

An FTC spokesman said Wednesday night that Daniel J. Murphy, head of the commission's Deceptive Practices Division, has written to 12 firms asking them to provide the facts on which they base certain advertising claims. The companies were not named.

The spokesman said Murphy's queries were informal and that replies were not required. But he added that other action may be taken if satisfactory replies are not forthcoming.

He said television, newspaper and magazine advertising was involved.

Miss U.S. Takes Off For London Pageant

NEW YORK (AP) — Jo Ann Odum, 19-year-old Huntington, W. Va., resident, left by plane Wednesday night to compete as Miss United States of 1961 in the Miss World Beauty Pageant in London.

"I'm on cloud nine," she told newsmen. The winner of the pageant will be chosen Nov. 9.

Speedy Leaper Fined

NORTH TONAWANDA, N.Y. (AP)—Engineer Harold Graham, who leaps over automobiles with a rocket belt, was fined $10 for speeding in his car. He works for Bell Aerosystems, which developed the belt for the military.

Jailed Pastor Refuses Food

BROWNSVILLE, Tenn. (AP) — A white minister from Cincinnati, here to help a Negro civil rights drive, is on a jail cell fast.

Sheriff S. T. Hunter said the Rev. Maurice McCrackin, 55, of Cincinnati has ignored food since his arrest last Sunday.

The short, gray-haired United Presbyterian minister was carried back to his cell Wednesday after refusing to pay a $50 fine imposed on a charge of loitering.

Officers had to carry him every step of the way to the courtroom and back after he adopted an attitude of passive resistance that included rejection of legal counsel.

Asked by Haywood County General Sessions Judge Sam Lewis how he would plead, the minister replied:

"I am pleading for justice in Africa, India, Cincinnati, Brownsville and everywhere."

McCrackin served six months in federal prison in 1959 after refusing to pay income taxes because part of the money goes to buy armaments. Officers had to carry him in for that trial, too.

Woman In Hung Jury Case Opens Own Night Club

PHILADELPHIA (AP)—Lillian Reis, whose burglary trial ended in a hung jury last month, reopened her night club Wednesday night with herself as the star attraction in a floor show.

The shapely, 32-year-old former chorine, who hadn't danced in revues for about five years, did the Charleston, the jitterbug, the twist and the rhumba.

"It was a wonderful success," she said in an interview. "All my old friends and some new ones were there. All the rooms were filled. The bar was four deep."

Miss Reis made only one reference to her trial: that she had decided to close the club until it was over. She was accused of masterminding a bizarre burglary at the home of John B. Rich, a Pottsville, Pa., coal magnate, then using some of the money to purchase her night club. Police claimed the 1959 burglary netted $478,000. No new trial date has been set.

Lisbon VFW To Hear County Scout Official

LISBON — Bennett D. Taylor, Columbiana County Boy Scout executive, and a major in the Army Reserve, will be guest speaker at the Veterans' Day dinner at the Wilfred Clunk Post of Veterans of Foreign Wars Saturday evening, according to Gerald Sanders, commander.

A ham dinner will be served at 6:30. The Rev. William Spangler of the Christian Church will give the invocation.

Reservations are required, Sanders said.

City Jobless Get $830,708

A total of $830,708 has been paid to East Liverpool area residents in unemployment compensation benefits during the first nine months, Harry L. Dinsmore, manager of the Ohio State Employment Service office, reported today.

The benefits, including $56,499 paid in September, have been averaging better than $92,000 a month, Dinsmore said. He reported $716,417 has been paid under regular Ohio benefits from January through September and $114,297 in federal extended benefits from April through September.

Claims for benefits processed through the city office in October totaled 2,265, an increase of 146 over September's 2,119, Dinsmore said.

The claims included 1,702 filed under the regular program and 563 under the extended plan. The regular claims included 326 new and 1,376 continuing while 34 new and 529 continuing claims were processed under the federal program, he continued.

The office also received 1,107 applications for work last month as compared to 1,192 in September. Seventy-six placements, including five handicapped, were made last month as against 86 in September when three handicapped were hired, Dinsmore said.

Clem Is Returned

BARBERTON, Ohio (AP) — When Gary Sutton, 14, and Carl Bishop, 13, went on a shopping trip, they parked Gary's pet, Clem, in a telephone booth. When the boys came back, they found Clem stuck in a coin return slot with only his tail showing. A telephone repairman rescued Clem, a hamster, by dismantling the coin box.

Worshipper Hit As Vandals Hurl Rocks At Church

Several windows were broken Wednesday night in the Friendship Gospel Tabernacle on W. 7th St. by vandals hurling stones, including one which struck a woman at worship, police reported.

Police first were called to investigate damage which occurred between 9:30 p. m. Sunday and 6:30 p. m. yesterday. A 24-x-20-inch window in a restroom was broken by a brick and several stones were hurled through two other windows, each 24-x-30 inches. Lewd words had been written on a pane of glass in the front door, officers said.

Police received another complaint from the church at 9:14 last night that an object was thrown through a front window while services were in progress, striking a woman at worship. She was not identified.

Small stones found on the main floor of the church auditorium may have been hurled by a slingshot, police said.

President Re-elected By Mid-county GOP

LISBON — Mrs. Ray Davies was re-elected president of the Mid-County Republican Club at a meeting Wednesday evening at the village hall.

Others elected after they were presented by H. F. Maturen of the nominating committee were Mrs. Alton Carothers, first vice president; Atty. Joe Barronzzi, second vice president; Miss Della Wetzel, secretary, and Miss Phylis Hadley, treasurer.

Candidates for Center Township trustee posts were introduced and spoke.

Officers will be installed Jan. 4. There will not be any meeting in December.

Ever top a casserole of mashed potatoes with whipped cream and grated cheese? Add a dash of salt and paprika to the cream when you whip it. Slip into a hot oven until the topping is golden brown. Definitely a company dish!

Blaze In Apartment Causes $125 Damage

About $125 damages was caused by a fire in the apartment of Mr. and Mrs. Lee Haney in the IOOF Building at Carolina Ave. and 5th St., Chester, Wednesday afternoon at 4.

Volunteer firemen said a cigarette or ashes which fell upon a bed may have caused the blaze. Mrs. Haney and her son, Micheal, 7, were at home, while Haney was in East Liverpool.

Firemen said a youngster's bed was scorched and drapes, blinds and window facing were burned. Fourteen men and two trucks responded to the alarm, phoned by James Hayes, son of Mrs. Esther Hayes, who reside in an adjoining apartment.

Truck Hits Auto Waiting On Train

LISBON — A 57-year-old East Rochester area woman had a narrow escape early today when her car, stopped at a railroad crossing on Route 30 near Bayard, was rammed from behind by a tractor-trailer truck and pushed close to a passing train about 2 a. m.

The Ohio Highway Patrol said Gertrude W. Greathouse of East Rochester R. D. 1, headed east, had halted for the train at the crossing.

The semi-trailer rig was operated by C. B. Corsom, 44, of Cannonsburg, whose foot slipped off the brake and hit the accelerator, officers said.

The brake on the woman's car held, fortunately, and the car did not hit the train. The rear of the 1953 vehicle was demolished, however, the patrol reported.

Corsom was cited for failure to stop in the assured clear distance.

Palestine Man Fined

BEAVER — Fred Schreckengost of East Palestine was fined $150 in Beaver County Court Wednesday on a firearms violation. He pleaded guilty and was ordered to pay costs and the fine. He was committed to jail until the fine is paid.

Wellsville School Visitation Slated

Two days have been set aside for parent visitation during the observance of American Education Week in Wellsville schools beginning Monday.

Parents will be invited to visit the classrooms and confer with the teachers Monday and Tuesday. Previously, the entire week was open for visitation.

The Wellsville City Teachers Association is in charge of the observance. Miss Mahala Ingram is president.

Individual building principals will be in charge of any special programs. Students will be notified to inform their parents of the observance.

Clem Is Returned

BARBERTON, Ohio (AP) — When Gary Sutton, 14, and Carl Bishop, 13, went on a shopping trip, they parked Gary's pet, Clem, in a telephone booth. When the boys came back, they found Clem stuck in a coin return slot with only his tail showing. A telephone repairman rescued Clem, a hamster, by dismantling the coin box.

Worshipper Hit As Vandals Hurl Rocks At Church

Several windows were broken Wednesday night in the Friendship Gospel Tabernacle on W. 7th St. by vandals hurling stones, including one which struck a woman at worship, police reported.

Police first were called to investigate damage which occurred between 9:30 p. m. Sunday and 6:30 p. m. yesterday. A 24-x-20-inch window in a restroom was broken by a brick and several stones were hurled through two other windows, each 24-x-30 inches. Lewd words had been written on a pane of glass in the front door, officers said.

Police received another complaint from the church at 9:14 last night that an object was thrown through a front window while services were in progress, striking a woman at worship. She was not identified.

Small stones found on the main floor of the church auditorium may have been hurled by a slingshot, police said.

President Re-elected By Mid-county GOP

LISBON — Mrs. Ray Davies was re-elected president of the Mid-County Republican Club at a meeting Wednesday evening at the village hall.

Others elected after they were presented by H. F. Maturen of the nominating committee were Mrs. Alton Carothers, first vice president; Atty. Joe Barronzzi, second vice president; Miss Della Wetzel, secretary, and Miss Phylis Hadley, treasurer.

Candidates for Center Township trustee posts were introduced and spoke.

Officers will be installed Jan. 4. There will not be any meeting in December.

Ever top a casserole of mashed potatoes with whipped cream and grated cheese? Add a dash of salt and paprika to the cream when you whip it. Slip into a hot oven until the topping is golden brown. Definitely a company dish!

Blaze In Apartment Causes $125 Damage

About $125 damages was caused by a fire in the apartment of Mr. and Mrs. Lee Haney in the IOOF Building at Carolina Ave. and 5th St., Chester, Wednesday afternoon at 4.

Volunteer firemen said a cigarette or ashes which fell upon a bed may have caused the blaze. Mrs. Haney and her son, Micheal, 7, were at home, while Haney was in East Liverpool.

Firemen said a youngster's bed was scorched and drapes, blinds and window facing were burned. Fourteen men and two trucks responded to the alarm, phoned by James Hayes, son of Mrs. Esther Hayes, who reside in an adjoining apartment.

Truck Hits Auto Waiting On Train

LISBON — A 57-year-old East Rochester area woman had a narrow escape early today when her car, stopped at a railroad crossing on Route 30 near Bayard, was rammed from behind by a tractor-trailer truck and pushed close to a passing train about 2 a. m.

The Ohio Highway Patrol said Gertrude W. Greathouse of East Rochester R. D. 1, headed east, had halted for the train at the crossing.

The semi-trailer rig was operated by C. B. Corsom, 44, of Cannonsburg, whose foot slipped off the brake and hit the accelerator, officers said.

The brake on the woman's car held, fortunately, and the car did not hit the train. The rear of the 1953 vehicle was demolished, however, the patrol reported.

Corsom was cited for failure to stop in the assured clear distance.

Palestine Man Fined

BEAVER — Fred Schreckengost of East Palestine was fined $150 in Beaver County Court Wednesday on a firearms violation. He pleaded guilty and was ordered to pay costs and the fine. He was committed to jail until the fine is paid.

Attitude Seen Key To Weight Control

Eighty-five per cent of those who lose weight fast on crash diets, turn around and gain back the lost pounds within six months. Dieters ask if there isn't some way to keep the pounds off.

Ida Jean Kain

Yes, if you really want to stay at desirable weight, you will eat accordingly. On a monotonous type diet, a regain is almost inevitable. As soon as you stop the set diet you have no established pattern to follow. Only those dieters who are willing to change their food habits succeed in keeping slim.

Friends, your attitude toward moderating your everyday ways of eating is the key to weight control. If you view all food restriction as a sort of necessary torture, then weight control will be an endless struggle.

—:—

YOUR ATTITUDE governs your actions. What do you really want? Make the effort to think through this second step. When you honestly desire to keep the pounds off, then you can regard the protective pattern of eating as the best possible way to eat.

In effect you say to yourself. . . "Thank heaven for the science of nutrition and calorie arithmetic." When you are doing what you want to do, there is never any lack of will. Your will takes you where you want to go.

Do you like the feeling of slimness? Is it fun to be able to go into a store and buy your right size dress? Do you like to walk and stand straight and tall and move for the sheer joy of being free of the burden of weight?

Think of these things! In short, think in terms of rewards, not in terms of deprivation. That's the real secret of keeping your weight right.

On the nutrition score, the character of the daily menus is more important than counting calories. The protective foods that form the backbone of reducing menus are also the backbone of weight control menus.

All foods yield calories, but some foods are excellent sources of essential nutrients. To keep your body in a fine state of repair as well as to feel happily content with your meals, continue to build your daily menus around the foods that give protection.

The pattern: Lean meat, fish and fowl; buttermilk or skim milk, cottage cheese or cheese, eggs, vegetables and fruits, plus whole grains in cereals and bread and spread.

—:—

THESE FOODS offer "bargain" calories for they furnish replenishing nutrients on a minimum of calories. Wonderful, isn't it, that the essential foods are not the weight makers?

Eat these foods first, then eat what you want, but stay within your keeping slim requirements. When you have a mature attitude toward food, keeping weight down becomes a matter of habit.

University Lauds Class At Midland

Chemistry instruction at Midland Lincoln High School has been praised by Pennsylvania State University in a letter announcing the success of two Midland high graduates.

Thomas Wartik, head of the university's college of Chemistry and Physics, Department of Chemistry, reported that Milan Kosanovich and David H. Muns, two of 400, out of about 2,000 beginning chemistry students, were allowed to proceed directly to a second course after an examination of material of a first course.

They were automatically granted three college credits towards graduation.

"Your school has ample reason to feel proud of the important role it is playing in the science education of Pennsylvania's youth," Wartik wrote.

Kosanovich is the son of Mr. and Mrs. Milan Kosanovich, 169 8th St., Midland, and Muns is the son of Mr. and Mrs. James Muns of Beaver R. D. 2.

Both were enrolled in an advanced chemistry course during the summer at the high school, taught by George Mastrovich, for college - bound students.

Report Of Accident Clarified By Sheriff

The Hancock County sheriff's office today clarified a report on a traffic mishap which erroneously blamed a New Cumberland woman.

The mishap occurred Monday at 12:30 p. m. on Route 30 at the junction with Johnsonville Rd. near Chester.

Deputies said Ida Huff, 32, of 137 W. 4th St., was coming down the grade when her auto skidded into the east-bound car of Barbara Ann Pugh, 27, of New Cumberland R. D. 1.

The New Cumberland woman's car did not strike the other as reported in Tuesday's Review, deputies corrected.

QUESTION: What is THE BIG I.D.* ? at the E. Liverpool Thorofare

Answer: The Big I.D. is a plan whereby Philco will contract to put a major appliance in your home without a down payment, and your validated cash register tapes from Thorofare can meet part or all of your monthly payments.

Question: Where do I see and make arrangements to buy this Philco appliance?

Answer: The local dealer is represented by a demonstrator at the Thorofare Market to explain details, show you several display models, and take your order for the appliance of your selection. You may also go direct to the cooperating Philco dealer for the same information and order your appliance. He has a much larger display of models.

Question: Are these appliances specially made for the Big I.D. Program?

Answer: No indeed! The entire regular and deluxe Philco appliance lines are yours to choose from. There are no stripped down or special models.

Question: Who handles the arrangements for financing on monthly payments?

Answer: The Philco dealer arranges this with the Philco Finance Corp.

Question: Does this financing include carrying charges and State Sales Taxes?

Answer: The law requires immediate payment of the State Sales Tax. The balance of your sales contract, selling price plus carrying charge, is divided into monthly payments of $10 a month ($15 a month if total contract is over $360.00)—and no down payment. Your first monthly payment is due the end of the following month.

Question: How quickly can I get delivery?

Answer: Your dealer can tell you exactly—we can say much quicker than you think. You won't have to race the delivery truck home—but an early week purchase will undoubtedly be delivered the same week. The term Philco uses is "immediate".

Question: Where does Thorofare come into the picture?

Answer: Thorofare has agreed with Philco to allow you a credit against your monthly payment for the validated cash register tapes from your purchases when you turn them in at the time of the monthly payment. The more shopping you do at Thorofare the greater the credit allowed. Below you will find a chart to give you some idea of the credit you earn for the validated tapes you accumulate.

*If Your Appliance Cost Including Carrying Charges Exceeds $360 Then Payments Are $15.00 Per Month. You Can Earn Up to $10.00 of This Payment With I.D. Cash Register Tapes.

The Philco Authorized Dealer Cooperating In the Local I.D. Plan Is:

Handy's Sales & Service

6th. Street

E. Liverpool, Ohio

Question: How are cash register tapes validated?

Answer: Upon approval of your purchase contract by Philco, Philco gives you a personal, non-transferable credit card. You present this card each time you shop at Thorofare when your order tape is torn off the register by the cashier. The cashier imprints your credit card information on the tape just as it is done in gasoline service stations and department stores. Only those tapes validated with your code number or name are acceptable for credit toward your monthly Philco payment.

Question: How are the tapes used for credit:

Answer: Your monthly Philco payment is to be made at the check-cashing window of the office in each Thorofare Market. Thorofare performs this function so that they can total your validated register tapes and calculate the credit you have earned (again see tables of examples below) and collect in cash the additional amount needed to complete your payment.

Question: Is there a limit to the credit I can earn?

Answer: Yes—the limit of credit on any month's payment is $10 (whether monthly payment is $10 or $15). From the chart below you can see that $182.00 in register tapes will earn a credit of the full $10.00

Question: Are validated register tapes good for an indefinite period?

Answer: No, they must be dated within 60 days prior to presentation for credit. If you were thinking that by holding back until you get $182 you were saving, it doesn't work that way. If you didn't present any tapes with your monthly payment you would have to make the full payment in cash. You should always present all of the validated tapes you have each month to spend the least cash to complete the full payment.

Question: I didn't get around to signing up the first week you offered the Big I.D. Is it possible to have last week's tape validated now that I have bought a Philco appliance?

Answer: Because everyone can't believe that this plan is absolutely without any deception, and many want a few extra days to think about it, Thorofare will validate one sales tape you present, after you get your credit card, if it is dated in the preceding 10 days. You can shop Thorofare this week, buy your Philco appliance next week, and we will validate your tape (if you shopped more than once we will validate the largest tape). You can see that hesitating any length of time in deciding to buy a Philco appliance you need today, and missing the opportunity to pay for part or all of it with shopping you do anyway at Thorofare — is just like leaving money lying on the counter.

Question: Do you mean you are going to continue to give S.&H. Green Stamps in addition to this Big I.D. Bonus?

Answer: We certainly do. We want to be sure you do all of your shopping at Thorofare. The finest brands and the very best meats and produce will make it a special pleasure for you to participate in full with the two most sensational bonuses of this century—Stamps and Big I.D.

Question: Who guarantees and installs this Philco appliance I buy?

Answer: The Philco people do this, and they are proud of the fine job they do.

Question: You mean the more I can spend at Thorofare the less I'll have to pay out of my own pocket for my Philco appliance?

Answer: You have the whole idea just perfect. Philco expressed it this way, "You get an instant dividend today for the purchases you make anyway.

*If Your Appliance Cost Including Carrying Charges Exceeds $360 Then Payments Are $15.00 Per Month. You Can Earn Up to $10.00 of This Payment With I.D. Cash Register Tapes.

The Philco Authorized Dealer Cooperating In the Local I.D. Plan Is:

Handy's Sales & Service

6th. Street

E. Liverpool, Ohio

Question: How are cash register tapes validated?

Answer: Upon approval of your purchase contract by Philco, Philco gives you a personal, non-transferable credit card. You present this card each time you shop at Thorofare when your order tape is torn off the register by the cashier. The cashier imprints your credit card information on the tape just as it is done in gasoline service stations and department stores. Only those tapes validated with your code number or name are acceptable for credit toward your monthly Philco payment.

Question: How are the tapes used for credit:

Answer: Your monthly Philco payment is to be made at the check-cashing window of the office in each Thorofare Market. Thorofare performs this function so that they can total your validated register tapes and calculate the credit you have earned (again see tables of examples below) and collect in cash the additional amount needed to complete your payment.

Question: Is there a limit to the credit I can earn?

Answer: Yes—the limit of credit on any month's payment is $10 (whether monthly payment is $10 or $15). From the chart below you can see that $182.00 in register tapes will earn a credit of the full $10.00

Question: Are validated register tapes good for an indefinite period?

Answer: No, they must be dated within 60 days prior to presentation for credit. If you were thinking that by holding back until you get $182 you were saving, it doesn't work that way. If you didn't present any tapes with your monthly payment you would have to make the full payment in cash. You should always present all of the validated tapes you have each month to spend the least cash to complete the full payment.

Question: I didn't get around to signing up the first week you offered the Big I.D. Is it possible to have last week's tape validated now that I have bought a Philco appliance?

Answer: Because everyone can't believe that this plan is absolutely without any deception, and many want a few extra days to think about it, Thorofare will validate one sales tape you present, after you get your credit card, if it is dated in the preceding 10 days. You can shop Thorofare this week, buy your Philco appliance next week, and we will validate your tape (if you shopped more than once we will validate the largest tape). You can see that hesitating any length of time in deciding to buy a Philco appliance you need today, and missing the opportunity to pay for part or all of it with shopping you do anyway at Thorofare — is just like leaving money lying on the counter.

Question: Do you mean you are going to continue to give S&H Green Stamps in addition to this Big I.D. Bonus?

Answer: We certainly do. We want to be sure you do all of your shopping at Thorofare. The finest brands and the very best meats and produce will make it a special pleasure for you to participate in full with the two most sensational bonuses of this century—Stamps and Big I.D.

Question: Who guarantees and installs this Philco appliance I buy?

Answer: The Philco people do this, and they are proud of the fine job they do.

Question: You mean the more I can spend at Thorofare the less I'll have to pay out of my own pocket for my Philco appliance?

Answer: You have the whole idea just perfect. Philco expressed it this way, "You get an instant dividend today for the purchases you make anyway.

*The I.D. Plan Is Copyrighted By the Philco Co.

Hancock Gas Users To Get Lower Rates

The Manufacturers Light & Heat Co. said at Pittsburgh today it will cut its natural gas rates for the West Virginia customers for the third time this year effective Dec. 4.

The utility serves Hancock County and the Northern Panhandle of West Virginia.

The reduction will bring the total for the three 1961 rate slashes to over $562,000, the company said.

A typical heating customer will save about $7.70 over a one-year period as a result, while a non-heating customers' saving will be $1.95.

The new round of decreases follows wholesale gas rate cuts ordered by the Federal Power Commission against Manufacturers' cross-country pipeline suppliers.

Manufacturers operates as a retail gas company in West Virginia and Pennsylvania and also serves 24 wholesale gas customers. It has about 47,500 of its 301,000 retail customers in West Virginia.

The West Virginia reduction will apply to all residential, commercial, municipal and industrial users.

Music Parents' Campaign Opens

The Beaver Local School Music Parents Association has officially started its November membership drive.

Plans were discussed at a meeting of the group Wednesday evening at the high school. Members of the association, accompanied by a band or choir member, will make house calls to homes of families who have children in the band or choir.

Chairmen for the drive will report at the next meeting Dec. 6.

Plans were also completed for the association to serve refreshments at the Beaver Local-Wellsville game Saturday night at Patterson Field.

Mrs. Paul Dailey, president, presided.

School Mothers Set Christmas Tea Dec. 6

Plans for the annual Christmas tea of the Beaver Local Public School Mothers Club were made at a meeting Wednesday afternoon at the school. About 22 attended.

The tea will be held Dec. 6 with Mrs. Patsy Burnett in charge of refreshments. A white elephant sale will be held.

It was announced the seventh grade mothers will serve refreshments at the November Parent-Teacher Association meeting. Mrs. Betty Keister, president, was in charge.

30,000 To Attend Teachers Convention

CLEVELAND (AP) — Nearly 30,000 teachers from 13 counties are expected to attend the annual convention of the Northeastern Ohio Teachers Association Friday.

The convention, one of this city's largest, will allow more than a half million children to have a one-day vacation from school.

Dinner And Program Slated On Annual Rural-Urban Day

A dinner meeting and program will highlight the annual Rural-Urban Day Nov. 15, when residents of the agricultural area in southern Columbiana County will be guests of the Chamber of Commerce and the East Liverpool Merchants Association.

It's another in a series of alternating annual visits dating back to 1957, designed to give rural and urban residents a better understanding of how the other group lives and works.

The rural area representatives will be guests at a 6:30 dinner in the banquet room at Tice's Restaurant.

Alvin T. Babb, Chamber president, will speak briefly, outlining the Chamber's aims and objects and how it functions. The Upper Ohio Valley Development Council, the six-county organization devoted to encouraging use of the region's natural resources, will be explained by Walter L. Myers Jr. of Steubenville, executive manager.

Myers will explain how the UOVDC was organized, list some of its accomplishments and explain its plans for the future.

Because of time limitations, there will be no tours of East Liverpool business and industrial plants this year, the Chamber explained. In the past, the rural visitors were taken on tours of representative retail, service and manufacturing operations.

The Rural-Urban events were launched five years ago, when local businessmen were taken on a tour of typical farms in the southern county area. The following year, the farm - dwellers were guests in East Liverpool and the series of alternating visits has continued since.

Herman Reuter and Floyd Lower of the County Agricultural Council are handling arrangements for the farm group. East Liverpool's phase is in charge of the Chamber agriculture and conservation committee, comprised of Harold Allison, chairman, Fred Andreatta, Larence Black, Sullivan Bosco, William R. Mackall and Richard O. Wilson.

School Clothing May Be Taken To Service

Mrs. William E. Dunlap Jr., chairman, said donations of clothing for needy school children may be brought, in addition to school bags and supplies, to the annual observance of World Community Day beginning at 10 a.m. Friday at St. Stephen's Episcopal Church.

The event is sponsored by the council of United Church Women and follows the national theme, "Freedom to Know." Women will bring Bibles and a snack lunch.

A visiting panel of five women will present the program. Dedication of gifts for Latin America will be held in the afternoon.

Newell Post To Hold Veterans Day Dinner

Plans for a Veterans Day dinner Nov. 11 were announced at the meeting of Newell American Legion Post 114 Wednesday night.

Donald DeLong, second vice commander, reported on the proposed air conditioning of the post home.

The post voted a $25 donation to the Colt Baseball League and $10 to the Community Fund. Arthur DeLong, commander, presided.

Next meeting is Nov. 15.

First Cleveland Profit-Sharing Contract Signed

CLEVELAND (AP)—The city's first profit sharing labor contract was signed Wednesday by the Fazio Stop-N - Shop supermarkets and 26 bakers of the AFL - CIO American Bakery and Confectionary Workers Local 219.

The bakers at the four supermarkets will be given 5 per cent as a bonus at the end of each three months, based on baked goods sold. The two-year contract also provides for a raise of eight cents an hour, three weeks vacation after five years and an additional one cent hourly on each of the health and welfare, pension and night differential plans.

Golden Delicious apples are not only fine for eating as is, but many good cooks like their flavor in applesauce.

Motorcyclist Killed

DAYTON, Ohio (AP) — Vinard Wiliams, 22, of Dayton was killed Wednesday night when his motorcycle, which police said was going about 75 miles per hour, slammed into the rear of a city transit bus.

Greatest Toll From Soviet Monster

Fallout May Wreak Havoc With Children Of Future

What effect might today's fallout from Soviet bomb testing have on children qet unborn? Scientists aren't agreed on the extent of the danger, though most geneticists consider some harm likely. This is the second of three articles on fallout.

By ALTON BLAKESLEE
Associated Press Science Writer

NEW YORK (AP)—The greatest toll from the Soviet Union's monster 50-megaton H-bomb may be among tomorrow's children.

Its radioactive fallout might doom hundreds of future generations—to early death or physical or mental defects from hereditary damage.

Almost all geneticists assume that any increase in radiation could cause genetic damage to some people.

Most think the effect from present fallout—and that added now by the Soviets—will be a very slight fraction of one per cent increase over the number of children presently born with genetic defects. The increase could be so slight as not to be detectable.

But with 100 million children born in this world each year, even a slight increase in the rate of defective births could mean sizable numbers of damaged or stillborn humans in 50 to 100 years or more.

Dr. Linus Pauling, famous California Institute of Technology chemist and a crusader against bomb testing, does estimate a number:

From a 50-megaton bomb alone, 40,000 infants born with physical or mental defects in the next few generations throughout the world, he says. And 400,000 more genetically injured during the next 6,000 years through radioactive carbon-14 created by such a bomb.

Other scientists disagree with his estimate, particularly that dealing with carbon-14.

The difficulty in any estimate is that some crucial facts are not known about human genes, produced in the sex glands, which determine the inherited characteristics that babies will have.

It is known that radiation can alter or mutate genes, and that most mutations are harmful.

It is not known if genes can resist tiny amounts of radiation, such as represented by fallout atoms which enter sex glands or genes.

All the evidence from experiments with animals, fruit flies, and single cells indicate there is no threshold or tolerable level.

Thus, geneticists assume any increase in radiation is potentially harmful.

One encouraging note, from mouse experiments, is that chronic exposure to a low dose of radiation (10 roentgens a day) given over a number of days produces fewer mutations than an equal total dose given all at once. Exposure of sex glands to fallout atoms can be chronic or long-lasting, and at an almost infinitesimally small dose.

Many experts assume that natural background radiation has always been causing some of the genetic mutations to which the human race is subject. Heat and chemicals are more powerful causes of genetic changes.

A National Academy of Sciences committee has estimated two billion children will be born in the world during the next 30 years, and that some four million of them would possess tangible genetic effects from natural or spontaneous causes.

Different authorities estimate 2 to 10 per cent of such genetic defects might be due to natural background radiation.

So, even a slight increase in radioactivity produced by bomb tests could increase this rate of genetic mutations. The experts all agree the increase would not be enough to cause any worry about the future of the human race by any means.

Various estimates can be made, as Dr. Pauling does, of the absolute numbers of persons who might be affected by the additional radiation from fallout. All such guesses start from the unknown as to what natural radiation actually is doing.

Dr. Pauling sees a sizable total number of future infants affected —out of many many billions who would be born in the next 6,000 years—from carbon-14 created by H-bombs.

The H-bomb reaction releases neutrons which can change nitrogen atoms in the air into carbon-14. Cosmic rays from space do the same thing, and create the natural carbon-14 which enters all living things on earth.

Dr. Pauling estimates a 50-megaton H-bomb would create enough carbon-14 to cause 40,000 deaths or defects from genetic changes in the next 6,000 years. Reason: carbon-14 can become part of the chemical material of genes, and damage genes by the rays it emits, or because it then changes back to nitrogen.

Other scientists hold Dr. Pauling has far over-estimated the amount of carbon-14 from bombs which would be available to affect humans.

And some say that through modern medicine and humanitarian treatment, we are keeping alive people ill or weak because of defective genes, and the fact they can have children may result in passing along more defective genes than would ever result from fallout radiation.

A consensus of the experts: bomb testing represents a definite but small hazard to human posterity.

The Beer-Drinking Horse May Have Died Of 'Staggers'

By REMER TYSON

VALDOSTA, Ga. (AP)—Brownie, the beer-drinking horse, is dead. He may have died of the "staggers."

But in this instance, staggers has nothing to do with the 28-year-old Brownie's drinking habits. It's a disease horses sometimes get.

After Sam M. Wildon, a produce farmer, bought Brownie 18 years ago, man and beast became drinking buddies.

"He loves it better'n I do," Weldon, 68, commented.

Brownie has been known to get a few drinks too many under his collar and to act up as if he had lost his horse sense. But Weldon said his plowhorse-pet had not had a snort for several weeks prior to his illness.

Two weeks ago Brownie became unsure of foot. Weldon called in two veterinarians but they couldn't help. Brownie died recently at an age equivalent to 104 in humans.

One of the vets said Brownie's death may have been caused by the "Staggers" or by sclerosis of the liver.

"Staggers" stems either from eating moldy, poisonous food or a virus carried by mosquitoes and the illness affects a horse's brain resulting in loss of coordination, explained the vet.

Now that Brownie isn't around anymore, Weldon figures he will have to be more watchful when he goes to town for a few drinks.

When the horse accompanied him, Weldon didn't worry about getting a little woozy—Brownie would pull him back in the wagon observing traffic lights without any guidance on the reins.

Once in his lifetime Weldon was nabbed for drunken driving. That was the time he left Brownie at home and drove a truck to town.

Magennis retired Tuesday after 44 years with Goodyear.

How Can I?

By ANNE ASHLEY

Q. How can I remove perspiration stains from fabrics?

A. On unwashables, these sometimes will yield only to dry-cleaning. But first try sprinkling some water - moistened cornstarch on the area, brushing this off when it has dried. On washables, if ordinary laundering fails to remove the perspiration stains, sponge the spots with vinegar.

Q. How can I make for more smoothness and glossiness when ironing starched pieces?

A. By stirring your starch three or four times while boiling with a paraffin candle.

Q. How can I renovate some sugar that has become hard and lumpy?

A. By putting it into the refrigerator for a day or two.

Stark County's Crime Probe Seen As Aid To State

COLUMBUS, Ohio (AP)—Atty. Gen. Mark McElroy said today the Stark County investigation of vice and crime assisted state officials in deterring gambling racketeering throughout the state.

In a letter to Canton Mayor Charles L. Babcock, McElroy said:

"As a result of the investigation in Stark County, an atmosphere against gambling racketeering was created in other areas of Ohio . . .

"We learned . . . that with misdemeanor penalties, law enforcement officials could, and would probably, spend the rest of their lives arresting the same gambling racketeers time and time again.

"The only deterrent to gambling racketeers was imprisonment — misdemeanor fines were merely 'paying their dues.' Thus were born the new 'tough' anti-gambling racketeering laws, now in effect in Ohio."

The strict laws, the attorney general said, have brought gambling in Ohio to an all time low.

"Other neighboring states have been flooded by an influx of former Ohio gambling racketeers, and movements are on foot in these states to pass laws similar to those initiated in Ohio," McElroy declared.

DiSalle Appoints 15 To Fair Commission

COLUMBUS, Ohio (AP) — Gov. Michael V. DiSalle appointed nine Democrats and six Republicans to a commission replacing the state fair division of the Ohio Department of Agriculture.

The Democrats (with term expiration dates in parenthesis) include Cyrus Franck of Oak Harbor (Dec. 1, 1966), Mary Ann Strava of Painesville (Dec. 1, 1963), Richard E. Troup of Pleasantville (Dec. 1, 1967), R. Fred Woodruff of Oxford (Dec. 1, 1965) and Merle L. Yeater of Ashland (Dec. 1, 1964).

Republicans include Emmett Bailey of Wilmington (Dec. 1, 1964), Bennett Junk of New Holland (Dec. 1, 1966) and James Hyslop of St. Clairsville (Dec. 1, 1965).

Snow, Cold, Strong Winds Hit Rockies

By The Associated Press

Wintry weather with snow, cold and strong winds hit areas in the Rockies today and headed into the North Central Region.

Temperatures dropped to near zero in parts of Montana and cold wave warnings were posted from Montana east of the Continental Divide into the Midwest.

The cold air from Canada moved southward over the Northern Rockies into Wyoming and the Western Dakotas. The cold wave warnings covered Nebraska, The Dakotas, Northwest Iowa, North Central Kansas, Minnesota, Montana and Wyoming.

A snowstorm, fanned by winds up to 50 m.p.h. swept into Montana and Wyoming Wednesday. Snow fell as far south as Northern New Mexico and Arizona.

In contrast, unseasonably mild temperatures were reported across the Central Plains and Upper Mississippi Valley during the night. A 200 to 300-mile wide belt of rain extended from West Texas into Minnesota and Wisconsin. Temperatures were in the 60s as far north as Iowa and Western Illinois. Rain of more than one inch for a six-hour period hit areas from Western Oklahoma into Eastern Kansas. Flood warnings were posted for smaller streams in the Kansas City area.

Clear weather prevailed in most of the eastern states, with temperatures ranging from freezing in New England to the 60s in the Southeast. Skies also were mostly clear in most of the Far West with readings around seasonal levels.

Cleveland Firm Gets Army Pact

CLEVELAND (AP)—The Army has awarded the Cleveland Ordnance Tank Plant a $3,628,000 contract to build about a half-dozen experimental models of the Army's full-track XM551 assault and reconnaissance vehicle.

The XM551 is a self-propelled unit which will mount the "shillelagh" missile system—a surface-to-surface anti-tank missile.

This the fourth contract awarded by the Army to the tank plant operated by the Cadillac Motor Car Division of General Motors Corp. The contracts total $33,014,301.

Cleveland Army Ordnance District spokesman said new jobs resulting from the latest contract will be limited to technical engineering positions for research and development.

Job openings for the four contracts are expected to total about 4,000. Production lines are expected to be in full production by next summer.

Wellsville Woman Wins Verdict Of $750

A Common Pleas Court jury Wednesday noon awarded $750 to a Wellsville woman after deliberating an hour and a half in her personal injury suit against the City Hospital for a fall out of bed.

Mrs. Pearl Wardles, 1806 Danbury Ave., claimed the hospital was negligent in failing to provide safeguards on the bed from which she fell while nurses were changing linen after she had spilled coffee. She suffered a broken arm.

Mrs. Wardles had asked $5,115 in the trial that began Tuesday morning before Judge Raymond S. Buzzard at Lisbon.

2 IN MEMORIAM

IN memory of a beloved daughter, Jane Obenour Calhoun, who passed away 3 years ago today. Each day, my dear, I long shall cherish Each hour spent with you. And though there really were quite many It seems there were so few. Each night, my dear, will be forever Imprinted on my heart, Until the time we need no longer To remain apart. Each dawn, my dear, will be recalling Moments that we had. And every precious second of them Will always keep me sad. Each dusk, my dear, I shall be haunted Anew with restless dreams Of velvet shadows in the evening And gold moonbeams. But as each season slowly passes Across the lonely years. At least it brings the knowledge That I am nearer, dear. Sadly missed by mother, dad and brother.

Cuban Refugees Plan Walk To Washington

MIAMI, Fla. (AP)—A group of Cuban refugees plans to start walking to Washington Sunday to ask President Kennedy to act against Fidel Castro's government.

Santiago Perez, a former captain in Castro's air force, said 100 refugees will leave Miami Sunday night on the 1,130-mile journey on foot.

New President Elected At Goodyear Firm

AKRON, Ohio (AP) — Richard V. Thomas has been elected to succeed Frank T. Magennis as president of Goodyear International Corp. and a director of the parent Goodyear Tire & Rubber Co.

Magennis retired Tuesday after 44 years with Goodyear.

How Can I?

By ANNE ASHLEY

Q. How can I remove perspiration stains from fabrics?

A. On unwashables, these sometimes will yield only to dry-cleaning. But first try sprinkling some water - moistened cornstarch on the area, brushing this off when it has dried. On washables, if ordinary laundering fails to remove the perspiration stains, sponge the spots with vinegar.

Q. How can I make for more smoothness and glossiness when ironing starched pieces?

A. By stirring your starch three or four times while boiling with a paraffin candle.

Q. How can I renovate some sugar that has become hard and lumpy?

A. By putting it into the refrigerator for a day or two.

It Was Miraculous

POTTSTOWN, Pa. (AP) — An auto was demolished Wednesday by a Pennsylvania Railroad train which dragged the car 330 feet. Sandra Petrick, 20, of Pottstown, driver of the car, suffered only a cut on the left arm.

Stark County's Crime Probe Seen As Aid To State

COLUMBUS, Ohio (AP)—Atty. Gen. Mark McElroy said today the Stark County investigation of vice and crime assisted state officials in deterring gambling racketeering throughout the state.

In a letter to Canton Mayor Charles L. Babcock, McElroy said:

"As a result of the investigation in Stark County, an atmosphere against gambling racketeering was created in other areas of Ohio . . .

"We learned . . . that with misdemeanor penalties, law enforcement officials could, and would probably, spend the rest of their lives arresting the same gambling racketeers time and time again.

"The only deterrent to gambling racketeers was imprisonment — misdemeanor fines were merely 'paying their dues.' Thus were born the new 'tough' anti-gambling racketeering laws, now in effect in Ohio."

The strict laws, the attorney general said, have brought gambling in Ohio to an all time low.

"Other neighboring states have been flooded by an influx of former Ohio gambling racketeers, and movements are on foot in these states to pass laws similar to those initiated in Ohio," McElroy declared.

DiSalle Appoints 15 To Fair Commission

COLUMBUS, Ohio (AP) — Gov. Michael V. DiSalle appointed nine Democrats and six Republicans to a commission replacing the state fair division of the Ohio Department of Agriculture.

The Democrats (with term expiration dates in parenthesis) include Cyrus Franck of Oak Harbor (Dec. 1, 1966), Mary Ann Strava of Painesville (Dec. 1, 1963), Richard E. Troup of Pleasantville (Dec. 1, 1967), R. Fred Woodruff of Oxford (Dec. 1, 1965) and Merle L. Yeater of Ashland (Dec. 1, 1964).

Republicans include Emmett Bailey of Wilmington (Dec. 1, 1964), Bennett Junk of New Holland (Dec. 1, 1966) and James Hyslop of St. Clairsville (Dec. 1, 1965).

End 2-Day Strike

Snow, Cold, Strong Winds Hit Rockies

By The Associated Press

Wintry weather with snow, cold and strong winds hit areas in the Rockies today and headed into the North Central Region.

Temperatures dropped to near zero in parts of Montana and cold wave warnings were posted from Montana east of the Continental Divide into the Midwest.

The cold air from Canada moved southward over the Northern Rockies into Wyoming and the Western Dakotas. The cold wave warnings covered Nebraska, The Dakotas, Northwest Iowa, North Central Kansas, Minnesota, Montana and Wyoming.

A snowstorm, fanned by winds up to 50 m.p.h. swept into Montana and Wyoming Wednesday. Snow fell as far south as Northern New Mexico and Arizona.

In contrast, unseasonably mild temperatures were reported across the Central Plains and Upper Mississippi Valley during the night. A 200 to 300-mile wide belt of rain extended from West Texas into Minnesota and Wisconsin. Temperatures were in the 60s as far north as Iowa and Western Illinois. Rain of more than one inch for a six-hour period hit areas from Western Oklahoma into Eastern Kansas. Flood warnings were posted for smaller streams in the Kansas City area.

Clear weather prevailed in most of the eastern states, with temperatures ranging from freezing in New England to the 60s in the Southeast. Skies also were mostly clear in most of the Far West with readings around seasonal levels.

Cleveland Firm Gets Army Pact

CLEVELAND (AP)—The Army has awarded the Cleveland Ordnance Tank Plant a $3,628,000 contract to build about a half-dozen experimental models of the Army's full-track XM551 assault and reconnaisance vehicle.

The XM551 is a self-propelled unit which will mount the "shillelagh" missile system—a surface-to-surface anti-tank missile.

This the fourth contract awarded by the Army to the tank plant operated by the Cadillac Motor Car Division of General Motors Corp. The contracts total $33,014,301.

Cleveland Army Ordnance District spokesman said new jobs resulting from the latest contract will be limited to technical engineering positions for research and development.

Job openings for the four contracts are expected to total about 4,000. Production lines are expected to be in full production by next summer.

Wellsville Woman Wins Verdict Of $750

A Common Pleas Court jury Wednesday noon awarded $750 to a Wellsville woman after deliberating an hour and a half in her personal injury suit against the City Hospital for a fall out of bed.

Mrs. Pearl Wardles, 1806 Danbury Ave., claimed the hospital was negligent in failing to provide safeguards on the bed from which she fell while nurses were changing linen after she had spilled coffee. She suffered a broken arm.

Mrs. Wardles had asked $5,115 in the trial that began Tuesday morning before Judge Raymond S. Buzzard at Lisbon.

2 IN MEMORIAM

IN memory of a beloved daughter, Jane Obenour Calhoun, who passed away 3 years ago today. Each day, my dear, I long shall cherish Each hour spent with you. And though there really were quite many It seems there were so few. Each night, my dear, will be forever Imprinted on my heart, Until the time we need no longer To remain apart. Each dawn, my dear, will be recalling Moments that we had. And every precious second of them Will always keep me sad. Each dusk, my dear, I shall be haunted Anew with restless dreams Of velvet shadows in the evening And gold moonbeams. But as each season slowly passes Across the lonely years. At least it brings the knowledge That I am nearer, dear. Sadly missed by mother, dad and brother.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: I'm a fellow 22 who is engaged to marry a girl 24. She admitted to one serious love affair before me, but refuses to say who the fellow is. She has gone with several attractive guys but only one was a real sweetheart.

If we are going to have a good life together, I think I should know all about her past. And I mean ALL. It's torture when we meet some of her old crowd and I find myself wondering, "Is HE the guy?"

I've told her all about my past affairs and I've held nothing back — including names and places. Isn't she being unfair? — FRANK.

-:-

Dear Big Mouth: Just because you came up with the names and numbers of all of the players doesn't mean that your fiancee should do the same.

She has confessed that there was someone before you — now forget it and quit nagging her for details.

If the fact that you aren't getting a white-flower girl is too much to bear, then tell her goodbye. I suspect you are too young for her in more ways than one. Find yourself a gal about 18 and maybe you'll be less tortured.

Uninvited Relatives

Dear Ann: My aunt and uncle moved to this city three months ago. They are decent people but, putting it bluntly, they are ignorant and boring. I can tolerate them alone but I hate to inflict them on our friends.

Last night this aunt and uncle dropped in — uninvited. I was just about to prepare snacks for a small group of invited friends. I sat on needles and pins for a solid hour and then I decided to be frank. I explained that our guests were expected soon and I had to excuse myself to prepare for them. They left with a hurt look. My husband says I should have asked them to stay. My aunt and uncle spoiled two other evenings for us by dropping in unexpectedly when guests were already present. I decided not to let it happen again.

My husband is annoyed with me. Who is right? — C.X.

-:-

Dear C. X.: Your husband probably will be annoyed with me, too, because I have no sympathy for people who drop in uninvited.

I think you were right in refusing to be trapped in your own home.

Talk Vs. Gossip

Dear Ann: We were having a discussion in our office recently and no one was able to come up with a satisfactory definition. We decided to turn it over to you.

What is the difference between light conversation and gossip? — THE GROUP.

-:-

Dear Group: Light conversation is an informal exchange of ideas. Gossip is an oral review of the affairs of others — generally of an intimate nature.

So-o-o, were you gossiping or talking?

Kennedys Host Trumans And Harry Offers Piano Solo

WASHINGTON (AP) — President and Mrs. Kennedy treated Harry S. Truman of Independence, Mo., to a very nostalgic evening at the White House.

And the 77-year-old former president had such a good time he even sat down at the piano himself and entertained some 40 dinner guests Wednesday night with a rendition of Paderewski's Minuet in G.

The visiting Trumans — Bess, Harry and daughter Margaret— got an unusual treat for an ex-presidential family, a night at their old home, the White House.

And the dinner party the Kennedys staged in their honor brought together many old friends and former officials of the Truman administration and stirred many memories.

Among the guests was former Secretary of State Dean Acheson and Harry Vaughan, who was Truman's military aide.

The Trumans broke the usual rigidity of the receiving line in the blue room by kissing and hugging old friends.

When Truman and his wife drove up in late afternoon to begin their visit they were met by the Kennedys and applauded by some 50 employes who had worked under Truman and still hold White House administrative posts.

Truman seemed so much at home that he took Kennedy's arm and guided him inside.

In the warm atmosphere, nobody seemed to notice that the Trumans were 15 minutes late.

Blatchford New President For Quartet Singers

Robert Blatchford was named president at the annual election of officers Monday night by the local Barbershop Quartet Society. He succeeds Don Schussler.

Other new officers are Glenn Hart, first vice president; Richard E. Smith, second vice president; Earl Salisbury, secretary; Sam Wolfe, treasurer, and Dean Manning, delegate.

The new officers will be installed Jan. 1. Dale Keddie, program chairman, announced the annual Christmas banquet will be Dec. 11.

Schussler conducted business. He reminded members that the various quartets and the chorus will present a "pocket parade" Saturday, Nov. 11, at the Beacom Memorial gym at Wellsville. The show is being sponsored by the Hillcrest Parent-Teacher Association.

Blatchford said the chapter will observe "Alumni Nite" next Monday by entertaining all past members.

William Brooks directed the chorus in songs following business. The meeting closed with a "round-robin" session. Refreshments were served by Wolfe and Bill Patterson.

5 Of Scout Unit Pass Tests For Tenderfoot

Five boys passed their tenderfoot requirements at a meeting of the Boy Scout Troop 43 Monday evening in the Pleasant Heights School.

They are James Freeman, Ben Baughman, Keith Brown, Joe King and Bill Montgomery. Jerry Hillyer completed merit badges to qualify for Eagle Scout.

Joe King celebrated his 11th birthday anniversary and the cake was donated by Mr. and Mrs. Carl King. Donald Wolfe, scoutmaster, provided cider and doughnuts.

Adults present were Lawrence Drumm, new institutional representative; Robert Gray, executive director of the Cherokee District; James Hillyer, assistant scoutmaster, and Earl Davis and Carl King, committee members.

Memorial Rites Set

GOLDSBORO, N.C. (AP) — Memorial services will be held Friday at Seymour Johnson Air Force Base here for eight crewmen of a B52G Stratofortress which disappeared over the Atlantic Ocean Oct. 15. Among the crew members was 1st Lt. Dean A. Upp of Greenfield, Ohio, the electronic warfare officer.

Welfare Chief Cuts Department Spending

WASHINGTON (AP)—Secretary of Welfare Abraham A. Ribicoff has ordered this year's spending plans of his department cut by about $101,945,000.

The ordered reductions, learned Wednesday, are in response to President Kennedy's directive to his Cabinet officers to trim spending for the current fiscal year.

Details of how the cuts were to be applied were not available.

ANSWERS YOUR PROBLEMS

Dear Ann Landers: I'm a fellow 22 who is engaged to marry a girl 24. She admitted to one serious love affair before me, but refuses to say who the fellow is. She has gone with several attractive guys but only one was a real sweetheart.

If we are going to have a good life together, I think I should know all about her past. And I mean ALL. It's torture when we meet some of her old crowd and I find myself wondering, "Is HE the guy?"

I've told her all about my past affairs and I've held nothing back — including names and places. Isn't she being unfair? — FRANK.
